set up fee per Single Number Group	£30.00 one-off fee
monthly access fee for Secondary Device	£3.00 monthly fee per User
SIM Cards supplied as part of Single Number	no charge

Existing Service Plans for the Primary and Secondary Devices are charged according to the matrix below:

Voice Service Plan	1 Higher charged	2 Both charged	2 Both charged
Data Service Plan	2 Both charged	1 Higher charged	2 Both charged

Solution Tariff	2 Both charged	2 Both charged	1 Higher charged, if same Solution. 2 Both charged, if not same Solution
------------------------	----------------	----------------	---

Calls, texts and other services will be charged as per your original Service Plans.

How to order

Completion of a Single Number Service Request Form (SN SRF). The Single Number Service shall be provided to the Users stated in each SN SRF accepted by Orange subject to these terms and conditions. You must provide SIM/IMEI/MSISDN numbers to Orange.

What's included	Connection of any two wireless Devices with a single number, single voice mailbox and single invoice in respect of airtime Charges
Minimum Term	30 days
user requirements	Two Devices (a Primary Device and a Secondary Device, at least one of which being Orange branded and already Connected to the Orange network) which are registered to the same account and joined together in a 'SN Group'.
Extra terms and conditions for Single Number	

The general specification for Single Number (which forms part of these terms and conditions) is at www.orange.co.uk/singlenumber. Devices are not included but Orange will provide a SIM Card free of charge on request where you have a second Device and need an Orange SIM Card. Such a Connection is not eligible for any Future New Connection Credit or any other Credit which may apply to your other Pay Monthly Connections.

SN Group

A SN Group is only created when the Primary Device and Secondary Device are under a single account in your name. 'Primary Device' means the Orange Device

comprising part of the SN Group, or where both Devices are Orange, the Device chosen by you as the primary Device. ‘**Secondary Device**’ means the non-Orange Device, or where both Devices are Orange the Device chosen by you as the secondary device.

SN Tariff

Each SN Group is subject to a SN Tariff, which is normally applied to the Device hosting the SN Group. Line 1 may only be grouped to Line 1 and Line 2 may only be grouped to Line 2. Where Devices are subject to different Service Plans, the SN Tariff will be the Service Plan Orange deems most expensive, usually determined as being: the higher of the existing monthly line rental charges, or (where line rental is zero in both cases) the higher of the existing Service Plans judged by reference to the User’s usage patterns. Unless otherwise specified, the Service Plan for each Device forming a SN Group is suspended whilst in the SN Group, and replaced by the SN Tariff. If Device is not used for a period of 2 months or more, Orange may, in respect of the period under assessment charge: (sum of the normal Service Plans for both Devices) less (sum of the SN Tariff and the Monthly Subscription). Pricing is based on the assumption that use patterns of Devices prior to being grouped should remain generally consistent after grouping, and Orange therefore reserves the right to terminate a SN Group without liability where usage of either Device decreases to a material extent (as a guide, usage falling below 50% of the prior average for a Device would be a material decrease). You will continue to be liable for any Charges you are already committed to under your Agreement during the use of Single Number. Any allowances under the existing Service Plans can be shared across both Devices in the SN Group, unless otherwise stated, and you will receive a single invoice in respect of airtime Charges across both Devices. Non-airtime Charges will be invoiced separately. A Solution-Specific Tariff here means a Service Plan designated by Orange from time to time as a tariff for use exclusively with specific Solutions, including without limitation, BlackBerry® for Business, Office Freedom, Sales Service Accelerator, Fleetlink, Business Everywhere.

Termination

Upon termination of a SN Group both Devices will revert to the terms applying prior to the SN Group being formed. Orange shall endeavour to return the original telephone numbers but it is acknowledged that Orange cannot guarantee such return. Where Orange has provided a SIM Card for the Secondary Device, this Connection will be Disconnected if not otherwise subject to a Service Plan other

than Single Number.

Restrictions

Not available with OVP, Talkshare, Animal Packages, Talk Now, Liberate or Friends and Family accounts, Talk Now or shared Service Plans. Will not work with the 3G Mobile Office Card or if a bar is placed on one of the subscriptions. Orange reserves the right to reject any application to form an SN Group in its absolute discretion.

Orange shall not be responsible for any loss, howsoever caused, from delays in barring lost or stolen Devices or the barring of the incorrect Device where you provide incorrect SIM /IMEI/telephone number information to Orange or swap SIMS during the course of the Single Number Service without informing Orange

Camera Data Plans (other than Business Lite Data Plan)

The monthly payment is for an allowance of UK mobile broadband data accessed using the 4GEE Capture Cam or 4GEE Action Cam. We will send you a text when data is running low (80% of the allowance used up) and when it has run out. If you run out and want to use data with your camera before your next bill date you will need to buy one of our data add-ons applicable for the relevant plan. The cost of the data-add on will be added to your bill.

Only the Business Shared Data plans are eligible for Sharing.

Additional terms apply:

- Business Connect plans are also subject to Business Connect plan terms.

- Business Data plans are also subject to 4GEE WiFi and Tablet Plan terms.
- Business Shared Data plans are also subject to the Business Shared Data plan terms.

See current EE Price Guide for Small Business at ee.co.uk/business/terms to view the above terms.

Business Lite Data Plan

You will need to purchase the 4GEE Capture Cam or 4GEE Action Cam at its full price upfront to be eligible for the Business Lite Data camera plan. A monthly charge of £1 applies to this plan for a 12 month Minimum Connection Period. There is no monthly data allowance with this plan, but when you purchase the plan you will get 1GB of UK data which will last for up to 30 days or until you have used the data (whichever comes earlier). You will then need to buy a new data add-on from us to continue to use data. The Business Lite Data camera plan is not eligible for Sharing.

4GEE Camera Terms & Conditions

These terms apply to customers purchasing the 4GEE Action Cam or the 4GEE Capture Cam (a “4GEE Camera”) on 4GEE Camera Data Plans, in addition to our standard network terms (available at ee.co.uk/business/terms).

The 4GEE Camera is available on selected pay monthly and pay as you use data plans only. Some pay monthly terms are eligible for Sharing and terms applicable to shared plans apply. All inclusive data is for use in the UK only.

3G or 4G coverage is required to stream from the 4GEE Camera. Live streaming will use your data allowance. 3G or 4G coverage is also required to use the internet (for example, to upload footage). You can only use internet on our 4G network with the camera if you are within a 4G enabled area and in range of a 4G base station. 4G is currently only available in select cities in the UK. The 4GEE Camera may not be compatible with any 4G network outside the UK. The ability to stream and performance of upload may vary due to network conditions. You can check your 3G and 4G coverage at ee.co.uk/coverage.

.....

If you don't use data in accordance with these terms and conditions or if you use your SIM card in another internet enabled device, for example a mobile phone, we reserve the right to withdraw your plan. We will also charge you for the additional services that you have used. More information about these charges is set out in this Price Guide and the Non-Standard Charges Price Guide for EE Small Business at ee.co.uk/business/terms.

The 4GEE Camera

The manual that comes with the 4GEE Camera will explain how to use it and you should only use it in line with those instructions given to you. You should take all normal necessary safety precautions for the activity you are filming and not take, or encourage anyone else to take, additional, unnecessary or irresponsible risks while using the 4GEE Camera. The 4GEE Camera is used at the user's own risk.

EE will not be liable for any injury or death when using the 4GEE Camera unless caused by EE's negligence. EE will also not be liable for any loss or damage you sustain using the 4GEE Camera that was not reasonably foreseeable by either us or you. Such losses may include any loss of income, business, profits, goodwill, anticipated savings or data, however caused. We also expressly exclude any liability for any loss or damage which may be incurred by you as a result of your breach of these terms.

Remember you should not film anyone who has expressed a desire not to be filmed.

If you use the 4GEE Camera to stream footage you will need to accept separate terms governing the use of any streaming service (currently Skeegle).

App

If you are downloading or using the 4GEE Action Cam app, the following terms and conditions will automatically apply.

A compatible Android or Apple device with compatible software is required to download and use the app. The app is free to download but data charges may apply when you visit the app store to download it or if we send the app software updates. The data allowance you get with your 4GEE Camera Data Plan does not apply to the app.

The app lets you remotely control the 4GEE Camera. Footage filmed on the 4GEE Camera can be downloaded and shared through the app.

The Action Cam app can be used for the purposes of your business, provided you only share or stream content that is generated by you or your business. You understand and agree that you are solely responsible for any content you stream or make available to others. You must ensure that any such content is not unlawful and does not infringe anyone else's rights (including another person's intellectual property rights). You are solely responsible and liable for any consequences of streaming or sharing your content.

Any app updates sent to you by EE must be downloaded in order for you to continue receiving the most up to-date functionality of the application. If you do not follow this reasonable advice, we are not responsible for any loss or damage that you suffer as a result of continuing to use the outdated version of the application.

EE does not represent or warrant that the app will always be available or that it will work perfectly. If you use this app to provide content to, or access content provided by any third party remember that they own that content and we are not responsible for what you see.

You are not allowed to copy the app or to send it on to anyone else. You are not allowed to modify the app, any part of the app, or our EE trade marks in any way. The app is provided by EE.

Skeegle

Skeegle is the video streaming platform used to stream the 4GEE Camera footage. EE reserves the right to provide an alternative live streaming service at any time. Full terms are available at skeegleapp.com. To share content via Skeegle, you will need to register using your valid Facebook account and mobile number. Using Skeegle will use your data allowance. Internet coverage is required to view streamed footage. The 4GEE Camera enables one way communication via streaming only.

Skeegle can be used for the purposes of your business, provided you only share or stream content that is generated by you or your business. You understand and agree that you are solely responsible for any content you stream or make available to others. You must ensure that any such content is not unlawful and does not

.....

infringe anyone else's rights (including another person's intellectual property rights). You are solely responsible and liable for any consequences of streaming or sharing your content.

Charges may apply for use of certain functionality within Skeegle.

501-1000MB of data	£50
1001 MB and over of data	£50 (fair use policy then standard rates apply)
<u>Extras:</u> Roaming in Zones 6 & 7 will be charged as follows for Users with an International Travel Pass:	Making a call: 95p per minute Receiving a call: 45p per minute Sending an SMS: 15p per SMS Data usage: 300p per MB

Extra Terms Applying to International Travel Pass

Eligibility: Only available to new Customers. Must be added at point of contract with EE. Not compatible with any other roaming bundle, promotion, offer or bespoke roaming pricing. Must be applied to every User on an account except where a roaming tariff with a recurring monthly fee has been included in the Customer's contract. In this case the tariff with the recurring monthly fee will be applied to the User instead of an International Travel Pass.

Charging: Charges only apply on days that the User uses voice or data whilst roaming. No charge applies when the User does not roam or if the User does not

use voice or data when roaming. No credit or refund will be given for any unused data in a Daily Bundle.

Any data usage over and above the data allowance in the applicable Daily Bundle will result in the User being automatically provisioned with a larger Daily Bundle. For example, 101MB of data used in Zones 1-5 will result in a daily charge of £10. 275 MB of data used in Zones 1-5 will be charged at £24.

Any group leader or sharer may take a Daily Bundle, however only that individual's usage will decrement their individual Daily Bundle. Group customers (including without limitation Talkshare and Your Group customers) may not share a Daily Bundle amongst the various Users.

Usage: A day begins at 00:00:00 hours and ends at 23:59:59 hours, using local time in the location in which the User first roams on that day. Each session of data roaming is rounded up to the nearest kilobyte. Unused data will not roll over into the next day.

Users can use their Daily Bundle for GPRS, 3G, HSDPA and browsing the internet (subject to availability) using their device or EE data card. Does not include event charges such as charges for the download of ringtones or games, or for the use of any services for which additional charges apply.

Cancellation: International Travel Passes can be removed at any time by providing at least 24 hours' notice. Standard roaming charges for any subsequent data and voice roaming will then apply.

EU Limits: All Users taking an International Travel Pass will be opted out of the EU roaming regulations with regard to voice and data. Should the Customer wish to be opted back in to the regulations, they should contact EE customer services.

Fair Use policies

Voice: If your contract with EE includes an International Travel Pass for voice usage then this fair use policy applies. Calls are designed for normal person to person use only. Calls of a duration of 90 minutes or more may be charged at EE's standard out-of-bundle rates. Redial to avoid standard charging. They are also not to be used for anything unlawful or to send nuisance communications. At the moment, we'll decide that you're breaking these terms if you call more than 300 different numbers in a month. Usage is only for calls to other mobiles and

landlines. Premium rate and 0800/070 and equivalent services excluded. We're free to decide that other types of use may also be breaking this term. We monitor use in accordance with our General Terms and Conditions and the terms in this Price Guide. If you do break this term, we'll contact you and ask you to stop and if you don't then we may disconnect your SIM card from our network

Data: Usage over 1,000MB in a day will initially not be charged any more than £50. However, if a User uses more than 1,000 MB per day on average over more than 5 days in any calendar month, EE reserves the right to ask the User to moderate their usage. If in any subsequent month the User uses more than 1,000 MB per day on average on more than 5 days in that month, EE reserves the right to charge the customer for any additional usage above the 1,000 MB at standard rates

Landline ("Landline") the Solution Terms

1. Interpretation

This Solution is provided in accordance with the Customer's Agreement with EE. The Landline Solution Description applies to this Solution and is available from EE on request. The parties shall agree a Statement of Requirements prior to provision of the Solution by EE. These documents form part of these Landline Solution Terms.

2. Landline – the Solution

2.1. A Minimum Connection Period applies to this Solution as set out in the

Commercial Terms or applicable Contract Change Note.

2.2. EE shall take all reasonable steps to make the Solution available to the Customer in the United Kingdom at all times until terminated in accordance with the Agreement. EE cannot guarantee to provide the Solution for all telephone numbers, including, for reasons associated with wholesale supplier processes, technical limitations in fixed networks or physical/geographical limitations. The Customer acknowledges that orders for Lines may not be completed. Where a Line cannot be Connected, EE will still process all Lines ordered by the Customer that can be Connected. References to "Lines" in these Landline Solution Terms are to each installation or supported active telephone number for which a Customer wishes EE to provide the Solution, and references to "Connected" shall be construed as references to Lines being connected to the Solution; "Disconnected" shall have a corresponding meaning. A reference to "Channel" means a facility to conduct inbound or outbound, two-way voice or data communication. A Line may have more than one Channel.

2.3. In exceptional cases, technical limitations within the wholesale supplier's network may not become apparent until after the Solution has been installed and used. In such circumstances, or where the wholesale supplier changes its operations, certain services may need to be revised or withdrawn and EE will provide as much notice as possible to the Customer and will rebate any relevant Charges paid in advance by the Customer for any withdrawn Service.

2.4. Requests for new Lines must be fully detailed in a Statement of Requirements and are subject to acceptance by EE and by the relevant wholesale supplier. New orders may be subject to an engineering visit or site survey.

2.5. Any requests for Line features or changes to service accepted by EE will be completed as quickly as possible, but EE's ability to do so may be affected by circumstances outside EE's control and there may be a delay in processing, for which EE accepts no liability.

2.6 The Customer gives EE authority to act as its agent in choosing the

wholesale supplier for the service for the Customer from time to time. If EE changes the wholesale supplier it will notify the Customer. By requesting service on a Line, the Customer consents to EE obtaining details of the equivalent service (and its features) from the Customer's previous service provider.

2.7 The Customer acknowledges and accepts that:

- a. the wholesale supplier may contact Users directly where necessary for the provision of the Solution and for operational or emergency reasons or in relation to nuisance calls;
- b. EE may disclose Customer information to the wholesale supplier for the purpose of providing information about the setup of network services at the Customer's premises and the wholesale supplier may share this information with a third party service provider; and
- c. The wholesale supplier may suspend access to any phone number advertised on the wholesale provider's phone box without its consent.

3. Charges

3.1 *Subscription Charge*: Each Line transferred to the Solution will be subject to a monthly Subscription Charge as set out in the Customer's Agreement or in the Price Guide. The Charge per Line is determined by the number of Lines transferred in the Customer's order. Any additional Lines transferred to the Solution in the future will be subject to the terms and conditions then in force and the number of Lines on the account will not be aggregated for the purposes of calculating the monthly Subscription Charge.

3.2 *Charging of Active Channels for ISDN line types*: For ISDN2, all Active Channels are charged as if separate Lines. For all other ISDN Lines, all Active Channels are also charged as if separate Lines, but are subject to the surcharge set out in the Price Guide at the time of ordering. All Active Channels on a Line must be transferred. Additional set up charges may apply if the number of Active Channels is changed. "Active Channels" means in relation to a Line, each channel on the Line (and in the case of ISDN30, which is activated for use).

- 3.3 Due to limitations in fixed line networks, Charges incurred in one month may not appear on the Customer's bill for that month and will be carried forward and billed in a later bill. EE may (but is not obliged to) limit the Charges the Customer may incur using the Solution. The Customer remains liable for Charges on its account even where they exceed any such limit.
- 3.4 The Customer will be responsible for discharging all charges levied by its current provider.
- 3.5 Where EE agrees to provide new Lines, Installation Charges will be payable for their installation and set-up. Charges may apply for calling and network features. Occasionally, the wholesale supplier may notify that 'exceptional charges' may apply due to the circumstances of the installation, and the Customer shall be liable to pay for those charges if it asks EE to proceed with the relevant order. All such charges will depend upon the prices charged by the wholesale supplier at the time that the order is placed. If the Customer fails to meet an agreed installation date and/or cannot agree a new installation date within 30 days of the previously agreed date, EE reserves the right to cancel the order and charge an administration fee.
- 3.6 In addition EE reserves the right to charge an administration fee:
- If a Line cannot be Connected because the Customer provides incorrect information or fails to discharge its obligations under the Agreement;
 - If the Customer requires a site visit to investigate a fault but the fault is not attributable to the EE Network or wholesale supplier's network.
- 3.7 Additional terms and conditions applicable to Customers who have taken the Enterprise Tariff:
- Minimum Spend:* The Customer acknowledges that the offer for the Landline Solution set out in the Initial Order or applicable Contract Change Note is made on the basis that the Customer has agreed to receive each Line for its Minimum Connection Period and achieve the Minimum Spend for the Minimum Connection Period. If the

Customer takes the Solution for longer than the Minimum Connection Period it must achieve the Minimum Spend for so long as the Solution remains in place and the Customer wishes to take the Enterprise Tariff. If the Customer fails to achieve the Minimum Spend, the Customer shall pay EE any outstanding Minimum Spend upon expiry of the Minimum Connection Period or termination of this Solution, or a pro-rated sum on earlier request by EE where a review of the expenditure by EE has revealed a shortfall. No expenditure from Services, mobile use or Solutions will be taken into account in the calculation other than those payable under this Solution.

- Migration* Upon expiry of the Minimum Connection Period, the Customer may migrate from the Enterprise Tariff by providing a written request to EE, and the Customer will then be migrated to EE's then standard published Charges for the Landline Solution as set out in the then current Price Guide. The Customer will still be liable to pay for any shortfall in the Minimum Spend as set out above for the period up until migration.

4 Customer Obligations

- 4.1 The Customer cannot use any form of indirect access enabling outgoing calls to be routed via networks not operated by EE or the wholesale supplier on any Lines to which the Solution is being provided and must disable all other indirect access codes operating on such Lines at its own cost.
- 4.2 The Customer warrants to EE that it shall:
- provide a suitable and safe working environment for EE and its agents, suppliers and Sub-contractors while at the Customer's premises;
 - ensure that any equipment and/or software previously installed for the purpose of routing calls to a third party service provider will be disabled to allow calls to route across the Network;
 - not knowingly use or allow the Services to be used in breach of a third party NDA or obligation; and
 - take all reasonable steps (including testing with the latest commercially available virus detection software) to ensure that any Software supplied

or used in connection with this Solution is not affected with viruses, logic bombs, worms or other malware.

- 4.3 The Customer shall indemnify EE for any claim, loss or expense suffered by EE arising out of any act or omission of the Customer under or in connection with this Landline Solution. The limitations and exclusions of liability contained in clause 22.2 of the General Terms and Conditions for Business Customers do not apply to this indemnity.

5. Term and Termination

- 5.1 The following Termination Charges shall be payable by the Customer for early termination of this Solution for each Line: Subscription Charge per month x number of months remaining in the Minimum Connection Period for that Line. Where the Customer has ISDN, each Active Channel will be separately subject to the Termination Charges. Where the Customer ceases to use a Line completely (i.e. it is Disconnected and not transferred to another service provider), then the Termination Charges shall be capped at £20 for each Active Channel.
- 5.2 Upon Disconnection of any Line from the Solution, the Customer acknowledges that future service to the Disconnected Line may not be possible unless the Customer has made alternative arrangements with another telephony service provider.

6. Other

- 6.1 EE will not be held liable for any Customer losses as a result of restrictions placed on the Customer's account for security reasons. The Customer must ensure that Customer Equipment used with the Solution is protected by suitable security and anti-virus measures.
- 6.2 Technical Support is provided with this Solution as described in the Solution Description.

Solution Terms for Fibre Broadband and Broadband

1. Interpretation

The Broadband and/or Fibre Broadband Solution (as set out in the Customer's Commercial Terms or relevant Contract Change Note) is provided in accordance with the Customer's Agreement with EE. The term "Solution" is used in these Solution Terms to refer to Broadband and/or Fibre Broadband as appropriate. There is no Solution Description applicable to this Solution. The parties shall

agree the Broadband/Fibre Broadband Statement of Requirements prior to the provision of the Solution by EE. The Statement of Requirements forms part of these Solution Terms.

2. Definitions

"Broadband Line" means the BT (Openreach) direct exchange telephone landline(s) for which the Customer wishes EE to provide the Solution. Broadband Lines can be purchased from EE in accordance with the Landline Solution Terms.

References to "Connected" shall be construed as references to Broadband Lines being connected to the Solution; "Connection", "Disconnection" and "Disconnected" shall have a corresponding meaning.

3. Broadband and/or Fibre Broadband - the Solution

3.1. Services & Equipment

- a. The Customer must have and maintain for the term of this Solution a Broadband Line/s and where necessary have compatible equipment installed at the relevant premises. If the Customer does not comply with this requirement, EE may terminate the Customer's order or terminate this Solution without liability. The Solution cannot be provided for certain Broadband Lines such as Broadband Lines which are part of NTL, Telewest or Kingston Communication number ranges. Broadband Lines can be checked for compatibility by calling 0800 0790 147. Dynamic IP addressing is provided; no static IP addressing can be allocated.
- b. New Broadband Lines must be ordered in accordance with the Landline Solution Terms (referred to above) and are subject to acceptance by EE and by the relevant wholesale supplier. New orders of Broadband Lines or Broadband Connections may be subject to an engineering visit or site survey.
- c. The Customer is responsible for ensuring that it has the necessary equipment to use the Broadband Line and for the installation of such

equipment. EE will supply wireless router Equipment with installation where the Customer selects this Solution option. EE reserves the right to supply Equipment that may have been refurbished. Where EE is installing equipment, each User must arrange a mutually convenient installation date with EE's installers by calling 0870 9500 967. EE's standard installation services comprise: setting up and configuration of the wireless router equipment onto the Broadband Line and enabling (where the User's equipment supports wireless connectivity) the wireless security access control (using an available wireless encryption key); connecting up to two devices to the internet via the equipment with either the Ethernet cable supplied and/or wirelessly if the User's equipment is wirelessly enabled; and demonstrating internet connectivity to the User on the Broadband Line.

- d. Where applicable EE will supply and provide Connection of Fibre Broadband Equipment. Connection of Fibre Broadband or migration from another provider of fibre broadband (where possible to do so) will always require an onsite engineer appointment. The Customer must give EE at least 72 hours' notice if an engineering appointment cannot be kept. If the Customer fails to meet an agreed appointment date and/or cannot agree a new date within 30 days of the previously agreed date, EE reserves the right to cancel the order and charge £100.

3.2. Connection

- a. Connection of a Broadband Line to the Solution is conditional upon EE:
 - i. confirming that the Broadband Line is in an area which can receive the Solution;
 - ii. performing a satisfactory telephone line test; and
 - iii. successfully activating the Solution on the Broadband Line.
- b. EE will not be liable for any delay in providing the Solution or Connection of any particular Broadband Line. EE cannot guarantee to provide the

Solution for all telephone numbers, including for reasons associated with processes of the Customer's wholesale supplier of the lines, technical limitations in fixed networks and physical/geographical limitations. The Customer acknowledges that orders for Broadband Lines or a Connection to a Broadband Line may not be completed. If a Broadband Line cannot be Connected, EE will still process those Broadband Lines that can be Connected. In exceptional circumstances, technical limitations may not become apparent until after a Broadband Line has been Connected and used. In such circumstances, EE may need to withdraw or revise certain services. EE will provide as much notice as possible to the Customer and will rebate any relevant Charges paid in advance by the Customer for any such withdrawn service.

3.3 Migration of broadband Connection(s) from current provider

- a. Any charges payable by the Customer or User to its current broadband provider if it migrates to EE remain the Customer's or User's liability.
- b. To migrate a Broadband Line from a previous provider, the Customer must provide a Migration Authorisation Code (MAC) to EE and the connection on the Broadband Line must be in the Customer's name. If it is not, then by placing an order with EE the Customer confirms that the User:
 - i. consents to the transfer of broadband services on that Broadband Line from the current provider to EE;
 - ii. consents to the new supply being under a contract between EE and the Customer, and not directly with the User, and that if the User leaves the Customer's employment, the Connection/s on the relevant Broadband Line/s may be withdrawn;
 - iii. consents to the transfer even though it may result in disconnection charges being payable by the User to a previous provider; and

- iv. acknowledges that title in any equipment used in connection with the existing Broadband Line will pass to the Customer and not the User.

EE may require the Customer to provide written evidence of the above consents.

3.4 Warranties

a. Wireless Router Warranty

EE will repair or replace (at its discretion) any wireless router Equipment supplied by EE that is found to be defective due to faulty materials or workmanship within 12 months from delivery, save that this warranty shall not apply to:

- i. accidental or malicious damage, theft or other loss or damage to the wireless router Equipment;
- ii. any defect arising from the Customer's or a User's incorrect installation or use of the wireless router Equipment;
- iii. normal wear and tear; or
- iv. the level of performance of the wireless element of the Equipment, which may be affected by conditions outside EE's control, including without limitation the position of the Equipment's installation at the User's premises, the distance between the Equipment and the wireless adaptor and any interference with radio signals that may arise at the premises.

Any replacements by EE under this warranty will be made with refurbished products of a similar specification at EE's discretion and subject to the original Equipment being returned to EE (at EE's cost). A new unit must be purchased by the Customer at List Price for defects not covered by this warranty. The Customer is responsible for the installation of any Equipment repaired or replaced under this warranty.

b. Installation Warranty

EE warrants that installation Services will be free from defects in workmanship for 7 days from completion of the installation. If the installation Services are found to have defects in workmanship in this period, EE will correct the defect within a reasonable time. This warranty is not applicable to damage or problems caused by:

- i. incorrect service, installation, use, modifications or repair by the Customer, a User or any party not authorised by EE;
- ii. any person (except EE and its installers) or an external force;
- iii. any defective Customer Equipment or any other equipment (other than the Equipment);
- iv. any software or other product not supplied by EE or its installers; or
- v. works and adjustments carried out on the Broadband Line by the wholesale supplier during the installation warranty period.

3.5 Other

- a. *Speeds:* Fastest download speeds of the Solution are up to 76Mb/second for Fibre Broadband and up to 14Mb/second for Broadband. Speeds vary depending on the pricing option chosen, the EE broadband Network area, the Broadband Line quality and distance from the exchange.
- b. *Additional features:* EE may bundle the Solution with additional facilities, such as a web-email account and website building tools. Such facilities are provided to the Customer on an "as is" basis and can be withdrawn by EE at any time.

4. Charges

4.1 Subscription Charges:

- a. *Options without Wi-Fi router installation:* The monthly Subscription Charges start to apply 4 Working Days after Connection to allow for installation by the Customer. After that period, the Subscription Charges will be payable notwithstanding any failure by the Customer to arrange installation.
- b. *Other options:* Subscription Charges are payable from the date the Broadband Line is Connected.

4.2 Occasionally the wholesale supplier may notify that 'exceptional charges' may apply due to the circumstances of a broadband installation, and the Customer shall be liable to pay for those charges if it asks EE to proceed with the relevant order. All such charges will depend on the prices charged by the wholesale supplier at the time that the order is placed.

4.3 If the Customer fails to meet an agreed installation date and/or (where required) cannot agree a new installation date within 30 days of the previously agreed date, EE reserves the right to cancel the order and charge an administration fee of £75 in the case of Broadband and to charge the Customer the full Fibre Broadband Connection Charge in the case of Fibre Broadband.

4.4 EE also reserves the right to charge an administration fee of £75:

- a. if a Broadband Line cannot be Connected because the Customer provides incorrect information or fails to discharge its obligations under the Agreement; or
- b. if the Customer requires a site visit to investigate a fault but the fault is not traced to the Installed Equipment; or is not attributable to the EE Service or the EE Network or wholesale supplier's network.

5. Customer Obligations

5.1 The Customer may request relocation of the Solution (or part of it) from one premises to another where a User relocates. Such relocation is only permitted in relation to the same User and EE may charge an administration fee for the relocation. If the Solution cannot be provided at the new premises, EE will Disconnect the Connection on the Broadband Line/s and Termination Charges will not apply to that Disconnection/s.

5.2 EE may contact Users directly in connection with the Solution.

6. Term and Termination

6.1 If a relevant landline telephone account on the Broadband Line is terminated by the Customer or a User changes the services on a Broadband Line so that the Solution is unable to operate normally, EE may Disconnect the Solution from the relevant Broadband Line and the Customer will be liable for Termination Charges.

6.2 The following Termination Charges shall be payable for early termination or Disconnection of this Solution from a relevant Broadband Line:
Subscription Charge per month x number of months remaining in the Minimum Connection Period for the Connection of the Solution to the relevant Broadband Line.

6.3 Upon Disconnection of any Broadband Line from the Solution, the Customer acknowledges that future service to the Disconnected line may not be possible unless it has engaged an alternative service provider.

7. Technical Support

In this clause 7, "Standard Support" means the Standard Support Service for Large Business Customers the terms and conditions for which are set out in the EE Large Business Price Guide available on request from EE or at www.ee.co.uk/business/terms. If the Customer meets the eligibility criteria set out in the Standard Support Solution Terms, Standard Support applies to this Solution as relevant in addition to or as amended by the terms set out below.

The Customer can obtain support from EE for this Solution by calling 0800 0790 147 during support hours. EE does not support any equipment not provided by EE. Fault diagnosis and the extent of support possible may be dependent upon the type of equipment used. The Customer may be asked to provide technical and account contact details. These contacts may be contacted out of hours, including weekends, to deal with any account or security issues that may arise.

8. Solution restrictions and limitation of liability

8.1 Liability

Without prejudice to any other provisions in the Agreement relating to limitations of liability, EE will not be liable (including liability for negligence) for faults in or failures of the network or equipment of other providers of telecommunications services.

The Customer shall indemnify EE for any claims, losses, expenses or damages suffered by reason of any act or omission of the Customer under or in connection with this Solution or the Agreement. The limitations and exclusions of liability contained in clause 22.2 of the General Terms and Conditions for Business Customers do not apply to this indemnity.

8.2 Security

EE will not be liable for any Customer losses as a result of restrictions placed on the Customer's account for security reasons. The Customer must ensure that all Customer Equipment used with the Solution is protected by suitable security and anti-virus measures.

8.3 Limitations

In exceptional circumstances, certain services may be incompatible with or will not be available with the Solution. The Customer should contact EE to discuss any concerns. EE accepts no liability for these limitations.

Content Add-Ons

All Add-Ons

On 24 Month Business Plans that include inclusive Add-ons, you will receive a text message inviting you to click on a link within 24 hours of joining. This link will take you through to a mobile page where you can select the inclusive add-on you want. You'll be re-directed to an app store to download your selected service or if the service is not an app, then you'll be linked directly through to the mobile service (data usage will decrement from your data allowance). After you've had the add-on for 30 days you can change it for one of the other add-ons on offer. You can do this all through the EE mobile homepage.

If you're not entitled to a free add-on, or want more than one, you can also buy access to them through the EE mobile homepage. You'll always be able to get to add-ons by using the EE Mobile destination links, or by going to <http://addons.ee.co.uk>. You can choose, change or cancel add-ons at any time. They will be activated after you buy them and the cost will then be added to your bill every month until you ask us to remove it. We can't provide a pro-rata refund when a multimedia product is cancelled or removed, but you will be able to continue to access the product until the end of the 30-day subscription period that you have paid for.

You'll need a compatible device and an internet connection (where applicable). Remember, you may need to browse the internet to download or use the add-ons,

so usage will decrement your data allowance. Use is also subject to coverage, our network management policies and the fair use policies for Wi-Fi set out in your Pay Monthly price plan terms and conditions. Third parties provide these multimedia products and we can't promise they will always be available or that they will work perfectly. Remember these third parties own the content of these products and we are not responsible for what you see. You may be asked to accept software updates at any time, and you must download these updates to keep getting the most up to-date functionality. Multimedia products are for UK use only. Any data use outside the UK will decrement any roaming data allowance you have.

Games You'll get 2 games each month to keep from the full Gameloft catalogue of games. You'll be notified when there are game updates available for download (data usage will decrement from your data allowance). Not available on any Apple® Devices.

Music (Deezer Mobile) You have access to 18 million music tracks to stream or listen to offline through the Deezer app on your phone (data usage will decrement your data allowance). Before you start you'll need to create a Deezer account. Just remember, you can't transfer or copy any tracks from your mobile to a different device or recording media and if you remove this service, any tracks stored to your mobile will be deleted. Deezer's music catalogue may be subject to change for reasons beyond its control and Deezer may use cookies to deliver their music streaming services to you. For more information on this and the other terms that apply, see www.deezer.com.

Mobile TV You can watch selected TV channels live on the go via your mobile phone. You cannot pause, stop, rewind or fast forward the TV, and content from the TV cannot be stored on any device. All usage will decrement the data allowance from your Pay Monthly plan. You must be covered by a current valid colour TV Licence in order to access all channels comprised within the Mobile TV add-on.

Clone Phone App Service

If you're downloading or using the Clone Phone app, the following legal stuff will automatically apply to you.

If you're an EE, Orange or T-Mobile pay monthly customer and want to add one of our Clone Phone packages to your mobile phone account, sign up in store or online when you join us; or call 150 for free at any time from your Orange, T-Mobile or EE phone. If you're a consumer customer, you'll only be able to buy the Clone Phone Fully Loaded package directly from EE, Orange or T-Mobile; it won't be available from our indirect partners.

The cost will be added to your next bill and then every bill each month. Clone Phone Lite and Clone Phone Loaded will remain on your account and can be cancelled at any time by calling 150 but if you buy Clone Phone Fully Loaded you'll need to promise to buy the product for at least three months. Clone Phone Lite is included for EE customers on selected EE mobile plans. Remember, when you cancel any Clone Phone products you'll have seven days to download any content back on to a PC before we delete it from our online storage and you won't be able to download content onto your phone after that.

You'll need to download the Clone Phone app which is offered to consumers for their personal use in the UK and to Small Businesses for their personal and business use in the UK. You'll need a compatible Android or iPhone to download the app - see ee.co.uk to check if your phone is compatible. The app is free to download but data charges may apply when you visit the app store and download the app or if we send the app software updates.

Clone Phone products give you an allowance of online storage for the content on your phone. Remember, these services are for content that you have created or generated yourself and EE does not authorise you to upload any content that belongs to a third party. The content is yours and we will only process it for storage and retrieval purposes. You are not allowed to use the Clone Phone app for transmitting or receiving information or data which is illegal or which breaches confidentiality undertakings or is in breach of intellectual property rights. We reserve the right to remove or disable access to content that infringes third party rights and/or that is illegal from our online storage. We may access and/or disclose to third parties information about your account and/or information

transmitted to us via the Clone Phone app if legally required to do so or if necessary to enforce and/or investigate any non-compliance with these Clone Phone app terms or other terms and conditions which apply to the use of the Clone Phone products; or enforce our rights, or protect our property, or the safety of our employees or agents, our customers or the public. EE may, in its sole discretion, suspend and/or terminate Clone Phone accounts of users that are in breach of these Clone Phone app terms.

You'll need mobile internet coverage to clone your contacts and calendar data, and WiFi coverage to clone your music, video and pictures. Remember, you can clone content that is stored on your handset and/or a memory card (but not content solely saved on your SIM card). *If you're outside of the UK your content will still back up if you have data roaming enabled. This could result in higher-than-expected charges.* Follow the instructions in the app to clone the content on your phone and set up any automatic or manual back-up settings. You can upload any digital content from your contacts, calendar, photos, video and music folders except music files from iPhones or any content protected by third party digital rights management, for example, music files from iTunes, Spotify and Deezer and movie files from EE Film Store.

You are responsible for taking all appropriate measures to protect your own device and or other equipment, data and/or software from infection by any viruses or third party intrusion. You will need to set up an account to be able to log in to the Clone Phone app and you will need these log-in details to view the content from your other devices. You are entirely responsible for maintaining the confidentiality of this information (including your password) and for any activity that occurs under your account if you fail to keep this information secure and confidential. You agree to notify us immediately of any unauthorised use of your account or password, or any other breach of security. If you are not yourself a subscriber to Clone Phone products, you confirm that you are acting with the direct authority of the subscriber when processing any data or using the Clone Phone app.

Download content onto a replacement phone by texting "clone" to 778899. You will be asked to confirm your phone number and the password you gave us when you downloaded the app. If your package includes our Find-My-Phone service, you'll be able to locate your phone, lock it remotely, sound an alarm, wipe the content and return it to its factory settings if you lose the phone by logging into

Clone Phone here www.ee.co.uk/clonephonelogin and follow the instructions. If you have an iPhone you won't be able to use the lock, alarm or wipe services. Remember, you'll need to set up Find-My-Phone in the app before you can use it, so follow the instructions after you download the app. To use this feature, you will need to enable GPS on your phone. You can always decide to switch GPS off and stop using this feature.

If you take our Clone Phone Fully Loaded package, you'll need to have a phone and pay monthly mobile plan from EE, Orange or T-Mobile and these additional terms with our insurance provider, Allianz, will apply www.ee.co.uk/business/terms. Please take time to read the insurance and warranty terms. Remember, to get a replacement phone within 24 hours you'll need to call and your claim to be accepted before 7.30pm. 24 hour offer excludes customers living in Northern Ireland, Isle of Lewis, Inverness, Isle of Arran, Orkney Isles, Hebrides, Perthshire, Isles of Scilly, Shetland Isles and Isle of Wight.

If you need more online storage in addition to the allowance in your Clone Phone package, you'll need to buy a Clone Phone add-on – check out the terms in www.ee.co.uk/terms.

We may ask you to accept updates of the app and/or these terms at any time, and you must download these updates in order to continue receiving the most up-to-date functionality of the application. - If your Device develops a fault that You believe qualifies it as Faulty under this Service You should contact EE by calling us on 150 from Your EE phone or 07953 966 250 from another phone. EE will carry out an initial over-the-phone diagnosis and if the Device appears to be Faulty EE will arrange to provide a replacement Device and/or collect Your Faulty Device for repair or examination. EE may at its discretion require You to return Your original Device for examination before a repair or replacement is authorised or issued. Any repairs must be undertaken by or with consent of EE and/ or their agents.

Where Your Claim was received before 07.30pm, EE will endeavour to provide a replacement Device and/or collect Your Faulty Device for repair or examination next day except for:

- i. deliveries to Northern Ireland, Isle of Lewis, Inverness, , Paisley, Isle of Arran, Orkney Isles, Hebrides, Perthshire, Isles of Scilly, Shetland Isles and Isle of Wight; and
- ii. Bank Holidays and exceptional circumstances

The next day service is also subject to delivery slot availability. Deliveries may be made any time between 7am and 10 pm on the next day. Specific timeslots/appointments are not available.

Where a replacement has been supplied the original Device is EE's property and must be returned to EE— if You fail to do so then You will be charged the list price for the replacement. You should retain any removable memory cards that you use in Your Device.

You may be charged the EE list price for any Device which is damaged rather than Faulty.

Replacement of any Device will only be made with an EE product and may be from refurbished stock that has been tested and is fully functional. A replacement

Device may be of a different model to that sent for repair, provided that such a replacement will be (in EE's reasonable opinion) of a similar specification.

Replacements will normally only be made of that part of Your Device which is Faulty so if the handset were faulty You will be provided with a replacement handset but You would retain the original battery, charger and SIM Card.

In the event of a claim You are only entitled to repair or replacement (at the option of EE) of Your Device. There is no entitlement to any refund or compensation.

Any replacement Device will continue to be covered by this policy for remainder of the period that the policy applies to Your Service Plan (i.e. up to a maximum of 24 months from the date that you first registered your original eligible Device on the Network).

Delivery Charges

- The Service includes the cost of delivery of a replacement Device.
- The Service does not include the cost of aborted deliveries, for example, where You are not available to accept a replacement Device or the Faulty Device was not available for collection at a pre agreed time and place. EE reserves the right to charge You for aborted deliveries. The current charge is £16.67.

6. In Life Changes

If You make any changes to Your Account that mean Your Device is no longer eligible for the Service then the Service will cease from the point at which Your Device became ineligible.

If You change Your Device it is Your responsibility to check that it can still be covered by Faulty Replacement Service.

7. Upgrading

Your old Device will no longer be covered by the Service from the point of Upgrade. *The Service only applies to Your most recently Upgraded Device.*

The Service is available for EE Branded Devices and Qualifying Non-Branded Devices.
