

UNLIMITED DATA

Terms & Conditions for data use
on Pay Monthly Unlimited Data Plans

Date 18th January 2021

The following terms apply to customers who have taken a Pay Monthly handset or SIM plan with an unlimited data allowance since 28th August 2019.

Your inclusive data allowance is for personal, non-commercial use when in the UK and in the EU.

If you regularly tether 12 or more devices, we will consider this non-personal use and have the right to move you to a more suitable plan.

We will consider usage above 600GB per month to be non-personal use and have the right to apply traffic management controls to deprioritise your mobile traffic during busy periods, or to move you to a business plan.

If you run your account you can gift up to 100GB of your data to others on your account. Data usage on an unlimited plan will decrement from giftable allowance. Any data boost allowance will be added to the giftable allowance.

A 50GB fair use policy applies outside UK.
