Life's for Sharing

Points to note.

- As a T-Mobile customer on a pay monthly plan, **you will receive a regular bill**. All monthly charges and inclusive minute allowances you receive will be proportionate to part months used, except where this would conflict with our agreement with you.
- **Per minute charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call.
- On the bill, the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure.
- **Free voicemail retrieval** applies to the retrieval of messages when using the T-Mobile service in the UK.
- Calls between two T-Mobile (UK) phones on the same billing account and enabled with **Partners** will be charged at half the usual rates.
- Diverted calls are charged at the local or national fax/data call rate or, if appropriate, the relevant mobile or special number rate for fax/data calls. Diverted calls are not included in any inclusive time you may have.
- Additional charges may apply whilst using your T-Mobile phone abroad.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.t-mobile.co.uk/whatitcosts or our 'Non standard charges' leaflet.
- T-Mobile reserves the **right to vary or withdraw** any individual or additional service with 30 days' notice.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
