

# Pay monthly Mobile Broadband for Tablets.

For customers with a Tablet plan only.

Each year in March, the price of your monthly plan will increase in line with the Retail Price Index (RPI) rate of inflation as published in January by the Office for National Statistics. To check your current monthly price plan charge just check your latest bill or My EE.

This is the Plan Price Guide referred to in your full pay monthly agreement with us. This Plan Price Guide forms part of your agreement with us.

## The legal stuff you need to know:

- For use in the UK only. You'll need to promise to stay with us for 24 months and pass our standard credit check. You'll need mobile broadband coverage: check it at ee.co.uk. Remember that you can't use your plan to make internet phone calls or for peer to peer file sharing. If you use your plan outside the UK, we'll add any roaming charges to your pay monthly account, please see the webpage mentioned above for more details. You can also use BT Openzone hotspots in the UK only. This plan comes with a mobile internet fair use policy of 1GB a month to use anytime and 1GB a month to use between midnight and 10am each day. You also have a Wifi fair use policy of 10GB a month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use your plan. As we aren't the provider of the Wifi service, we aren't responsible for whether there is Wifi available where you want it, or for the quality of that service. Remember that BT's terms, including those about acceptable use, will also apply to you when you use BT Wi-fi. You can see these here: [www.btwifi.co.uk/terms-and-conditions](http://www.btwifi.co.uk/terms-and-conditions). We might swap your Wifi service to another provider in future, provided that you get the same experience.
- Applies to messages sent direct from your SIM card or via the EE website; [www.ee.co.uk](http://www.ee.co.uk).

\*Please go to the "help & Support" section of our website, ee.co.uk, for details around "non-standard" service charging. This includes charges for numbers starting with 05, 070, 08 (including 0870), 09 and 118. Calls to these numbers are subject to a 1 minute minimum call charge unless otherwise stated. Remember that calls to these numbers are not included in your monthly allowance.

\*New customers joining 3 Dec 2010 – 25 March 2011

\*\*Existing customers joining 3 Dec 2010 – 25 March 2011  
and all customers joining from 25 March 2011

# Points to note.

- When you join a EE pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.**
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, for pay monthly customers, if the call exceeds two hours in length and crosses over into different parts of the day (for example, from, 'daytime' to 'evening') the remainder of the call will be charged at the new rate. The call is billed at the rate applicable at the start of the call.
- **A call ends when:**
  - a) you end the call on your device; or
  - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
  - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive minutes you may have.
- For details of the charges for using your Mobile Broadband SIM card whilst you are outside the UK, please refer to our 'Non Standard What it Costs' leaflet.
- Additional charges (e.g. international call charges, premium rates etc) can be found on [www.ee.co.uk](http://www.ee.co.uk) or our 'Non standard charges' leaflet.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
