Topping up

Topping up has never been easier whether you're out and about or at home. All you need to do is decide how much you want to top up (we accept £5, £10, £15, £20, £30, £40 or £50*) and how you want to top up.

If you're **at home** you can top up

- **online**
go to orange.co.uk/topup to top up your own phone, or someone else's phone
- **by calling 450**
from the phone you want to top up, and follow the prompts
- **direct debit**
get free credit by setting up a direct debit for your top up. It's not a contract - you decide how much you want to top up each month and that amount will be transferred from your bank account to your phone. It's simple, easy and you can cancel whenever you want. Call 450 and select option to set up or find out more

If you're **out and about** and you've previously used your credit or debit card with Orange directly, you can top up.

- **SMS**
simply text the last 4 digits of your card, the 2 digit top up amount and the 3 digit card security code on the back of the card** to 2886, e.g. 1234 05 123
- **on your phone**
login to 'Your Account' in your Orange World browser and follow the prompts to top up.
- **using the iPhone app**
if you have an iPhone or an Android phone, you can top up through the 'Your Orange' app. Simply visit the Apple Store or Android Market to download it.

If card top ups aren't your thing, then you can always choose one of these **other options**:

- **Orange shop**
simply buy a voucher and call 450 to redeem it or hand over your cash with your Orange swipe card.
- **Cash machines**
just top up your phone next time you withdraw some money from an ATM.
- **High Street Shops**
visit one of our top up retailers and use your swipe card (just make sure they have the green top up logo) or buy a top up voucher and call 450 to redeem it.

And if you're **going abroad**, remember to top up before you go. If you forget to top up, don't panic – you can still top up online or call +44 7973 100 450 to top up with a credit/debit card.

* restricted amounts apply in some channels.

** If you're using an American Express card, this will be a 4 digit card security code on the front of the card.

Customers who are currently receiving the “250MB a month, for a year” promotion on the current iPhonePromo SIMs will continue to do so until the offer expires. See below for details.

iPhone on Pay as you go

Customers connecting or upgrading to a pay as you go iPhone on Orange get 12 months’ free mobile internet and WiFi. The free mobile internet offer only applies in the UK and is capped at 250MB per month, after which standard pay as you go data charges apply. Customers can monitor how much data they are using by calling 453.

The free WiFi offer gives you unlimited WiFi at BT Openzone hotspots in the UK (to find a hotspot, check out www.btopenzone.com). The offer is also subject to a fair usage limit of 750MB each month. If you go over this limit, we may monitor your usage and withdraw the offer from your account. But 750MB is an awful lot to play with. So hopefully it won’t come to that.
