For Orange SME Price Guide:

Roaming: From 15 June 2017, roaming changes mean that some roaming benefits and charges may differ from what was in your original plan. Customers on Orange small business mobile voice & text and mobile broadband plans will be able to use their minutes, texts and data allowances at no extra cost when roaming in our Europe Zone, which currently includes: Austria, Azores, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Canary Islands, Denmark, Estonia, Finland, France, French Guyana, Germany, Gibraltar, Greece, Guadeloupe, Guernsey, Hungary, Iceland, Ireland, Isle of Man, Italy, Jersey, Latvia, Liechtenstein, Lithuania, Luxembourg, Madeira, Malta, Martinique, Mayotte, Monaco, Netherlands, Norway, Poland, Portugal, Reunion Islands, Romania, San Marino, Saint Martin (French), Saint Barthelemy, Slovakia, Slovenia, Spain, Sweden, Switzerland and Vatican City (Italy).

Note: Turkey (you may connect to a Turkish network in Northern Cyprus) and Andorra are outside the EU/EEA and not included in our European Roaming Zone.

The countries listed above replace any European countries that may have been included in your plan. This means that some European countries, such as Andorra and Faroe islands, may no longer be included in your plan. Note that non-European countries such as USA and those in our Business Zone, will stay as part of your plan where they were included. Countries included in IDD (International Direct Dial – calling abroad from the UK) are unchanged and will remain in your plan if they were originally included.

If you had any EU only data allowance in your price plan, this will no longer apply now that you can use your domestic data allowance when roaming in our Europe Zone.

Calls & texts: When you're roaming in our Europe Zone, you can check your voicemail, use your minutes & texts allowance to call and text customers of UK mobile networks and UK landlines starting with 01, 02 & 03; and you can also call and text customers of mobile networks in our Europe Zone. You'll be charged the same rate in our Europe Zone as in the UK for any calls or texts outside your allowance. Unless you have an international calling allowance or add-on, you still cannot use inclusive minutes to call and text customers of EU mobile networks and EU landlines when in the UK. Calls to premium rate numbers in the EU will be charged at your normal plan rate.

Data: If your plan's domestic data allowance is greater than 15GB, a fair usage policy of 15GB whilst roaming in our Europe Zone will apply (i.e. you can use up to 15GB from your allowance while roaming). If you use up your UK data allowance while you are abroad in our Europe Zone, you will pay the same for data as you would in the UK.

To help you manage your spending, you may have data usage capped at €50 data per month in our Europe Zone. If you do, this will remain in place for data used when roaming, including in the EU. Users will get instructions on how to remove the cap whilst roaming, or you can call customer services at any time on 345 from your Orange handset or 07973 100 345 from another line.

Speed: Data speeds outside the UK always depend on the network you connect to and 3G may or may not be available. We aren't responsible for the speeds or coverage users get outside the UK. As in the UK, coverage and speeds will vary depending on the user's location, the number of people on the network and other factors such as weather and geography.

Stable links: These roaming benefits are available to UK based customers only and our plans are intended for customers and users with a stable link to the UK who travel abroad periodically. We will consider a user to have a stable link to the UK if they spend a total of 60 days or more during any 120 day period within the UK. If

usage of the plan abroad in the EU/EEA exceeds this, they will be alerted by text, and after a 2-week period we may charge a surcharge for further use of services or block the SIM card and roaming services. We'll give notice before we do anything.

The surcharges are as follows:

Item	Price (Ex VAT)
calls - outbound	2.7p/minute
calls - inbound	0.9p/minute
SMS	0.8p/SMS
data	0.65p/MB

In limited circumstances, customers may be required to pay a deposit to activate roaming on their account – this includes EU and non EU countries. To check you are set up for roaming, you'll need to call customer services on **07973100345** before you travel.

See www.ee.co.uk/euroam-sb-ouk for more details.

Part 1 – Voice & Text Service Plans

You will no longer be charged for calls to numbers beginning 0800, 0808 or 116. For calls to numbers beginning 084, 087, 09 and 118, please see our current pricing information available [here](#), which, due to Ofcom's reforms, may differ from that in your original price plan. For calls to these numbers you will be charged EE's access charge of 37 pence per minute excluding VAT and the applicable service charge, [click here](#).

Insurance and Protection

To be eligible to purchase Insurance and Protection from EE, you must have bought your device through one of EE's direct sales channels and be on a compatible service plan.

Choose from two Insurance & Protection products: Damage Cover for Business or Full Cover for Business. Both products include insurance (provided by Allianz plc). See the full terms at ee.co.uk/business/terms under 'Insurance and Warranty' for further information.

You can add these products to your account when you take out your plan with EE. If you are already a customer and want to add either a Damage Cover for Business or Full Cover for Business to your account you'll need to call customer services.

You'll be charged for your product each month and the cost will be added to your bill. If you add one of our Insurance & Protection products part way through a month the cost will be pro-rata'd. You'll need to call customer services to remove it. If you leave EE then your Insurance & Protection product will be cancelled automatically.

With the exception of the terms and conditions of insurance, we can change the terms, change the charges or withdraw the products at any time. We will try to give you notice of such changes.

This offer is only available if you upgrade to a plan on EE (not for upgrades on Orange or T-Mobile plans). It is not available for customers with a tablet device and some plans may be excluded. Once you've used your early upgrade benefit you'll have to wait at least 6 months before being able to get another early upgrade benefit. Additional terms apply to upgrading early, see ee.co.uk/business/terms. We may change or withdraw this benefit at any time without notice.

You are responsible for settling any outstanding payments or termination fees with your existing landline provider. Certain types of telecommunication lines such as (but not limited to) Private Branch Exchange (PBX) and Integrated Services Digital Network (ISDN) lines cannot be ported across to Pocket Landline. Once a landline is ported, it will no longer ring on the relevant fixed phone and there will be no dial tone on that fixed phone. Any existing services on that fixed line number (e.g. Broadband, inbound and outbound voice calls, BT Redcare and alarms) will terminate and Orange is not liable for any losses, damages, costs or expenses arising from or in any way connected with the termination of such services.

If you have only purchased technical support on a portion of your BES Express Connections, Orange reserves the right, with prior notification to you, to add the technical support product to the remainder.

7.4 You are responsible for providing a first level of support to Users through your own IT Helpdesk and shall ensure that your IT Helpdesk personnel are properly trained to enable you to comply with your support obligations.

7.5 If your IT Helpdesk is unable to resolve an issue it may escalate the issue to Orange's BlackBerry® Support Team. You must notify Orange of the names of your IT Helpdesk personnel before calls are placed to Orange's BlackBerry® Support Team.

7.8 Where appropriate Orange's BlackBerry® Support Team will make any BES, or BES Express fixes and security patches released from time to time available to you or advise you where such updates may be downloaded from. Any upgrades which may become available from time to time will be brought to your attention by Orange's BlackBerry® Support Team. Orange reserves the right to charge you for the provision of any upgrades to BES. BES Express upgrades are available for download from <http://uk.blackberry.com/business/software-and-services/blackberry-enterprise-server-express/requirements-and-specifications.jsp>

7.9 If you have an existing BES or BES Express Server Orange will only provide support for that BES or BES Express Server if you transfer all of your existing Users to Orange or, in the case of you using dual suppliers, if it transfers at least 50 of your existing Users to Orange.

7.10 Orange shall have no responsibility for faults which in its reasonable opinion result (directly or indirectly) from:

Orange's BlackBerry® Support

Team may require the User to remove any third party Application before attempting to diagnose a reported fault. Orange's BlackBerry® Support Team will not be responsible for facilitating dialogue between the User and any Application developer.

7.12 Devices purchased from another network operator cannot be covered under the insurance propositions sold by Orange or provided on behalf of Orange, as described at www.ee.co.uk/business/terms. In the event of such faulty device the BlackBerry® Support Team can offer technical support to: (i) BES Express customers where you have purchased support from Orange; and (ii) to BES customers. However you will need to purchase a new device from Orange if repair is required or contact your previous network operator, from who you bought the device.

Faulty Replacement Service for Orange Business

(Version 1.3)

(Previously known as Faulty Replacement Service)

1. What is it?

The Faulty Replacement Service for Orange Business (the "Service") covers against Devices that are Faulty as set out below.

The Service is additional to, and does not affect, the legal rights that You may have under the general law against the retailer of the Device (which may or may not be Orange) or under any separate warranty offered by the manufacturer of the Device.

This is an optional Service provided with an eligible Device with specified Business Service Plans. Please check your Business Service Plan terms and conditions to see if it includes the Service. The Service cannot be bought as a separate service from Orange.

The Service is subject to these terms and conditions (which supersede any previous terms and conditions for the Service). Orange may amend these terms and conditions from time to time.

The Service is available for Orange Branded Devices and Qualifying Non-Branded Devices.

You cannot have the Service and Phone Care or EE's insurance propositions covering the same Device at the same time – during any period that EE's insurance proposition is active on a Device, the Service will not apply.

2. Defects caused by faulty materials or workmanship

If Your Device is Faulty, Orange will (at its option) repair or replace it at no charge provided that:

- Your Device is not more than 36 months old from date of manufacture; and
- Your Device has been used in accordance with the manufacturer's operating instructions and any operating instructions issued by Orange; and

- All repairs have been/are arranged by Orange; and
- You comply with these terms and conditions and the terms of Your Agreement; and
- the Device is registered and connected to the Network in Your name under a current Agreement; and
- You continue to meet the eligibility requirements of this Service.

3. Service period

The Service starts when you register the Device on the Network. The Service continues for the period specified in your Business Service Plan, or if none is specified, the Minimum Term for the Business Service Plan subject to a maximum of 24 months.

The Service will also end if:

- the Business Service Plan ends; or
- the Device is no longer part of a Business Service Plan which includes the Service; or
- the Agreement under which Your Device is Connected is terminated; or
- the Device is not registered on the Network; or
- You are in breach of Your Agreement or Your Device is suspended or terminated for any reason; or
- Your Device is more than 36 months old.

Once the Service expires or ends, it cannot be extended.

4. What is not covered by this service?

The Service does not cover:

- Device accessories which are not integral to or connected to the Device such as wrist straps, carry cases or styluses which may be covered by the manufacturer's warranty, if any;
- Batteries which are more than 6 months old;

- Your Apple product for the period it is covered by the manufacturer's warranty;
- Your Device for loss, theft or damage. If You need this cover, please ask Orange –other Orange products that can provide this type of cover.

The Service is not available if You are:

- not a Business Customer
- on a Consumer Price Plan
- on a SIM only connections
- on PAYG
- On any Service Plan that expressly excludes the Service

These terms and conditions do not cover network services. Network service is subject to Your Agreement.

Your Device will not be repaired or replaced where there is a fault or defect caused by or consists of:

- **(wear and tear)** – normal wear and tear rusting or oxidation or other deterioration due to normal use or exposure or atmospheric or climatic conditions;
- **(manufacturer's guarantee or warranty)** – something specifically excluded under the terms of the manufacturer's guarantee or warranty for the Device or is the subject of a manufacturer's recall of faulty products;
- **(network service)** – breakdown or interruption of the network service;
- **(unauthorised maintenance or faulty workmanship)** – damage during any testing, repairing, adjusting, servicing or maintenance operation or caused by improper or unauthorised repair, maintenance or modification;
- **(cosmetic damage)** – damage which does not impair the normal functions of Your Device;
- **(manufacturer's instructions)** – disregard of the manufacturer's instructions for operation and care of Your Device;

- **(Orange Device - specific limitation)** – anything that Orange has stated to You as not being covered under the terms of the Service;
- **(content, software and data)** – Your content, software and data on Your Device may be lost as a result of repairs or replacement under the Service. You must ensure that You have backups. Orange is not liable for any such losses.

The Service does not cover You for Loss of use or consequential loss of any kind (for example loss of business/unauthorised calls).

Your account with Orange must be paid up to date in accordance with Your Agreement. The Faulty Replacement Service will cease immediately if any account with Orange is not paid when it is due unless the non-payment is due to a delay caused by a processing error by a clearing bank or due to a genuine dispute over amounts due on Your account.

If You or anyone acting on Your behalf makes any false or fraudulent claim or supports a claim by providing false or fraudulent documentation, device or statements, this Service shall be void and You will forfeit all rights under the Service and all cover will cease.

6. Repairs & Return of Device to Orange

Where a replacement has been supplied the original Device is Orange's property and must be returned to Orange– if You fail to do so then You will be charged the list price for the replacement.

Orange may at its discretion require You to return Your original Device for examination before a repair or replacement is authorised or issued.

You may be charged the Orange list price for any Device which is damaged rather than Faulty.

If Your Device is Faulty Orange will, at its option, repair or replace the Device. Any repairs must be undertaken by or with consent of Orange and/ or their agents.

Replacement of any Device will only be made with an Orange product and may be from refurbished stock that has been tested and is fully functional. A replacement

Device may be of a different model to that sent for repair, provided that such a replacement will be (in Orange's reasonable opinion) of a similar specification.

Replacements will normally only be made of that part of Your Device which is Faulty so if the handset were faulty You will be provided with a replacement handset but You would retain the original battery, charger and SIM Card.

In the event of a claim You are only entitled to repair or replacement (at the option of Orange) of Your Device. There is no entitlement to any refund or compensation.

Delivery Charges:

- The Service includes the cost of delivery of a replacement Device.
- The Service does not include the cost of aborted deliveries, for example, where You are not available to accept a replacement Device at a pre agreed time and place. Orange reserves the right to charge You a fee of £13.27 for aborted deliveries.

7. In Life Changes

If You switch between Business Service Plans both of which include the Service, then the Service will continue unaffected. If You switch to a Business Service Plan which includes the Service from one which did not, then You will be covered by the Service from the point of switching service plans. If You switch from a Business Service Plan which includes the Service to one which does not, then the Service will cease from the point of switching service plans.

If You make any changes to Your Account that mean Your Device is no longer eligible for the Service then the Service will cease from the point at which Your Device became ineligible.

If You change Your Device it is Your responsibility to check that it can still be covered by Faulty Replacement Service.

8. Upgrading

If You Upgrade Your Device and/or start a new Business Service Plan, Your entitlement to the Service will depend on whether Your Device continues to meet the eligibility criteria detailed herein. Your old Device will no longer be covered by

the Service from the point of Upgrade. *The Service only applies to Your most recently Upgraded Device.*

Any personal information provided by You may be held by Orange, or other third parties engaged by Orange in connection with the provision of this Service. This may involve the transfer of Your information to countries which do not have data protection laws.
