This Price Guide and the terms and conditions in here will apply to Customers who have signed up to any of the included Service Plans or Service Plan Add-Ons or purchased any of the products set out below directly from EE, or through one of our indirect partners (only a limited selection of Service Plans and Service Plan Add-Ons are available from our indirect partners). Any applicable Solution Terms set out below will take precedence over the other terms of this Price Guide in accordance with clause 1.1 of the General Terms and Conditions for Business Customers.

The information in here was correct at the time of publication. We will keep it up to date and will notify you of any changes where the terms of our agreement with you would require us to do so. Don't forget that if you do have any questions you can call us on 158 from an EE mobile or 07973 100 158 from any other phone.

Please see Part 10 (Terms and Conditions) for general rules applicable to all Service Plans and Service Plan Add-Ons and details of the allowances and fair usage policies which apply. All unlimited offers are subject to a fair usage policy.

EE is a brand of EE Limited, with registered offices at Trident Place, Mosquito Way, Hatfield, Hertfordshire, AL10 9BW.

Part 1 – Voice Service Plans

Core Business Plan

Pricing will be as set out in your Agreement.

Minimum Connection Period: as stated in your Agreement with EE. Leaders under this Service Plan can add up to 1500 sharers per account subject to payment of a monthly sharer fee per sharer. No minimum call charge applies. Core Business Plan minute bundles can only be attached to this Service Plan. Each minute bundle may be added to an account up to 10 times but cannot be removed or changed during the Minimum Connection Period. Migrations to a different Service Plan or different Service Plan level, re-signs or upgrades are not permitted during the Minimum Connection Period. Includes 3000 minutes per User per month of calls between all sharers unless Service Plan with no calls between users is chosen. The ‘calls to EE & Orange mobiles’ and ‘calls to UK landlines’ options each include 3000 minutes per User per month of relevant call types. Where the Data only option is selected, voice will be barred. Choice of voice benefit cannot be changed during Minimum Connection Period. Any airtime discounts on bundles specified in your agreement apply only to the bundles contracted in your Agreement. Any subsequent airtime bundles (voice, data, or SMS) added during the term of your Agreement (including bundles of the same size as those contracted) will be charged at List Price. Discounts on plan charges set out in your Agreement do apply to any additional connections you add. This service plan includes Answer Phone access from within the UK and itemised billing at no additional charge.

4GB	£38.00	
8GB	£42.50	
16GB	£52.50	
32GB	£62.50	

Minimum Term of 24 months, or as specified in your Agreement with EE. Calls and texts are from within the UK to UK mobile numbers, and to UK landlines starting 01/02/03 (excluding Jersey, Guernsey, and the Isle of Mann). Out-of-bundle calls will be charged at EE's standard rates. These plans cannot be added to a shared talk-plan, and are for normal person to person use from your phone. We monitor use in accordance with our General Terms and Conditions and the terms in this Price Guide. The terms state that you can't use these plans to sell access to our network to anyone else. They are also not to be used for anything unlawful or to send nuisance communications. At the moment, we'll decide that you're breaking these terms if you text or call more than 300 different numbers in a month. Remember, we're free to decide that other types of use may also be breaking this term. If you do break this term, we'll contact you and ask you

to stop and if you don't then we may disconnect your SIM card from our network.

Details and terms for these data bundles are set out in Part 5 of this Price Guide: Handset Data Bundles.

Your Plan

Pricing will be as set out in your Agreement.

Minimum Connection Period: as stated in your Agreement with EE. Leaders under this Service Plan can add up to 1,500 sharers per account subject to payment of a monthly fee per sharer.

Migrations to a different Service Plan, re-signs or upgrades are not permitted during the Minimum Agreement Term. Any airtime discounts on bundles specified in your agreement apply only to the bundles contracted in your Agreement. Any subsequent airtime bundles (voice or data) added during the term of your Agreement (including bundles of the same size as those contracted) will be charged at List Price. Discounts on plan charges set out in your Agreement do apply to any additional Connections you add.

All out of bundle usage is charged at EE's standard rates.

Shared Data Option

The sharer fee for the Your Plan shared data option enables 4G access and basic security as included with the super secure 4GEE Starter plans. For terms and conditions of super secure starter, please refer to the relevant section later in this price guide.

UK Unlimited calls package

Minimum Term of 24 months, or as specified in your Agreement with EE. Unlimited calls and texts are from within the UK to UK mobile numbers, and to UK landlines starting 01/02/03 (excluding Jersey, Guernsey, and the Isle

of Man). Out-of-bundle calls will be charged at EE's standard rates. These plans are for normal person to person use from your phone. At the moment, we'll decide that you're breaking these terms if you text or call more than 300 different numbers in a month and/or 3,000 minutes or SMS in a month. Remember, we're free to decide that other types of use may also be breaking this term. If you do break this term, we'll contact you and ask you to stop, and if you don't then we may disconnect your SIM card from our network.

Any connections without the unlimited calls package will be charged at standard rates.

Roaming

The Customer understands and agrees that by taking this service plan it will be opted out of the EU roaming regulations with regard to data. The roaming option chosen (individual user or shared option) is specified in your agreement with EE and you may not change option during the Minimum Agreement Term. The roaming options are not compatible with any other roaming bundle, promotion, offer or bespoke roaming pricing.

Roaming individual user option

If selected, the Roaming Individual option will be applied to every User on an account.

Roaming Voice

Allowance	Daily Bundle Charges
Unlimited incoming and outgoing voice minutes and SMS within Zones 1 and 2	£1.50 per day
60 minutes of incoming and outgoing voice calls in Zones 3-7	£7.50 per day

Charges only apply on days that the Users access voice or SMS services whilst roaming. No charge applies when the User does not roam or if the User does not access voice or SMS services when roaming. No credit or refund will be given for any unused data in a Daily Bundle. A day begins at

00:00:00 hours and ends at 23:59:59 hours, using local time in the location in which the User first roams on that day. Any group leader or sharer may use a Daily Bundle, however only that individual's usage will decrement their individual Daily Bundle, Usage is decremented per second.

Unlimited calling allowances are designed for normal person-to-person use only. . At the moment, we'll decide that you're breaking these terms if you call more than 300 different numbers in a month. We're free to decide that other types of use may also be breaking this term. We monitor use in accordance with our General Terms and Conditions and the terms in this Price Guide. If you do break this term, we'll contact you and ask you to stop and if you don't then we may disconnect your SIM card from our network. Calls of a duration of 90 minutes or more may be charged at EE's standard out-of-bundle rates. Redial to avoid standard charging. Usage is only for calls to other mobiles and geographic landlines. Premium rate and 08/070 and equivalent services will be charged at EE's standard rates.

Calls from zones 1-2 made to zones 3-7, SMS in zones 3-7 and calls in zones 3-7 after 60 minutes usage are charged at standard rates.

Roaming Data

Allowance	Monthly Bundle charge in Zones 1-2
50MB of data	£3 per month
51-100MB of data	£6 per month
101-250MB of data	£12.50 per month
251-500MB of data	£25 per month
501-1024MB of data	£50 per month
1025MB and over of data	10p per MB

Allowance	Monthly Bundle charge in Zones 3-7
25MB of data	£12.50 per month
26MB – 50MB of data	£25 per month
51-100MB of data	£50 per month
101-250MB of data	£100 per month

251-500MB of data	£200 per month
1025MB and over of data	£2.50 per MB

Charges only apply in a billing period that a User accesses mobile data services whilst roaming. Any unused allowances will expire at the end of a billing period and will not be rolled over. Each session of data roaming is rounded up to the nearest kilobyte.

Any data usage over and above the data allowance in the applicable monthly bundle will result in the User being automatically provisioned with a larger monthly bundle. For example, 101MB of data used in Zones 1-2 will result in a monthly charge of £12.50.

Any group leader or sharer may take a Monthly Bundle, however only that individual's usage will decrement their individual monthly Bundle.

Usage: Users can use their monthly Bundle for access to mobile data (subject to availability) using their device or EE data card. Does not include event charges such as charges for the download of ringtones or games, or for the use of any services for which additional charges apply. No credit will be given for any unused data Roaming in Bundle

The individual user option for data roaming comes with SMS alerts which alert the user once they have moved to a new stepped bundle. Note that delivery of SMS alerts are subject to foreign networks, over which EE has no control, and therefore cannot be guaranteed.

Landline to Mobile Calling Package (Mobile Voice VPN Indirect Access)

(formerly known as OWE and Orange Wirefree Extension Indirect Access)

Landline to EE & Orange mobiles	Landline to other networks (including T-Mobile)
3.0p / min	5.5p / min

Solution Terms for Landline to Mobile Calling Package

(Mobile Voice VPN Indirect Access only)

1. Interpretation

This Solution is provided in accordance with the Customer's Agreement with EE. The Mobile Voice VPN Solution Description applies to this Solution and is available from EE on request. The parties must agree a Statement of Requirements prior to provision of the Solution by EE. These documents form part of the Landline to Mobile Calling Package Solution Terms.

2. Definitions

Fixed Wireless Terminal means a unit which allows connection between the Customer's PBX and the Network.

Frequently Called Number means a maximum of two locations where no Leased Line or Fixed Wireless Terminal is installed or which has been

configured for Indirect Access. Each number must have UK geographic dialling code. Once any number is nominated, such number can only be changed once per year.

Indirect Access or **IA** means the method of using BT’s infrastructure from Customer premises to the exchange to access Service by dialling IA Code (five digit prefix number).

Leased Line means a point to point transmission link which delivers a fixed, symmetric bandwidth between its two end points.

Mobile Extension means a mobile device (including a mobile SIM Card used in a Fixed Wireless Terminal) which has been allocated a public and/or private number as part of the Customer’s Mobile Voice VPN numbering plan.

Private Branch Exchange or **PBX** means Customer's internal telecommunication equipment.

Standard Support means the Standard Support Service for Large Business Customers the terms and conditions for which are set out in the EE Large Business Price Guide available on request from EE or at www.ee.co.uk/businesssterms.

3. Landline to Mobile Calling Package – the Solution

3.1 Requirements for Solution Provision

The following items are needed for the Customer to receive the Solution:

Customer to purchase	Indirectly Access and Small/Home offices	BT exchange lines installed on each of its PBX sites or Small/Home offices from which it wishes to make calls.
	Programming	Programming of PBXs or other Customer Equipment to route calls to the EE Network.

3.2 Connection Requirements

Indirect Access and Small/Home offices: By agreement with EE the number of Small/Home office extensions installed at Customer’s premises can exceed the number of EE Devices used by Customer. Customer enters IA Code prior to making each call or re-programmes the Indirectly linked office PBX to set the IA Code as a prefix. Non-BT exchange lines at Customer’s premises or Small/Home offices cannot support this access method.

4. Customer Obligations

- 4.1 The Customer shall ensure at its cost that Customer Equipment is installed, correctly configured and programmed to receive the Services.
- 4.2 The Customer may be required to assist EE in the completion of a configuration spreadsheet for this Solution. This spreadsheet does not form part of the Customer’s Agreement with EE.

5. Technical Support

- 5.1 This clause 5 only applies where the Customer is eligible for Standard Support. If the Customer meets the eligibility criteria set out in the Standard Support Solution Terms, Standard Support applies to this Solution in addition to or as amended by the terms set out below and in the Solution Description.
- 5.2 Fault response times commence from the time a fault has been properly notified to EE by the Customer and EE has identified the source of the fault (EE will use reasonable endeavors to accept the fault within 2 hours of notification of the fault by the Customer).
- 5.3 EE will use reasonable endeavors to rectify faults within Time to Restore Service (TTRS) specified in the Mobile Voice VPN Solution Description. TTRS will be suspended whilst EE is awaiting the Customer’s response or action, or that of a Customer supplier. EE will keep the Customer informed of any changes to the fault response timescales and TTRS ends when EE reports the system is fully restored.

5.4 Contact details for the Customer's First Line Support (as described in the Standard Support Solution Description) shall be set out in the Landline to Mobile Calling Package (Mobile Voice VPN Indirect Access only) Statement of Requirements and changes shall be promptly notified to EE. Contact details for EE are set out in the Standard Support Solution Description.

6. Termination

The following Termination Charges shall be payable by the Customer for early termination of this Solution: Subscription Charges x number of months remaining in the Minimum Connection Period for this Solution.

7. Limitations

Emergency services cannot be accessed using the Solution and EE accepts no responsibility whatsoever for the handling of emergency calls. In the event that the emergency services number (112 or 999) is dialled with the IA Code, a recorded message will be played directing the user to re-dial without dialling the IA Code.

Part 2 – Data Service Plans Mobile Broadband

Data Allowance	Price per User per month (4G Access)	Monthly Spend Cap	12 months	24 months	Out of Bundle
2GB	£12	£50	MBB / Tablets available at full RRP	FOC USB dongle	2.5p / MB capped at £50 per month

256GB	£512	£1,100			
512GB	£1,024	£1,400			

All 4GEE service plans include access to EE's Double Speed 4G at no extra cost, providing download speeds of up to 60Mbps in areas where Double Speed 4G has been enabled.

24 Month Subsidised Tablet Plans

Data Allowance	3G Data Access
1GB	£23.00
4GB	£27.50
8GB	£32.00
16GB	£45.00
32GB	£55.00

Extra Terms applying to Mobile Broadband and Subsidised Tablet Plans

A 4G compatible Device is also required and Users must be within range of a 4G base station. If the Customer is upgrading to 4G from a 3G service plan, a new SIM Card will be required to use 4G services. 4G is currently only available in select cities in the UK. Not all services offered by EE are compatible with 4G. Contact us or see individual Solution Terms for details.

The Customer's out-of-bundle spend will be capped at the specified limit per User per month. Customers may continue to use mobile data services after reaching the price cap, but if EE considers the Customer's usage to be excessive beyond the price cap then EE reserves the right to restrict access to mobile data services for the remainder of that billing cycle to protect our network for all our Users. If excessive usage beyond the spend cap is continued month-on-month, EE reserves the right to migrate the Customer to a more appropriate service plan level.

Data tariffs may be used to make internet phone calls ('VoIP'). The Customer may use mobile internet for phone for peer to peer file sharing but access speeds will be slower than usual as EE monitors its Network to protect it for all customers. Please see the network management policies on our website for more information.

If using a mobile Wi-Fi device, Users can have additional Wi-Fi enabled devices (such as a mobile phone, laptop or tablet) registered to the mobile

Wi-Fi device to use the mobile broadband signal. Remember, the more devices are connected to the mobile Wi-Fi device at the same time, the slower the internet connection will be on each connected device.

These plans are for normal person to person use. Without limitation, you shall not use these plans to provide a backhaul for a public WiFi service, for machine to machine purposes, or for anything similar. You shall not use these plans to sell access to our network to anyone else. If you are in breach of this rule EE may either move you to a more suitable tariff (and in which case your account manager will contact you to discuss the options that are available to you), or Disconnect the relevant Connections (in which case Termination Charges might apply).

*If this charge applies it will be stated in the Customer's Agreement with EE.

EE may vary the Additional Charges, or introduce other Additional Charges for account management purposes from time to time.

Please note that if an individual User is paying by recurring credit card authority or direct debit on a Corporate account then payment will automatically be taken (in the case of direct debit) or charged (in the case of credit cards) 25 days after an invoice has been raised – irrespective of what the contractual payment terms are

Part 4 – Voice Service Plan Add-Ons

Unlimited Calls & Texts to EE, Orange & T-Mobile

£5.00 per User per month for unlimited calls and text messages to all EE, Orange, and T-Mobile numbers from within the UK.

Extra Terms

The Unlimited Calls to EE, Orange & T-Mobile bundle must be applied to all voice Connections on your account. Once this Add-On has been applied to your account, it cannot be removed for the duration of your Agreement. Unlimited calls & texts are designed for normal person to person use only. Calls of a duration of 90 minutes or more may be charged at EE's standard out-of-bundle rates. If a Connection contacts over 1000 unique numbers in a month, EE reserves the right to Suspend that Connection.

Calls to EE and Orange bundle

What's included	Calls within the UK to EE and Orange mobiles within the UK, subject to a fair use policy of 3,000 minutes per User per month

EE Pocket Landline

Choose how many numbers or mobiles you need on the service:

Product	Description	Monthly charge
Pocket Landline One-to -One	Allows one UK Pocket Landline number to be routed to your existing EE business UK mobile - great if you're a sole trader.	£10
Pocket Landline Many to One	Choose more than one UK Pocket Landline number, all routed to a single EE business UK mobile - perfect for promoting separate aspects of your business or widening your geographical customer base	£10 per landline number
Pocket Landline One to Many (up to five mobiles)	Ideal for larger businesses who want to manage inbound calls across a team - one UK Pocket Landline can be routed to up to 10 EE business UK mobiles	£15
Pocket Landline One to Many (up to 10 mobiles)		£25

Callers phoning the Pocket Landline number will be charged at standard landline rates. Outbound voice calls made on a Device associated with

Pocket Landline will be charged as a standard voice call in accordance with your voice Service Plan. Whilst you are abroad, Pocket Landline calls you receive will incur Roaming Charges as per your Service Plan.

What's Included

Provision of one or more fixed landline numbers and intelligent routing of inbound calls terminating on an EE or Orange mobile. Routing and availability of the landline number(s) can be managed via a web accessible on-line portal

Minimum Connection Period

Minimum Agreement Term (as stated in your Agreement) or the remainder of that Minimum Agreement Term where Pocket Landline is added during the term of your Agreement.

Extra terms and conditions for Pocket Landline

Maximum of 10 landline numbers and/or mobile numbers can be added. Pocket Landline number(s) will cease to exist upon Disconnection. Pocket Landline numbers are subject to availability and will be allocated on a first come first served basis. Pocket Landline options: one-to-one (one UK landline number linked to one EE mobile); many-to-one (more than one UK landline number linked to one EE mobile); one-to-many (one UK landline number linked to up to UK Orange or EE mobiles depending on plan). Roaming Charges apply as per your Service Plan if any Device associated with Pocket Landline is used abroad.

Porting-In

Existing landline numbers can be ported in for use as a Pocket Landline number. Porting-in requests may be cancelled on 3 working days' written notice prior to communicated porting date, and EE will confirm receipt of

any such request. Porting can take up to 15 working days and EE cannot guarantee a port request can be concluded. You are responsible for settling any outstanding payments or Termination Charges with your existing landline provider. Certain types of telecommunication lines such as (but not limited to) Private Branch Exchange (PBX) and Integrated Services Digital Network (ISDN) lines cannot be ported across to Pocket Landline. Once a landline is ported, it will no longer ring on the relevant fixed phone and there will be no dial tone on that fixed phone. Any existing services on that fixed line number (e.g. broadband, inbound and outbound voice calls, BT Redcare and alarms) will terminate and EE is not liable for any losses, damages, costs or expenses arising from or in any way connected with the termination of such services.

Porting-Out

Porting-Out a mobile number to another service provider will terminate the Pocket Landline number associated with the mobile number and the Pocket Landline service will be terminated.

Porting-Out can only be requested by you asking your new service provider (and not EE). Your new service provider would be responsible for managing the porting-out process on your behalf. You are responsible for all costs associated with porting out.

Portal

Computer and internet access is required for use of Portal (Portal can also be accessed via smartphone device and active data connection). You are responsible for configuration of the Pocket Landline service via the Portal and EE accepts no liability for any losses incurred or arising from your use of the Portal. EE reserves the right to change passwords or suspend access to the Portal at any time to protect the security of Pocket Landline or to stop any suspected abuse.

WiFi Calling

With Wi-Fi Calling, Users with a compatible Device can make and receive calls and send and receive SMS in the UK over compatible Wi-Fi networks, as if they were connected to the EE mobile network.

All calls made or texts sent using WiFi Calling will be charged as per the EE Service Plan set out in the Customer's agreement with EE or in the EE Price Guide for Large Business. Calls and SMS will appear as normal in the Customer's itemised bill.

EE firmware must be installed on a compatible Device for Wi-Fi Calling to be enabled. Devices originally purchased from other operators and some indirect resellers (even where the Device is listed as WiFi Calling compatible) may not work with EE's WiFi Calling solution.

Eligible Customers will have the WiFi Calling add-on automatically applied, or can request WiFi Calling be added at no additional cost. Customers can remove the add-on from individual Connections at any time by contacting EE on 158.

Requirements

To be eligible for WiFi Calling the Customer must have a compatible EE Device with up-to-date software, a 4GEE data bundle, and a voice service plan.

Users will see a WiFi Calling icon on the phone when WiFi Calling is ready to use. WiFi Calling will then work when Users are connected to a suitable WiFi network. The Wi-Fi connection process and behaviour of Wi-Fi Calling will depend on the Device. Some Devices may only use WiFi Calling if you have no signal at all on the EE mobile network. The Customer should check the specifications of its Devices.

The Customer shall ensure its Users are using any WiFi network in line with its terms and conditions. Users may be charged by the WiFi provider for access to the WiFi network.

Restrictions

EE cannot accept any responsibility for the quality, security, availability, internet connection or coverage of WiFi networks and any calls made or received over them.

EE cannot guarantee that all services will behave in exactly the same way when a User is connected to Wi-Fi Calling as they do on the mobile network.

A Wi-Fi call requires approximately 50Kbps of bandwidth, but a minimum internet speed of 2Mbps is recommended.

EE cannot recommend Wi-Fi Calling as a solution for large offices and any such use shall be at the Customer's sole risk and responsibility to configure and support the network, bandwidth, quality, handover between multiple access points and firewall configuration. EE cannot accept any responsibility for any impact to networks over which Wi-Fi Calling is permitted.

WiFi Calling is not compatible with EE Freedom, Mobile Voice Recording, Mobile Voice VPN (formerly known as Orange Wirefree Extension), Call Safe, Smartnumbers or Pocket Landline. These products must be disabled on Connections before WiFi Calling can be activated.

If a User leaves the WiFi network during a WiFi call the call may stop and the User will have to redial when coverage becomes available (either on the Network or back over WiFi) to continue the call. If a User makes a call over the Network and loses coverage, the Users must connect to Wi-Fi Calling before redialling. For the purposes of EE's statistics these do not count as dropped calls.

WiFi Calling is not permitted whilst roaming.

Emergency Services: When using WiFi Calling Users will be able to call the emergency services (on 999) but they will not be able to identify a User's location. Users should therefore keep a fixed line phone to use for

calls to emergency services and use WiFi Calling only as an absolute last resort

Signal Boost with UMA

What's Included UMA technology to certain devices to boost signal, working with Wi-Fi broadband connection – free of charge.

Minimum Connection Period None

Extra terms and conditions for Signal Boost with UMA

Signal Boost is not a VOIP service and does not include free airtime use. All voice and data services consumed within the home Wi-Fi network will be charged at existing EE Service Plan rates. Access requires: a UMA enabled mobile device (as specified by EE from time to time), an EE mobile voice subscription, a broadband connection. Signal Boost should not be used as a replacement for primary-line fixed voice service. EE does not guarantee that more than one UMA phone can access a wireless router at any one time. Typical range is up to 20 metres but exact range will be dependent upon the User's home and local geography. Signal Boost will not connect to public Wi-Fi hotspots, to a livebox or other wireless router whilst roaming abroad.

Visual Voicemail

Visual Voicemail is available on any iPhone with iOS6.0 software or higher, and Carrier Setting 13.2. Visual Voicemail must be set up by account controllers and access requires a 2G, 3G, or 4G signal. Visual Voicemail is available at no extra cost to all EE Large Business Customers with a compatible Device. To use Visual Voicemail abroad you must have roaming

activated and unless you have a data-roaming bundle you will be charged at EE's standard out-of-bundle rates.

Part 5 – Data Service Plan Add-Ons

Super secure 4GEE Starter

On a hosted platform, with 4GEE data and basic security, allowing you to manage and secure your business devices. You can configure email and WiFi, distribute applications and ensure password protection, with the ability to lock and wipe lost devices.

Bundle	Price per month (4G Access)	Out of Bundle	Inclusive Security	Tethering
2GB	£14	2.5p per MB capped at £50 per month	Yes (MobileIron Cloud Lite)	Yes
4GB	£17.50			
16GB	£22.00			

Additional Terms applying to Super secure 4GEE Starter

Minimum Connection Period of 12 months (or greater if specified in the Customer's Agreement with EE) applies to all Connections under this Service Plan. Accessing the hosted mobile device management platform (the "MDM Platform") requires an internet connection, which must be provided by the Customer. The Customer will be sent a link to register for the MDM Platform in the welcome email sent by EE. If the Customer does not register for the MDM Platform, it will not be entitled to any discount on the contracted service plan Charges. The MDM Platform is End User Licenced Software, and use of the MDM Platform is subject to acceptance of the End User Licence Agreement at point of registration. Use is also subject to the MobileIron Privacy Policy, available at <https://anyware.com/privacy.html>. This product cannot be purchased in conjunction with Data VPN from EE. EE may withdraw or substitute the

MDM Platform at any time on provision of reasonable notice (where it is practicable to provide such notice).

The Customer's IT help-desk shall provide a first-level of support to End Users. Where the Customer's IT help-desk is unable to resolve issues, then it may escalate the issue to EE's Business Customer Services Team.

Where the Customer is provided with a copy of the Solution Description for Mobile Device Management from EE, it will form part of the Customer's agreement with EE.

Data included in the bundle is for use in the UK only. Allowances cannot be shared across multiple Connections. If the Customer regularly reaches the out of bundle spend cap, EE reserves the right to require the Customer to a data bundle appropriate to the Customers usage.

Super secure 4GEE Enterprise

4GEE data with either hosted service or on premise, integrated with your IT systems or provided as a standalone service. Enterprise also has additional features for enhanced business mobility such as advanced application security, content security and access control features.

Bundle	Price per month (4G Access)	Out of Bundle	Inclusive Security	Tethering
2GB	£16	2.5p per MB capped at £50 per month	Yes	Yes
4GB	£19.50			
16GB	£24.00			

Additional Terms applying to Super secure 4GEE Enterprise

Minimum Connection Period of 12 months (or greater if specified in the Customer's Agreement with EE) applies to all Connections under this Service Plan.

There are a number of Mobile Device Management options available to the Customer on this Service Plan:

- **MobileIron Hosted Solution** – Should the Customer select MobileIron Cloud Basic, Advanced, or Premium from MobileIron, then the Additional Terms applying to Super secure 4GEE Starter shall apply;
- **MobileIron On-Site Solution** – Where the Customer selects the MobileIron On-Site or On-Site Premium solutions, the Mobile Device Management from EE Solution Terms shall apply.

The Mobile Device Management option applicable to the Customer will be specified in the Customer's agreement with EE or in a relevant Contract Change Note. 4GEE Supersecure Enterprise tariffs are not compatible with the Data VPN Solution. The Customer will be sent a link to register for the Mobile Device Management Platform. If the Customer does not register for the Mobile Device Management Platform, it will not be entitled to any discount on the contracted service plan Charges.

Data included in the bundle is for use in the UK only. Allowances cannot be shared across multiple Connections. If the Customer regularly reaches the out of bundle spend cap, EE reserves the right to require the Customer to a data bundle appropriate to the Customers usage..

Super secure 4GEE Enterprise Plus

4GEE data with extra security for regulated environments such as legal, finance and government.

Bundle	Price per month (4G Access)	Out of Bundle	Inclusive Security	Tethering
2GB	£18	2.5p per MB capped at £50 per month	Yes	Yes
4GB	£21.50			
16GB	£26.00			

Additional Terms applying to Super secure 4GEE Enterprise Plus

Minimum Connection Period of 12 months (or greater if specified in the Customer's Agreement with EE) applies to all Connections under this Service Plan.

There are three Mobile Device Management options available to the Customer on this Service Plan:

- **MobileIron On-Site Premium** – If this is selected the Mobile Device Management from EE Solution Terms will apply; or
- **MobileIron On-Site Premium with Samsung Knox** – If this is selected the Mobile Device Management from EE Solution Terms will apply; or
- **BES 12 Gold Enterprise Plus** – if this is selected the BlackBerry for Business Terms and Conditions in this Price Guide shall apply.

The Mobile Device Management option applicable to the Customer will be specified in the Customer's agreement with EE or in a relevant Contract Change Note. 4GEE Super secure Enterprise Plus tariffs are not compatible with the Data VPN Solution. The Customer will be sent a link to register for the Mobile Device Management Platform. If the Customer does not register for the Mobile Device Management Platform, it will not be entitled to any discount on the contracted service plan Charges.

Data included in the bundle is for use in the UK only. Allowances cannot be shared across multiple Connections. If the Customer regularly reaches the out of bundle spend cap, EE reserves the right to require the Customer to a data bundle appropriate to the Customers usage.

BES 12 Gold 4GEE	£9
BES 3G	£10

All 4GEE Users receive access to Double Speed 4G where enabled at no extra cost, providing download speeds of up to 60Mbps.

Extra Terms Applying to Single User Handset Data Bundles, and Shared Data Bundles for Shared Talk & Text Plans

Minimum Connection Period is 24 months or as per the Customer's Agreement with EE. Data tariffs must be purchased in conjunction with a compatible voice service plan. For shared data bundles this means Users must be part of a shared talk and text plan as well. Shared bundles cannot be added mid-contract

Data bundles will not provide access to 4G services unless specified. A 4G compatible Device is also required and Users must be within range of a 4G base station. If the Customer is upgrading to 4G from a 3G service plan, a new SIM Card will be required to use 4G services. 4G is currently only

available in select cities in the UK. Not all services will work over 4G. Please contact us for more information or see individual Solution Terms for details.

Where applicable, the Customer's out-of-bundle spend will be capped at the specified limit per User per month. Customers may continue to use mobile data services after reaching an applicable price cap, but if EE considers the Customer's usage to be excessive beyond the price cap then EE reserves the right to restrict access to mobile data services for the remainder of that billing cycle to protect our network for all our Users. If excessive usage beyond the price cap is continued month-on-month, EE reserves the right to migrate the Customer to a more appropriate service plan level.

Data tariffs may be used to make internet phone calls ('VoIP'). The Customer may use mobile internet on its phone for peer to peer file sharing but access speeds will be slower than usual as EE monitor its Network to protect it for all customers. Please see the network management policies on our website for more information.

Extra Terms and Conditions for Orange Maps

When taking or migrating to a contracted plan, the length of that contracted plan must be equal to or greater than the Minimum Connection Period remaining on the relevant Service Plan. Subscriptions may be renewed by contacting EE subject to payment of the prevailing Subscription Charges at that time. Connection to OMP is subject to you having a compatible Device to activate OMP as listed and updated on the Orange Maps Site from time to time. Certain functions of Orange Maps may not be available in certain countries from time to time, and Roaming data charges will apply if OMP is used while abroad in accordance with your Service Plan.

Supplementary Terms

Orange Maps Professional (OMP) is subject to the Orange Maps Agreement set out at www1.orange.co.uk/orangemaps/terms.html. The general description of the Orange Maps Service can be found at www.orange.co.uk/orangemaps (Orange Maps Site).

Payment

Where you have a contracted plan, you must pay the entire annual Subscription Charge in advance (this is non-refundable/non-transferable on early termination). OMP will be applied to your account upon receipt of payment. Where you have a rolling monthly plan, you must pay the monthly Subscription Charge and will receive OMP for each month paid.

Flexible Daily Data Bundles

Tariff	Bundled Data	Europe & USA	Rest of World
Daily Bundle for mobile internet on your device	100MB / day	£4	£15

Extra Terms applying to Flexible Daily Data

Eligibility: Flexible Daily Data can only be applied to an eligible account at point of contract or re-sign and must be specified in the Customer's Agreement. Not compatible with any other roaming bundle, promotion, offer or bespoke data roaming pricing. Must be applied to every User on an account except where a roaming tariff with a recurring monthly fee has been included in the Customer's contract. In this case the tariff with the recurring monthly fee will be applied to the User instead of Flexible Daily Data.

Charging: Charges only apply on days that the User uses voice or data whilst roaming. No charge applies when the User does not roam or if the User does not use data when roaming. No credit or refund will be given for any unused data in a Daily Bundle.

Any data usage over and above the data allowance in an applicable Daily Bundle will result in the User being automatically provisioned with further daily bundles up until a maximum of 500MB. For example, 101MB of data used in the EU will result in a daily charge of £8. 201 MB of data used in the EU will be charged at £12. After 500MB each additional MB will be charged at 12p per MB for Europe and USA and £2.50 per MB for Rest of the World.

Any group leader or sharer may take Flexible Daily Data, however only that individual's usage will decrement their individual Daily Bundle. Group customers (including without limitation Talkshare and Your Group customers) may not share a Daily Bundle amongst the various Users.

Usage

Unused data from your Daily Bundle will not roll over into the next day. For the purpose of this Plan, a day begins at 00:00:00 hours and ends at 23:59:59 hours, using local time in the location in which the User first uses data on that day. Each session of data Roaming usage is rounded up to the nearest kilobyte. Flexible Daily Data works in all areas where EE has data roaming agreements in place.

Users can use their Daily Bundle whilst Roaming for GPRS, 3G and HSPA and browsing the internet (subject to availability) using their Device or EE data card. Daily Bundles do not include event Charges such as Charges for download of ringtones or games, and do not include the use of any data services for which additional charges apply.

No credit will be given for any unused data Roaming in a Daily Bundle.

Ordering:

Flexible Daily Data can only be removed providing the Customer replaces it with another roaming bundle and has given EE at least 24 hours' notice.

EU Limits

All Users taking Flexible Daily Data will be opted out of the EU roaming regulations with regard to data. Should the Customer wish to be opted back in to the regulations, they should contact EE customer services.

Extra Terms and Conditions for Corporate Traveller

Corporate Traveller can only be applied to an eligible account at point of contract or re-sign and must be specified in the Customer's Agreement.

Minimum Connection Period: as stated in your Agreement with EE. Service Plan applies at account level not individual subscription level to all voice Connections (or data Connections with voice such as BlackBerry®) enabled for Roaming. On Corporate Traveller being applied, all other voice Roaming products will be removed. Not available with any other Roaming Service Plan Add-On or promotion. Compatible with EE data Roaming bundles. Calls to EE customer services and to EE Answer Phone when roaming with Corporate Traveller are free. To be and remain eligible for the Corporate Traveller, you must have a minimum of 250 active voice connections on Corporate Traveller and Roaming and IDD must make up at least 5% of your total voice usage. Closed User Group (CUG) is formed of all mobile voice Connections on your account to which Corporate Traveller is applied. If you have a Mobile Voice VPN Solution your CUG will also include the fixed line numbers provisioned as part of that Solution. CUG is refreshed on a regular basis to reflect changes to your account.

Charging increments

Zones 1 and 3: 30 second minimum call charge and then per second to make a call and per second to receive a call. All other Zones: 60 second minimum call charges and then per second to make a call and to receive a call. Making a call from one zone to another: charging principle and rates from the highest rate zone will apply. Corporate Traveller zones are defined above.

Tariff	Bundled Data	Europe* & USA	Rest of World
Daily Bundle for mobile internet on your phone	50MB / day	£4.00	£20.00
Tethering (Using your phone as a modem)	1MB	14.55p	£3.00

Extra Terms applying to Corporate Data Traveller

Eligibility

Corporate Data Traveller can only be applied to an eligible account at point of contract or re-sign and must be specified in the Customer's Agreement. You must have at least 100 Connections on your account in order to retain eligibility for this Service Plan. Corporate Data Traveller is not recommended for BlackBerry Connections.

Each User who takes the plan has a bundle allowance of 50MB of Roaming Data for browsing the internet on their phone (the "Daily Bundle"). Tethering will be charged separately and usage rounded up to the nearest kilobyte.

Any group leader or sharer may take a Daily Bundle, however only that individual's usage will decrement their individual Daily Bundle. Group customers (including without limitation Talkshare and Your Group customers) may not share a Daily Bundle amongst the various Users.

Daily Bundles are not compatible with any other Data Roaming Bundle, promotion or offer. Users who are not benefiting from a Daily Bundle may take advantage of other data roaming bundles, promotions or offers subject to any terms and conditions that attach to these bundles, promotions or offers.

Charges

Once the order for a Daily Bundle for using mobile internet on your phone has been activated, the Customer will be charged the full cost of the bundle

Any usage over and above the Daily Bundle allowance of 50MB will result in the User being automatically provisioned with another 50MB daily bundle; for example, 75MB of data used in a day whilst roaming in Europe* will result in a daily charge of £8, 125 MB of data used in a day within Europe* will be charged at £12.

The Additional Bundle Charges shall apply regardless of the User's use over any 50MB allowance.

Once Corporate Data Traveler is provisioned on the Customer's account, the Customer will only be charged for a Daily Bundle or tethering on the days that the User uses data whilst roaming therefore there is no daily charge applied when the User does not roam.

Charges incurred whilst Roaming may be billed several months in arrears.

Usage

Unused data from your Daily Bundle will not roll over into the next day. For the purpose of this Plan, a day begins at 00:00:00 hours and ends at 23:59:59 hours, using local time in the location in which the User first uses data on that day. Each session of data Roaming usage is rounded up to the nearest kilobyte.

Corporate Data Traveler works in all areas where EE has data roaming agreements in place.

Users can use their Daily Bundle whilst Roaming for GPRS, 3G and HSPA and browsing the internet (subject to availability) using their Device or EE data card. Daily Bundles do not include event Charges such as Charges for download of ringtones or games, and do not include the use of any data services for which additional charges apply.

No credit will be given for any unused data Roaming in a Daily Bundle.

Ordering:

A Daily Bundle can be removed at any time providing the User has given EE at least 24 hrs notice. Once the Daily Bundle has been removed that User will be charged standard data roaming Charges for any subsequent data roaming.

Zones:

Solution Terms applying to Office Signal Box

Regulatory Limitations

EE has a public wireless network licence under which it is authorised to establish, install and use radio coverage solutions, including the Office Signal Box. You are authorised to access the Coverage Solution, but not to establish or install it. As a legal matter the Office Signal Box will always be under our ultimate control and direction. Under our licence we are required to ensure that the Office Signal Box is operated in accordance with the licence and that you are aware of, and comply with, the relevant terms of the licence from the point of installation of the Office Signal Box. The relevant terms of the licence you need to be aware of are as follows:

Ofcom has a right to access to the Office Signal Box and to ensure it is being used in accordance with the licence.

Ofcom can require the Office Signal Box to be modified or temporarily or permanently stop its use if there is a breach of the licence by us, or the Office Signal Box or other coverage solution being operated under the licence is causing or contributing to undue interference with other radio equipment. Ofcom can also do this in times of national or local states of emergency.

The Office Signal Box cannot be moved from the location agreed with us as we are responsible for notifying Ofcom of that location.

Emergency Calls: It may not be possible to make emergency calls on mobiles if the Office Signal Box is not turned on, if there is no internet access; or if there is some other disruption, such as a power outage. If an emergency call is made through the Office Signal Box, the emergency services may use your premises in order to identify where the call was made from.

Open Mode: The Office Signal Box is provided in “Open Mode” this means that anyone on the Network within range of your premises will be able to use the signal generated from the Office Signal Box.

Concurrent Users: The maximum number of concurrent Users of each Office Signal Box is 16.

Internet access limitations: Any faults or interruptions in your internet access will prevent the Office Signal Box working.

Limited Licence: you are granted a limited licence to use the Office Signal Box only for access to our 3G Network and subject to the other provisions your Agreement with us. The Office Signal Box is only compatible with our Network and cannot be used with other telecommunication networks.

Service Limitation: We cannot guarantee that the Office Signal Box will improve the quality of the service enjoyed from the Network throughout your entire premises.

Suspension: If there has been no activity on the Office Signal Box for 3 consecutive months we may temporarily suspend use of Office Signal Box until you contact us.

Your Obligations

Damage: You must take all reasonable steps to protect the Office Signal Box and must not cause or allow to be caused any damage to the Office Signal Box.

Power supply, internet access and bandwidth: You will be responsible for ensuring a continuous supply of electricity to the Office Signal Box, the provision of internet access (either via a broadband connection or via correctly configured LAN and firewalls) and bandwidth and will be responsible for all costs associated with the operation of the Office Signal Box, and the provision of internet access.

Premises for Installation: The Office Signal Box will be installed only at the address agreed. We will not install your Office Signal Box until you have provided us with such location details.

Vacation of Customer's Premises: You must notify us in writing of any intention on your part to vacate your premises and/or relocate to another property giving a reasonable period of notice. We will thereafter remove the Office Signal Box and may our option, and upon payment of an installation fee by you, relocate it to the new property, provided that if we decide to relocate the Office Signal Box we will obtain your consent.

Internet Access: You are responsible for ensuring that you are permitted to use the Office Signal Box with your internet. Operating the Office Signal Box will use data from your internet data allowance. You are responsible for ensuring that data speeds and data allowance are sufficient to cover the use of the Office Signal Box.

Use: You must not knowingly, recklessly or negligently permit any other party to be involved in any fraudulent or other unauthorised use or attempted use of the Office Signal Box or, except as permitted by law, the reverse engineering, decompiling or modification of the software utilised by the Office Signal Box.

Customer Network Configuration: You are responsible for configuring your network in accordance with the Office Signal Box set up guide prior to installation of the Office Signal Box. Where we are due to install an Office Signal Box and such installation fails or is cancelled due to your failure to configure your network, we will charge you £175 (excluding VAT) per Office Signal Box.

Cancelled Orders: If you have ordered an Office Signal Box and subsequently cancel such order prior to installation of the Office Signal Box, we will charge you a cancellation fee of £175 (excluding VAT) per Office Signal Box ordered and subsequently cancelled.

EE's Obligations

Installation: We will install the Office Signal Box at your premises.

You may require removal of the Office Signal Box at any time by writing to us, and we will remove the Office Signal Box as soon as reasonably practicable thereafter.

Reinstallation Charge: You may request relocation of an Office Signal Box from one of your premises to another. Such relocation requires a re-installation of the Office Signal Box by us and is subject to a re-installation charge of £175 (excluding VAT) per Office Signal Box.

If you have Purchased the Office Signal Box

Title: We retain legal ownership of the Office Signal Box at all times.

Warranty: If the Office Signal Box is found to be faulty during normal use within the period of 24 months from delivery, we will either repair or replace the Office Signal Box free of charge in accordance with the manufacturer's warranty and our standard return policy which can be found on our website. This warranty is subject to our inspection of the Office Signal Box and is only valid if the Office Signal Box has been used in accordance with the instructions provided by us and/or the manufacturer and has not been modified, previously repaired (except by a repairer approved by us) or misused.

If you have selected the Office Signal Box Pay Monthly Option

Title: We retain legal ownership of the Office Signal Box at all times.

Additional Terms Applying to M2M Enterprise Tariff

Usage is subject to the M2M Solution Terms. Minimum Connection Period will be as set out in the Customer's agreement with EE. To be eligible for the M2M Enterprise tariff, the Customer must maintain at least 2000 Active Connections for the duration of their Agreement with EE. If the Customer drops below 2000 Active Connections on the M2M Enterprise tariff, EE reserves the right to require the Customer to migrate to a different tariff. Where a Customer's tariff has Aggregated Billing the inclusive data allowance will be pooled across all connections on the same tariff on the account. Inclusive allowances will expire at the end of each billing period and will not be rolled over. Migration to M2M Lite or M2M 4GEE is not possible without completing a physical SIM swap. For making calls in the EU there is a 30 second minimum call charge followed by per second billing. For receiving calls it's per second billing from the start. For making and receiving calls outside of the EU there is a 60 second minimum call charge and per second billing thereafter

Corporate Landline & Corporate Broadband Solution Terms

1. The Solution

- 1.1. This Solution is provided in accordance with the Customer's Agreement with EE. The parties shall agree a Statement of Requirements prior to provision of the Solution by EE. The Statement of Requirements will form part of these Solution Terms.
- 1.2. A Minimum Connection Period applies to this Solution as set out in the Commercial Terms or applicable Contract Change Note.
- 1.3. The Solution will comprise of one of the following: (i) Corporate Landline; or (ii) Corporate Broadband (which may be ADSL or Fibre)

Broadband); or (iii) Corporate Broadband and Calls (which is a Corporate Broadband and Corporate Landline bundle), in each case as set out in the Commercial Terms or the applicable Contract Change Note.

1.4. The Corporate Landline & Corporate Broadband Solution Description applies to this Solution and forms part of these Solution Terms.

2. Definitions

"Broadband Connection" means a Connection to EE's broadband service via a Line.

"Channel" means a facility to conduct inbound or outbound, two-way voice or data communication. A Line may have more than one Channel.

"Connected" refers to Lines connected to the Solution, and "Connection", "Disconnection" and "Disconnected" shall have a corresponding meaning.

"Line" means each BT (Openreach) direct exchange telephone landline(s) through which the Customer wishes EE to provide the Solution.

3. Corporate Landline

3.1. This clause 3 applies where the Customer purchases (i) Corporate Landline, or (ii) Corporate Broadband and Calls, or (iii) a Line from EE with the Corporate Broadband Solution.

3.2. EE shall take all reasonable steps to make the Solution available to the Customer in the United Kingdom at all times until terminated in accordance with the Agreement. EE cannot guarantee to provide the Solution for all telephone numbers, including, for reasons associated with wholesale supplier processes, technical limitations in fixed networks or physical/geographical limitations. The Customer acknowledges that orders for Lines may not be completed. Where a Line cannot be Connected, EE will still process all Lines ordered by the Customer that can be Connected.

3.3. In exceptional cases, technical limitations within the wholesale supplier's network may not become apparent until after the Solution has been installed and used. In such circumstances, or where the wholesale supplier changes its operations, certain services may need to be revised or withdrawn and EE will provide as much notice as possible to the Customer and will rebate any relevant Charges paid in advance by the Customer for any withdrawn service.

3.4. Requests for new Lines must be fully detailed in a Statement of Requirements and are subject to acceptance by EE and by the relevant wholesale supplier. New orders may be subject to an engineering visit or site survey.

3.5. Any requests for Line features or changes to service accepted by EE will be completed as quickly as possible, but EE's ability to do so may be affected by circumstances outside EE's control and there may be a delay in processing, for which EE accepts no liability.

3.6. The Customer gives EE authority to act as its agent in choosing the wholesale supplier for the service for the Customer from time to time. If EE changes the wholesale supplier it will notify the Customer. By requesting service on a Line, the Customer consents to EE obtaining details of the equivalent service (and its features) from the Customer's previous service provider.

3.7. The Customer acknowledges and accepts that:

- a. EE or the wholesale supplier may contact Users directly where necessary for the provision of the Solution and for operational or emergency reasons or in relation to nuisance calls;
- b. EE may disclose Customer information to the wholesale supplier for the purpose of providing information about the setup of network services at the Customer's premises and the wholesale supplier may share this information with a third party service provider;
- c. during activation of the Solution, the Customer may experience a temporary loss in its telephone service;

-
- d. the wholesale supplier may suspend access to any phone number advertised on the wholesale provider's phone box without its consent; and
 - e. the Customer cannot use any form of indirect access enabling outgoing calls to be routed via networks not operated by EE or the wholesale supplier on any Lines to which the Solution is being provided and must disable all other indirect access codes operating on such Lines at its own cost.

4. Corporate Broadband

4.1. This clause 4 only applies where the Customer purchases Corporate Broadband or Corporate Broadband and Calls.

4.2. Services and Equipment:

- a. The Customer must have and maintain for the term of the Solution a Line(s) and, where necessary, have compatible equipment installed at the relevant premises. If the Customer does not comply with this requirement, EE may terminate the Customer's order or terminate this Solution without liability. The Solution cannot be provided for lines on non-BT networks, such as Virgin Media Business or Cable & Wireless networks, or Kingston Communication number ranges. Lines can be checked for compatibility by calling 0800 0790 147. Dynamic IP addressing is provided; optional static IP addressing can be requested.
- b. New Lines must be ordered in accordance with clause 3 above and are subject to acceptance by EE and by the relevant wholesale supplier. New orders of Lines or Broadband Connections are subject to agreement between EE and the Customer of a Statement of Requirements and may be subject to an engineering visit or site survey. The Customer must ensure that any equipment installed by a previous supplier for the purposes of providing broadband and related services will

be removed and/or disconnected in order for EE to provide the Solution.

- c. The Customer is responsible for ensuring that it has the necessary equipment to use the Solution and for the installation of such equipment. Unless otherwise agreed with the Customer, EE will supply wireless router Equipment (with installation where the Customer selects this Solution option). EE reserves the right to supply Equipment that may have been refurbished. Where EE is installing equipment, each User must arrange a mutually convenient installation date with EE's installers by calling 0870 9500 967. EE's standard installation services comprise: setting up and configuration of the wireless router equipment onto the Line and enabling (where the User's equipment supports wireless connectivity) the wireless security access control using an available wireless encryption key; connecting up to two devices to the internet via the equipment with either the Ethernet cable supplied and/or wirelessly if the User's equipment is wirelessly enabled; and demonstrating internet connectivity to the User on the Line.
- d. Where applicable EE will supply and provide Connection of Fibre Broadband Equipment. Connection of Fibre Broadband or migration from another provider of fibre broadband (where possible to do so) will always require an onsite engineer appointment. The Customer must give EE at least 72 hours' notice if an engineering appointment cannot be kept. If the Customer fails to meet an agreed appointment date and/or cannot agree a new date within 30 days of the previously agreed date, EE reserves the right to cancel the order and charge £100.
- e. Where the Customer uses Customer Equipment (including without limitation the Customer's own router) to access the Solution, the Customer acknowledges and agrees that: (i) it is responsible for the suitability of the Customer Equipment to access the Solution; (ii) EE is not responsible for the level of

performance or non-performance of the Solution to the extent that it is impacted by the use of the Customer Equipment; (iii) EE does not provide support for the Customer Equipment.

4.3. Connection:

- a. Connection of a Line to the Solution is conditional upon EE: confirming that the Line is in an area which can receive the Solution; and performing a satisfactory telephone line test; and successfully activating the Solution on the Line;
- b. EE will not be liable for any delay in providing the Solution or Connection of any particular Line. EE cannot guarantee to provide the Solution for all telephone numbers, including for reasons associated with processes of the Customer's wholesale supplier of the lines, technical limitations in fixed networks and physical/geographical limitations. The Customer acknowledges that orders for Lines or a Connection to a Line may not be completed. If a Line cannot be Connected, EE will still process those Lines that can be Connected. In exceptional circumstances, technical limitations may not become apparent until after a Line has been Connected and used. In such circumstances, EE may need to withdraw or revise certain services. EE will provide as much notice as possible to the Customer and will rebate any relevant Charges paid in advance by the Customer for any such withdrawn service.

4.4. Migration of broadband connections from Customer's current provider:

- a. Any charges payable by the Customer or User to its current broadband provider if it migrates to EE remain the Customer's or User's liability.
- b. To migrate a Line from a previous provider the connection on the Line must be in the Customer's name. If it is not, then by placing an order with EE, the Customer confirms that the User:
 - i. consents to the transfer of broadband services on that Line from the current provider to EE;

- ii. consents to the new supply being under a contract between EE and the Customer, and not directly with the User, and that if the User leaves the Customer's employment, the Broadband Connection(s) on the relevant Line(s) may be withdrawn;
- iii. consents to the transfer even though it may result in disconnection charges being payable by the User to a previous provider; and
- iv. acknowledges that title in any equipment used in connection with the existing Line will pass to the Customer and not the User.

EE may require the Customer to provide written evidence of the above consents.

4.5. Relocation:

The Customer may request the relocation of the Solution (or part of it) from one premises to another where a User relocates. Such relocation is only permitted in relation to the same User and EE may charge a fee for the relocation. If the Solution cannot be provided at the new premises, EE will Disconnect the Broadband Connection and Termination Charges will not apply to that Disconnection(s).

4.6. Wireless Router Warranty:

EE will repair or replace (at its discretion) any wireless router Equipment supplied by EE that is found to be defective due to faulty materials or workmanship within 12 months from delivery, save that this warranty shall not apply to:

- a. accidental or malicious damage, theft or other loss or damage to the wireless router Equipment;
- b. any defect arising from the Customer's or a User's incorrect installation or use of the wireless router Equipment;
- c. normal wear and tear; and

-
- d. the level of performance of the wireless element of the Equipment, which may be affected by conditions outside EE's control, including without limitation the position of the Equipment's installation at the User's premises, the distance between the Equipment and the wireless adaptor and any interference with radio signals that may arise at the premises.

Any replacements by EE under this warranty will be made with refurbished products of a similar specification at EE's discretion and subject to the original Equipment being returned to EE (at EE's cost). A new unit must be purchased by the Customer at List Price for defects not covered by this warranty, or where EE finds no fault with the original Equipment. The Customer is responsible for the installation of any Equipment repaired or replaced under this warranty.

4.7. Installation Warranty:

EE warrants that installation Services will be free from defects in workmanship for 7 days from completion of the installation. If the installation Services are found to have defects in workmanship in this period, EE will correct the defect within a reasonable time. This warranty is not applicable to damage or problems caused by:

- a. incorrect service, installation, use, modifications or repair by the Customer, a User or any party not authorised by EE;
- b. any person (except EE and its installers) or an external force;
- c. any defective Customer Equipment or any other equipment (other than the Equipment);
- d. any software or other product not supplied by EE or its installers; or
- e. works and adjustments carried out on the Line by the wholesale supplier during the installation warranty period.

4.8. Broadband speeds:

Fastest download speeds of the Solution are up to 76Mb/second for Fibre Broadband and up to 17Mb/second for Broadband (ADSL). Speeds vary depending on the pricing option chosen, the EE broadband Network area, the Line quality and distance from the exchange.

4.9. Additional features:

EE may bundle the Solution with additional facilities, such as a web-email account and website building tools. Such facilities are provided to the Customer on an "as is" basis and can be withdrawn by EE at any time.

4.10. Static IP addresses:

If the Customer opts for a static Internet Protocol ("IP") or a range of static IP addresses, then the following terms will apply:

- a. EE will apply an administrative charge to the Customer's account if the Customer subsequently reduces the number of IP addresses;
- b. EE will not be responsible for providing any technical or other support to the Customer's local area network;
- c. the static IP addresses that are allocated to the Customer are only for use in connection with the Solution and the Customer acknowledges that it will not gain any ownership rights in those static IP addresses. The Customer agrees not to sell them or transfer them to anyone else or try to do so;
- d. upon expiry or termination for any reason of the Agreement in relation to the Solution, the static IP address will revert to EE or its wholesale supplier; and
- e. if a static IP address allocated to the Customer is inactive, EE reserves the right to cease the Customer's right to use the static IP address if the period of inactivity is longer than EE deems reasonable (and for these purposes, a consecutive period of inactivity of more than 6 months shall be deemed to be unreasonable). In such instances,

the Customer will be allocated a dynamic IP address in its place.

5. Charges

- 5.1. Each Line and/or Broadband Connection transferred to the Solution or set up will be subject to a monthly Subscription Charge as set out in the Customer's Agreement or in the Price Guide. Subscription Charges are payable from the date of Connection and are determined by the number of Lines or Broadband Connections transferred or set up in the Customer's order. Any additional Connections in the future will be subject to the terms and conditions then in force and the number of Connections on the account will not be aggregated for the purposes of calculating the monthly Subscription Charge.
- 5.2. *Landline charging of Active Channels for ISDN line types:* For ISDN2, all Active Channels are charged as if separate Lines. For all other ISDN Lines, all Active Channels are also charged as if separate Lines, but are subject to the surcharge set out in the Price Guide at the time of ordering. All Active Channels on a Line must be transferred. Additional set up charges may apply if the number of Active Channels is changed. "Active Channels" means in relation to a Line, each channel on the Line (and in the case of ISDN30, which is activated for use).
- 5.3. Due to limitations in fixed line networks, Charges incurred in one month may not appear on the Customer's bill for that month and will be carried forward and billed in a later bill. EE may (but is not obliged to) limit the Charges the Customer may incur using the Solution. The Customer remains liable for Charges on its account even where they exceed any such limit.
- 5.4. The Customer will be responsible for discharging all charges levied by its current provider.
- 5.5. Where EE agrees to provide new Lines, Installation Charges will be payable for their installation and set-up. Charges may apply for calling and network features. Occasionally, the wholesale supplier may notify that 'exceptional charges' may apply due to the circumstances of the

installation, and the Customer shall be liable to pay for those charges if it asks EE to proceed with the relevant order. All such charges will depend upon the prices charged by the wholesale supplier at the time that the order is placed. If the Customer confirms that it wishes to proceed with the relevant order, but subsequently cancels the order, EE reserves the right to charge an administration fee. EE also reserves the right to cancel the order and charge an administration fee if the Customer fails to meet an agreed installation date and/or cannot agree a new installation date within 30 days of the previously agreed date. Where the Customer is taking Corporate Broadband as part of this Solution, the applicable administration fee shall be £75 and, in case of Fibre Broadband, EE reserves the right to charge the Customer the full Fibre Broadband Connection Charge.

- 5.6. In addition EE reserves the right to charge an administration fee:
- if a Line cannot be Connected because the Customer provides incorrect information or fails to discharge its obligations under the Agreement; and/or
 - if the Customer requires a site visit to investigate a fault but the fault is not attributable to the EE Network or wholesale supplier's network.
- 5.7. Where the Customer pays the Charges for the Solution by direct debit, payment shall be taken by EE on a date 14 days from the date of the invoice.

6. Customer Obligations

- 6.1. The Customer shall:
- provide a suitable and safe working environment for EE and its agents, suppliers and Sub-contractors while at the Customer's premises;
 - ensure that any equipment and/or software previously installed for the purpose of routing calls to a third party service provider will be disabled to allow calls to route across the Network;

- c. not knowingly use or allow the Services to be used in breach of a third party confidentiality or other obligation;
- d. take all reasonable steps (including testing with the latest commercially available virus detection software) to ensure that any Software supplied or used in connection with this Solution is not affected with viruses, logic bombs, worms or other malware; and
- e. ensure that Customer Equipment used with the Solution is protected by suitable security and anti-virus measures

7. Term and Termination

- 7.1. The following Termination Charges shall be payable by the Customer for early termination of this Solution for each Line or Broadband Connection: *Subscription Charge per month x number of months remaining in the Minimum Connection Period for that Line or Broadband Connection.*
- 7.2. *Corporate Broadband:* If a relevant landline telephone account on the Line is terminated by the Customer or a User changes the services on a Line so that the Solution is unable to operate normally, EE may Disconnect the Solution from the relevant Line and the Customer will be liable for Termination Charges.
- 7.3. *Corporate Landline:* Where the Customer has ISDN, each Active Channel will be separately subject to the Termination Charges set out in clause 7.1. Where the Customer ceases to use a Line completely (i.e. it is Disconnected and not transferred to another service provider), then the Termination Charges shall be capped at £20 for each Active Channel.
- 7.4. The Customer acknowledges and agrees that where it purchases the Corporate Broadband and Calls Solution, it is not possible to terminate only one part of the Solution (for example, to terminate Corporate Broadband and retain Corporate Landline) and that Termination Charges for the entire bundled Corporate Broadband and Calls Solution will be payable upon early termination of the Solution. If the

Customer wishes to only receive one element of the Solution, it will need to terminate the entire Solution, pay Termination Charges (where applicable), and place a new order for the relevant standalone service.

- 7.5. Upon Disconnection of any Line from the Solution, the Customer acknowledges that future service to the Disconnected Line may not be possible unless the Customer has made alternative arrangements with another telephony service provider.

8. Solution Restrictions and Limitation of Liability

- 8.1. Without prejudice to any other provisions in the Agreement relating to limitations of liability, EE will not be liable (including liability for negligence) for faults in or failures of the network or equipment of other providers of telecommunications services.
- 8.2. The Customer shall indemnify EE for any claims, losses, expenses or damages suffered by reason of any act or omission of the Customer under or in connection with this Solution or the Agreement. The limitations and exclusions of liability contained in clause 22.2 of the General Terms and Conditions for Business Customers do not apply to this indemnity.
- 8.3. EE will not be liable for any Customer losses as a result of restrictions placed on the Customer's account for security reasons.
- 8.4. In exceptional circumstances, certain services may be incompatible with or will not be available with the Solution. The Customer should contact EE to discuss any concerns. EE accepts no liability for these limitations.

9. Technical support

- 9.1. Technical support for the Solution is provided as set out in the Corporate Landline & Corporate Broadband Solution Description, depending on the service maintenance level applicable to the Customer's Agreement.

9.2. The Customer can obtain support from EE for this Solution by calling 0800 0790 147 during the relevant support hours. EE does not support any equipment not provided by EE. Fault diagnosis and the extent of support possible may be dependent upon the type of equipment used. The Customer may be asked to provide technical and account contact details. These contacts may be contacted out of hours, including weekends, to deal with any account or security issues that may arise.

Part 10 – Business Transformations

Rapid Site

Rapid Site is a fully-managed service which makes getting your site connected - rapid, reliable and efficient. Meaning you can focus on the myriad of other activities that occupy you at the start of a project, when it's crucial to get up and running quickly.

Our comprehensive and fully managed service gives you a complete solution to on-site connectivity.

A single supplier and a single point of contact for:

- Technical design and site set-up of the solution
- Site survey, coverage & capacity checks
- A powerful external 4G, WiFi & GPS antenna maximises mobile reception
- Asset management of devices in the field
- Remote device management and support with specialist 24/7 service desk
- On-site support within 4 hours if you need it
- Equipment de-commissioning at the end of your project

Pricing

The pricing for Rapid Site covers a one off charge for installation followed by monthly service fee to cover the management of the device in the field.

Terms and Conditions

Further terms and conditions will be provided by EE as part of the discussion with the customer over their specific requirements for this solution.

Connected Vehicle

Improving connectivity with a vehicle-based solution creates a whole new range of challenges, from procuring the necessary equipment to finding and managing appropriately skilled installers. Your equipment, including antennae and routers, must then be properly supported.

EE have created Connected Vehicle as a fully managed service to give you the benefits of a vehicle-based solution without having to divert your skilled resources to take on the management. EE will even manage and support your equipment in-life, after set-up.

With Connected Vehicle, you get:

- A powerful external 4G, WiFi & GPS antenna maximises mobile reception in your vehicles and optimises the opportunity for a working signal when you're in remote locations.
- A business and transport-grade 4GEE WiFi router, which (unlike signal boxes) is resistant to vibrations you get whilst driving.
- Low loss cabling, that connects the antennae to the router, is thicker and higher quality than standard grade cabling. This means that loss of signal due to attenuation is two to three times lower.
- 4G backhaul - the fastest mobile connectivity technology available.
- 4GEE mobile broadband on the UK's no.1 network. 4G currently available to 90% of UK population and growing. Also works over 3G where 4G not available.
- Fully managed service through set up and beyond, including technical & installation design, on-site install, on-site support and a 24/7 specialist help desk.

Pricing

The pricing for Connected Vehicle covers a one off charge for installation followed by monthly service fee to cover support of the device in the field.

Terms & Conditions

Further terms and conditions will be provided by EE as part of the discussion with the customer over their specific requirements for this solution.

plus an invoice on company headed paper or a business utility bill.

Allowances and Fair Usage

The following rules apply to allowances under all Service Plans and Service Plan Add-Ons:

Allowances – General

Pro-rata calculations

Limits and allowances are calculated on a pro-rata basis where a Service Plan or Service Plan Add-On is active only for part of a billing month upon set up or termination.

Important exclusions

Calls to premium rate and special numbers, any other number ranges, call-forwarding services and any calls made or received whilst Roaming are not included as standard and are charged at prevailing standard rates. Event charges (such as charges for downloads of ringtones or games) are also excluded from allowances, as are the use of any data services for which a special charge is made. Usage outside of that included within your Service Plan will be charged at the relevant then current standard charge rates set out in this document. Orange Magic Numbers does not apply.

Premium and special numbers

EE may from time to time amend or update its list of premium rate and special numbers, see 'Non-standard Price Guide for EE Large Business/Orange Small Business' under the Price Guide tab at www.ee.co.uk/business/terms.

Unused allowances

Unless otherwise stated, any unused allowance does not rollover from month to month and there is no cash redemption or equivalent value where not used or a Service ends. Where a Service Plan includes an

allowance, that allowance will be used before any relevant bundle allowance.

Specific Allowances

Below are details of the relevant allowances specified in a Service Plan or Service Plan Add-On:

UK calls	Calls made in the UK to EE or Orange phones, UK landlines beginning with 01/02/03, 0800, 0500, 0808 and other UK mobile networks, excluding any form of premium rate or special numbers, as EE may define from time to time
Text messages	Standard person to person text messages (excluding premium rate) sent from EE mobiles within the UK
Landline calls	Calls made in the UK from an EE mobile to UK landlines beginning with 01/02/03
EE to EE & Orange calls	Calls made from an EE mobile within the UK to other EE & Orange mobiles within the UK
Calls between sharers	EE to EE calls between Users within the UK sharing the same Service Plan
Standard email /Wi-Fi	50MB data allowance for internet-based push email in the UK plus unlimited* Wi-Fi per User per month
BT Wi-fi	Use of BT Wi-fi hotspots in the UK only
Mobile browsing	750MB data usage from an EE mobile including email and browsing and inclusive unlimited* Wi-Fi

(bundle)	per User per month.
Mobile data	GPRS, EDGE, 3G, 3G+, and (where specified) 4G browsing of the internet up to the monthly data limit ordered
iPhone	750MB of EE mobile data and unlimited* Wi-Fi per month
Calls and texts between sharers	EE to EE calls and/or texts between Users within the UK sharing the same Service Plan.
Calls to EE Answer Phone	Free from within the UK unless otherwise stated. Use of additional features, such as Answer Phone call return may incur charges.
BlackBerry® UK Data	BlackBerry® data services and EE internet usage on the BlackBerry® handset in the UK; no tethering.

In-Plan

The description of certain legacy tariffs and bundles has recently changed from 'Orange' or 'Orange to Orange' to 'In-Plan'. If applicable, the new name 'In-Plan' will be shown on the Customer's bill. The Customer's tariff and/or bundle entitlement has not changed and the Customer will receive the same inclusive elements as before the description change as described below.

What's included

Calls or Texts to all Orange mobiles and EE Large Business mobiles.

Fair Usage

Fair usage policies apply to all unlimited offers as follows (EE may vary these limits from time to time):

BT Wi-fi	3GB per User per month for use of BT Wi-fi hotspots
Landline calls	3000 minutes per User per month
UK calls	3000 minutes per User per month
EE to EE and Orange calls	3000 minutes per User per month
Text messages	3000 texts per User per month
Calls between sharers	3000 minutes per User per month
Texts between sharers	2000 texts per user per month
iPads	750MB (except when using your iPad on domestic Wi-Fi). Some broadband packages have download limits and you should be aware that using the iPad to access the web through Wi-Fi will contribute to Wi-Fi data usage

Use Outside of Notified Limits

Out of bundle usage will be charged as specified in the relevant Service Plan or otherwise at standard rates. Certain Services are subject to a fair use policy and/or limits on usage, including use within a specified period of time. If your use of the Services exceeds any limits on usage

and/or any fair use policy notified to you from time to time, in order to protect the Network for other users, EE reserves the right (i) to charge the applicable out of bundle rate, (ii) to reduce your access to such services, and / or (iii) to require you to migrate to a more appropriate Service Plan or Service Plan Add-On. EE has no obligation to monitor your use of the Services to ensure that you do not exceed the fair use policies or any applicable limits. EE may additionally manage customers' bandwidth at peak times to preserve the best experience for the greatest number of users.

General Terms and Conditions

The following general rules apply to all Service Plans and Service Plan Add-Ons **unless otherwise stated or agreed**. Any extra terms and conditions which apply will be stated or referenced within this EE Large Business Price Guide or your Agreement with EE.

1. Agreement

Terms and conditions Connection to a Service Plan and/or Service Plan Add-On is subject to the terms and conditions stated in your Agreement with EE (including, but not limited to, an EE Business Agreement, Business Agreement, or in the relevant Price Guide

Business Customers All offers in this Price Guide are available to Business Customers on Line 1 only Business Customers are EE customers who can provide the following:

- Limited companies: the company registration number and the VAT number
- Charities: the charity number
- All other businesses: a copy of a business chequebook, plus an invoice on company headed paper or a business utility bill

- For details of all Consumer plans please see www.ee.co.uk.

Compatibility Not all Services and Services Plan Add-Ons are compatible with each other or with all Equipment. You may need to purchase certain Equipment to benefit from the full functionality and range of Services

2. Minimum Connection Period / Termination Charges

Minimum Connection Period All Service Plans and Service Plan Add-Ons are subject to a Minimum Connection Period or Minimum Term and Termination Charges will be payable if the Service Plan or Service Plan Add-On is terminated before completion of that Minimum Connection Period or Minimum Term. Any benefit or offer included within your Service Plan or Service Plan Add-On will end if your use of that Service Plan or Service Plan Add-On ends or if you change to another Service Plan or Service Plan Add-On.

Termination Charges Termination Charges will be as set out in your Agreement with EE.

3. Orders and Changes

Acceptance EE is entitled to accept or reject new orders and change requests and to conduct additional credit checks. Certain Services can only be added, changed or removed by the authorised account holder

Migrations Customers joining before 30 October 2012 may migrate to a higher price point at any time during the term of the Agreement, but may only migrate down one price point one time once you are have passed the mid-point of your Minimum Agreement Term.

Customers joining from 30 October 2012 on can change to a different Service Plan or Service Plan Add-On price point at any time but you may not drop below the price point specified in your Agreement with EE during your Minimum Connection Period.

You may migrate from a pay monthly Service Plan to a Business SIM Only Service Plan at any time subject to the payment of any outstanding Termination Charges if this is during the Minimum Connection Period.

Service Plan Add-Ons

Service Plan Add-Ons taken on a rolling 30 day contract can be added, removed or changed month on month provided the bundle has been on the account for an initial minimum period of 30 days. A Service Plan Add-On will normally be activated within 24 hours of an order but you may ask for it to be activated at any time up to 28 days in advance. Bundles do not take effect until they have been activated. "Contracted" or "Fixed" bundles may only be added at the point of Connection of the relevant Service Plan and must remain Connected for that Service Plan's Minimum Connection Period. Once a Service Plan Add-On is applied to your subscription you will continue to receive it for the life of your contract unless you contact EE to remove it.

4. Service Plan Add-Ons

Shared Bundles All shared bundles are subject to a maximum number of sharers, being the lower of the limit stated for the chosen bundle or the limit stated on the Service Plan to which the bundle attaches. Shared bundles are attached to the Service Plan leader, and accordingly, all sharers on the same Service Plan.

Recurring Bundles

Recurring monthly bundles have a minimum subscription of one (1) calendar month from the date they are applied to your account and shall remain recurring unless and until you tell us that you want to stop using the bundle at any time, or until otherwise terminated under your Agreement. Cancellation will take effect on the next billing date following the expiry of 10 days from the day you notify EE that you wish to cancel the relevant bundle. The charge for the bundle will be applied to your account on your billing date, which can be found on your bill. You can terminate a recurring bundle at any time after the 1 month minimum subscription and it will be moved from your account.

5. Leaders and Sharers

Leaders and Sharers

Leaders cannot be changed during the Minimum Connection Period. If the leader of a Service Plan is disconnected for any reason, EE may select a sharer to become the new leader.

Roaming:

Roaming Activation

Roaming must be provisioned on the Connection(s) to which any Service Plan or Service Plan Add-On involving Roaming is applied before you travel abroad. See www.ee.co.uk/businessroaming for further details on Roaming zones and the calculation of Roaming charges, both of which may vary from time to time.

Roaming

Roaming services are subject to connection to foreign networks, over which EE has no control, and therefore

Services	the availability and quality of Roaming services cannot be guaranteed.
Billing	Charges incurred whilst Roaming may be billed several months in arrears. Where voice or data Roaming is inclusive in a Service Plan or Service Plan Add-On, Roaming used and processed in time to appear on your bill for the corresponding month will be shown as decremented from that month's allocation. Inclusive roaming which is processed too late to appear in the bill for that month will be shown as free of charge in the bill in which that usage ultimately appears.
Try 4G	EE may offer a two month trial of 4G services to new Customers who sign to a 4GEE data tariff with an average monthly UK data allowance of 2GB per User or greater and a 24 month Minimum Connection Period or longer. Eligible in-life Customers with a compatible device may be offered a two month trial of 4G services at any point during their Minimum Agreement Term. No UK out-of-bundle data charges will be incurred during the two month trial period. At the end of the trial period, Customers will revert to their contracted data bundle.
EU Roaming Data Limit	Where you elect to activate Roaming on all or part of its account, the EU roaming data limit will apply to the relevant Connections unless you have purchased a rolling Roaming Data Bundle of 250MB in the EU or greater. Contact EE to change your Roaming options.
Automatic Updating and Downloads	Tablets and netbooks have the facility to use large amounts of data compared to other types of device and may also be subject to functions and applications that

operate automatic updates and downloads. You acknowledge and accept that activating roaming on your tablet or netbook may result in automatic usage at Roaming rates and in downloading applications you will be liable for any associated data charges including Roaming charges incurred when such applications are automatically updated. You can advise EE at the point of activating roaming if you would like this automatic update facility to be switched off. If you have an iPad you must ensure that it uses software IOS4.2 (or any subsequent update) in order to receive EU regulatory messages concerning Roaming.

6. Price Caps

Data Usage. Customers may continue to use mobile data services after reaching any applicable price cap, but if EE considers the Customer's usage to be excessive beyond the price cap then EE reserves the right to restrict access to mobile data services for the remainder of that billing cycle to protect our network for all our Users. If excessive usage beyond the price cap is continued month-on-month, EE reserves the right to migrate the Customer to a more appropriate service plan level

7. Billing

Rounding

Usage is rounded according to the rules set out at www.ee.co.uk/business/rounding

M2M Enterprise tariffs are rounded to the nearest 1p.

Direct debit

All Charges are calculated on the basis of payment by

direct debit. Payment by other methods will incur the relevant Additional Fee.

Itemised billing All Service Plans come as standard with free online itemised billing. Paper itemised billing can be requested and will be chargeable.

Changes between Billing Where Services are added /removed between billing dates, charges and allowances will be pro-rated.

Dates Where the Charges under this Agreement are varied, there may be a delay in those changes becoming effective due to billing cycles. There may also be a delay in any bespoke roaming, international direct dial solution or International Data Bundle being implemented.

Peak / Off-peak UK peak times: 7:00 am to 7:00 pm Mondays to Fridays

UK off peak times: all other times including English bank holidays.

T-Mobile customers Charges for calls and texts made to T-Mobile customers are charged as calls and texts to customers of another mobile network.

BlackBerry® for Business Terms and Conditions

1. Interpretation

This Solution is provided in accordance with the Customer's Agreement with EE. The term "Solution" is used in these Solution Terms to refer to BIS, BES, BES Express and BES12 (as defined below) as appropriate. The parties must agree the BlackBerry® for business Statement of

Requirements prior to provision of the Solution by EE. This document forms part of the BlackBerry® for business Solution Terms. There is no Solution Description applicable to this Solution but the Customer is responsible for ensuring the Customer Equipment for use in connection with this Solution meets the BlackBerry specifications referred to in the Statement of Requirements document.

2. Definitions

Application: means the software applications that the Customer is able to access via the mobile data server element of the applicable BES, BES Express or BES12 End User Licensed Software and those that a User may load directly onto a BlackBerry® Device.

BlackBerry® Products: means any BlackBerry Equipment supplied to the Customer by EE under the Agreement together with any related documentation.

BlackBerry®: means BlackBerry UK Limited with its registered office at 200 Bath Road, Slough, Berkshire SL1 3XE (company number 040224220) or any of its subsidiaries or affiliates (as relevant).

3. BlackBerry® for business – the Solution

3.1 Service:

- a. These terms and conditions apply to the following BlackBerry® Services:

BlackBerry® Internet Service (BIS)

synchronises the Customer's web based email accounts with its BlackBerry® to give the Customer mobile push email and mobile internet without any need for its own email server

BlackBerry® Enterprise Server Express (BES Express)	gives secure access to the Customer's Microsoft Exchange® or Lotus Domino® server but has no software or licensing costs
BlackBerry® Enterprise Server (BES)	gives the Customer's employees secure mobile access to the Customer's company Microsoft Exchange®, Lotus Domino® or Groupwise® email server and company applications
BlackBerry® Enterprise Service 12 (BES12)	gives the Customer's BB10, Android, Windows Phone and iPhone Users secure mobile access to the Customer's mail server and company applications

- b. BlackBerry®, BlackBerry®, Research In Motion® and related trademarks, names and logos are the property of Research In Motion Limited and are registered and/or used in the U.S. and countries around the world. Used under licence from Research In Motion Limited.

3.2 End User Software Licence:

- a. The Customer agrees (and shall procure that its Users agree) to be bound by the BlackBerry® Solution License Agreement in the form specified at <http://uk.blackberry.com/legal/blackberry-solution-license-agreement.html> as may be amended or updated from time to time.
- b. A Client Access Licence (CAL) for each User of BES or BES12 may need to be purchased from EE by the Customer in order to receive the Services from EE.

- c. Customer is responsible for the cost of any additional End User Licensed Software licence fees payable to BlackBerry in order to receive the relevant BlackBerry® Service from EE.

4. Customer Obligations

- 4.1 The items needed for the Customer to receive BES or BES Express or BES12 Services from EE are referred to in the Statement of Requirements. The Customer will be solely responsible for the provision, installation and maintenance of all those items and will bear all costs associated with them.
- 4.2 Except to the extent that EE or BlackBerry are expressly precluded from law from prohibiting these activities, the Customer shall not (and shall procure that its Users shall not) itself nor authorise any other person to, alter, modify, adapt, create derivative works, translate, deface, reverse engineer, disassemble, decompile or otherwise attempt to derive the source code of BlackBerry End User Licensed Software and/or associated CALs, in whole or in part, nor shall the Customer or its Users attempt to do any of the above.
- 4.3 Unless otherwise agreed by the parties in writing, the Customer shall be responsible, at its own cost, for:
- the installation and configuration of all Software;
 - providing any training to Users of BlackBerry® Devices (if required);
 - integrating its internet service provider or other email accounts with the BIS Solution; and
 - deactivating any lost, stolen or replaced BlackBerry Devices.

5. Export Control

- a. The BlackBerry® Solution License Agreement contains export restrictions imposed by the US government. The Customer agrees

(and shall procure that its Users agree) to comply with those restrictions in respect of the BlackBerry® Products.

- b. From time to time, EE (or BlackBerry) may make available information to the Customer or its Users regarding countries in which use of or to which import or export of the BlackBerry® Products may infringe local laws. All such information is provided for information only, does not constitute legal advice, and EE (and BlackBerry) accepts no liability for any inaccuracy, or act or omission of the Customer in reliance upon it. The Customer is advised to take independent legal advice before using or importing or exporting the BlackBerry® Products abroad. However, EE understands from BlackBerry that, unless directed otherwise by BlackBerry, use of the BlackBerry® Products in the European Union and Switzerland shall not require the Customer to obtain any additional permission beyond those already secured by BlackBerry.

6. Solution Restrictions

Unlimited* BlackBerry® APN data roaming is subject to a 75MB per User per month fair use policy over BlackBerry® APN (for OS7.x Devices and older). BB10 Devices require a compatible BB10 Data Bundle.

7. BlackBerry® Technical Support from EE

- 7.1 In this clause “Standard Support” means the Standard Support Service for Large Business Customers the terms and conditions for which are set out in this EE Large Business Price Guide. If the Customer meets the eligibility criteria set out in the Standard Support Solution Terms, Standard Support applies to this Solution.

- 7.2 The following provisions (7.3 to 7.12) of this clause do not apply to BIS Services from EE.

- 7.3 EE will provide technical support to the Customer’s BlackBerry® server administrator where the Customer has either purchased a full BES or BES12 subscription or has purchased technical support products for all of its BES Express Connections. Where a Customer is upgrading to BES12 from BES or BES Express, EE will only provide technical support where a BES12 bundle or BES12 CALs have been purchased through EE.

- 7.4 It is not possible to take technical support for a portion of the Customer’s BES Express Connections only. If the Customer has only purchased technical support on a portion of its BES Express Connections, EE reserves the right, with prior notification to the Customer, to add the technical support product to the remainder.

- 7.5 The Customer is responsible for providing a first level of support to Users through its own IT Helpdesk and shall ensure that its IT Helpdesk personnel are properly trained to enable the Customer to comply with its support obligations.

- 7.6 If the Customer’s IT Helpdesk is unable to resolve an issue it may escalate the issue to EE’s BlackBerry® Support Team. EE’s BlackBerry® Support Team will be available 24 hours a day, 7 days a week on 0800 079 0226 where calls are escalated in accordance with this clause 7.6 and clause 7.7 below. EE shall use its reasonable endeavours to resolve any issues properly escalated in a timely manner.

- 7.7 The Customer’s IT Helpdesk personnel are solely responsible for escalating issues to EE’s BlackBerry® Support Team. EE will not accept support requests from Users direct. The Customer must notify EE of the names of its IT Helpdesk personnel before calls are placed to EE’s BlackBerry® Support Team.

7.8 Where appropriate EE's BlackBerry® Support Team will make any BES, or BES Express fixes and security patches released from time to time available to the Customer or advise the Customer where such updates may be downloaded from. Any upgrades which may become available from time to time will be brought to the Customer's attention by EE's BlackBerry® Support Team. EE reserves the right to charge the Customer for the provision of any upgrades to BES or BES12. BES Express upgrades are available for download from <http://uk.blackberry.com/business/software-and-services/blackberry-enterprise-server-express/requirements-and-specifications.jsp>

7.9 If the Customer has an existing BES or BES Express or BES12 Server EE will only provide support if the Customer transfers all of its existing Users to EE or, in the case of the Customer using dual suppliers, if it transfers at least 50 of its existing Users to EE.

7.10 EE shall have no responsibility for faults which in its reasonable opinion result (directly or indirectly) from:

- a. the Customer's use of its internal telecommunication equipment or to any equipment not provided by EE;
- b. improper or unauthorised use of the Service or interference with the Service by the Customer including from Customer Equipment;
- c. events outside of EE's direct control; and
- d. a breach by the Customer of its obligations under the Agreement;

EE may charge the Customer reasonable repair fees (including the cost of replacement equipment) to rectify any faults resulting from the above.

7.11 If the Customer accesses and utilises Applications via the Mobile Data Services component of the BES or BES Express or BES12 End User Licensed Software or by loading them directly onto a Device the Customer is solely responsible for any support arrangements in respect of those Applications. EE's BlackBerry® Support Team may

require the Customer to remove any third party Application before attempting to diagnose a reported fault. EE's BlackBerry® Support Team will not be responsible for facilitating dialogue between the Customer and any Application developer.

7.12 Devices purchased from another network operator cannot be covered under the insurance propositions sold by EE or provided on behalf of EE, as described at www.ee.co.uk/business/terms. In the event of such faulty device the BlackBerry® Support Team can offer technical support to: (i) BES Express customers where Customer has purchased support from EE; and (ii) to BES or BES12 Customers. However the Customer will need to purchase a new device from EE if repair is required or contact their previous network operator, from whom they bought the device.

Fault Cover for EE Large Business

Version 1.0 (3rd December 2014)

These terms shall only apply to Devices provided by EE to new Customers or Customers that have re-signed with EE after 3rd December 2014. For new Devices provided by EE to Customers with agreements that pre-date 3rd December 2014 and which were eligible for the Faulty Replacement Service(FRS), FRS shall continue to apply.

1. What is it?

Fault Cover for EE Large Business (the “Service”) provides cover for eligible Devices that are Faulty. For the purposes of the Service Faulty means:

- that the Device has developed a fault and does not operate in accordance with its normal specification or operating instructions; and
- such fault is caused by faulty materials or workmanship; and
- such fault (or the cause of such fault) is not otherwise excluded under the terms of this Service.

If the Device is agreed to be Faulty, EE will (at its option) repair or replace it at no charge.

The Service is additional to, and does not affect, the legal rights that the Customer may have under the general law against the retailer of the Device (which may or may not be EE) or under any separate warranty offered by the manufacturer of the Device.

2. Eligible Devices

The Service is only available to EE Branded Devices and Qualifying Non-Branded Devices provided to EE Large Business Customers which are Connected to the Network under the Customer’s Agreement.

The Service does not cover:

- Device accessories which are not integral to or connected to the Device such as wrist straps, carry cases or styluses (These may be covered by the manufacturer’s warranty, if any);
- Dongles and Data cards (These may be covered by the manufacturer’s warranty, if any);
- batteries which are more than 6 months old;
- the Device for loss, theft or damage. EE has other products which may be available to the Customer to cover these events.

The Service is not available:

- to Devices on Consumer service plans; or
- on SIM only connections; or
- to Customers on PAYG agreements; or
- to Devices on any Service Plan that expressly excludes the Service; or
- to Devices that expressly exclude the Service.

These terms and conditions do not cover network services. Network service is subject to the Customer’s Agreement.

3. Service Period

The Service is available on all eligible Devices provided by EE during the term of the Customer’s Agreement. The Service shall apply to each individual Device when EE Connects the Customer’s new Device on the Network.

The Service will end if:

- the Agreement under which the Device(s) is Connected is terminated; or
- the Customer is in breach of its Agreement; or
- any undisputed Charge is not paid when due under the Customer’s Agreement.

This Service shall be void if the Customer or anyone acting on the Customer’s behalf makes any false or fraudulent claim or supports a claim

by providing false or fraudulent documentation, device or statements and the Customer will forfeit all rights under the Service and all cover will cease.

The Service will end for an individual Device when one or more of the events occur:

- the Device is Disconnected from or not Connected to the Network; or
- the Device is suspended or terminated for any reason; or
- 24 months after the Device was first Connected to the Network; or
- the Device no longer meets the Service eligibility criteria; for example the Service Plan is changed to a Consumer Service Plan.

Once the Service expires or ends, it cannot be extended or re-started.

The Service is non-transferable EXCEPT:

- where the Customer re-signs with EE on a new Agreement. In such an event Devices that are transferred from the Customer's Agreement onto the Customer's new Agreement will continue to benefit from this Service for the remainder of their 24 month period from first Connection to the Network or the term of the new Agreement whichever is the shorter period
- In the event that a Device is novated or transferred out of the Customer's Agreement to another EE customer, EE may allow, at its option, for the Service to continue for the Device.

4. Exclusions and Limitations

EE will repair or replace a Faulty Device provided that:

- the Device has been used in accordance with the manufacturer's operating instructions and any operating instructions issued by EE; and
- all repairs have been/are arranged by EE; and
- the Customer complies with these terms and conditions and its Agreement; and
- the Device meets the eligibility requirements of this Service.

The Service cannot be bought as a separate service from EE. The Service is subject to these terms and conditions. The terms of the Service may be varied after EE has given the Customer 30 days' notice.

The Device will not be repaired or replaced where there is a fault or defect caused by or consists of:

- normal wear and tear, rusting, oxidation or other deterioration due to normal use, exposure, atmospheric or climatic conditions (wear and tear);
- something specifically excluded under the terms of the manufacturer's guarantee or warranty for the Device or which is the subject of a manufacturer's recall of faulty products (manufacturer's guarantee or warranty exclusion);
- breakdown or interruption of the network service (network service);
- damage during any testing, repairing, adjusting, servicing or maintenance operation caused by improper or unauthorised repair, maintenance or modification (unauthorised maintenance or faulty workmanship);
- damage which does not impair the normal functions of the Device (cosmetic damage);
- disregard of the manufacturer's instructions for operation and care of the Device (manufacturer's instructions);
- anything that EE has stated to the Customer is a limitation of the specific Device (EE Device - specific limitation).

The Service does not cover the Customer for loss of use or consequential loss of any kind (for example loss of business/unauthorised calls).

5. Repairs & return of Device to EE

If a Device develops a fault that the Customer considers qualifies it as Faulty under this Service, the Customer shall contact EE on 158 from an EE Device or 07973100158 from another phone. EE will carry out an initial over-the-phone diagnosis and if the Device appears Faulty, EE will arrange to provide a replacement Device and/or collect the Device for repair or examination. EE may at its discretion require the Customer to return the original Device for examination before a repair or replacement is authorised or issued.

The Service includes the cost of delivery of a replacement Device. The Service does not include the cost of failed deliveries, for example, where the Customer is not available to accept a replacement Device at a pre agreed time and place or if the faulty Device is not available for collection. EE reserves the right to charge the Customer for failed deliveries. The current Charge is detailed in this Large Business Price Guide under Additional Charges.

Where the Claim was received and agreed before 07.30pm, EE will endeavour to provide a replacement Device and/or collect the Faulty Device for repair or examination next day except for:

- deliveries to Northern Ireland, Isle of Lewis, Inverness, Paisley, Isle of Arran, Orkney Isles, Hebrides, Perthshire, Isles of Scilly, Shetland Isles and Isle of Wight*; and
- UK Bank Holidays and exceptional circumstances for example: public events, festivals and weather events where road, rail and air transport is disrupted.

The next day service is also subject to delivery slot availability. Deliveries may be made any time between 7am and 10 pm on the next day. Specific timeslots/appointments are not available.

*These geographical limitations are subject to change from time to time. Such changes shall be notified in this Large Business Price Guide.

Where a replacement has been supplied the original Device is EE's property and must be returned to EE – if the Customer fails to do so then the Customer will be charged the list price for the replacement.

The Customer should retain any removable memory cards that are used in the Device. Content, software and data on the Device may be lost as a result of repairs or replacement under the Service. The Customer must ensure that it has made backups of such content, software and data that it does not wish to lose. EE is not liable for any such losses. The Customer must also ensure that any security software installed on the original Device is removed and that the Device is returned in a state where EE can fully access the Device (hardware and software) and refurbish or repair it.

The Customer may be charged the List Price for any returned Device which is found to be damaged rather than Faulty.

Replacement of any Device will only be made with an EE product and may be from refurbished stock that has been tested and is fully functional. A replacement Device may be a different make or model to that sent for repair and may have an alternative operating system, provided that such a replacement will be (in EE's reasonable opinion) of the same or similar specification.

Replacements will normally only be made of that part of the Device which is Faulty so if the handset were Faulty the Customer would be provided with a replacement handset but should retain the original battery, charger and SIM Card.

In the event of a claim the Customer is only entitled to repair or replacement (at the option of EE) of the Device. There is no entitlement to any refund or compensation.

The replacement Device will benefit from the Service for the remainder of the 24 month period of the original Device.

6. In Life Changes

If the Customer makes any changes to their account which results in the Device becoming ineligible for the Service then the Service will cease from the point at which the Device became ineligible.

If the Customer changes the Device it is the Customer's responsibility to check that the new Device can be covered by the Fault Cover.

7. Upgrading

If the Customer Upgrades the Device, the old Device will no longer be covered by the Service from the point of Upgrade. The Upgraded Device will benefit from any Fault Cover or similar service, if any, current at the time of the Upgrade for which it meets the eligibility criteria.

8. Interpretation and Definitions

Where the context permits any defined term in this document shall have the same meaning as in the Customer's Agreement with EE. In this Service Plan:

Agreement means the EE Business Agreement;

Device means a mobile telephone or other device approved by EE for Connection to its Network consisting of a handset, standard battery, travel charger, SIM card and where part of a standard package the memory card and other equipment and which is either an EE Branded Device or a Qualifying Non-Branded Device.
