EE TABLET AND LAPTOP PAY MONTHLY PLAN TERMS AND PRICE GUIDE

Available from 17 August 2022

PLAN TERMS

Choose from an Essentials or All Rounder Plan, see our Price Guide at page 5 for details of your inclusive allowances. If you're on an All Rounder Plan, you will also get access to our Inclusive Extras and some or all the additional benefits described below.

You'll have to pass our standard credit check and promise to stay with us for 24 months.

Your monthly payment is for using mobile internet on your device. Your inclusive data allowance is for use when in the UK and Republic of Ireland (Jersey, Guernsey and Isle of Man not included). When outside the UK you may be subject to a data fair use policy (see below for details).

Plans are for normal person to person use from your device and are subject to your acceptance of our standard terms and conditions for pay monthly services. We monitor use in accordance with those terms. The terms state that you can't use these plans to sell access to our network to anyone else. They are also not to be used for anything unlawful or to send nuisance communications. Remember, we're free to decide that other types of use may also be breaking this term. If you do break this term, we'll contact you and ask you to stop and if you don't then we may disconnect your SIM card from our network.

Plans are for mobile internet use only. You will need to purchase a monthly calling add-on to make calls using your device on this plan.

DATA USE IN UK

You'll need 3G, 4G or 5G coverage to use mobile internet on your device. You'll need to be in range of our base stations: to use our 4G network you need to be within a 4G-enabled area. Plans are 5G enabled and to use 5G you need to be within a 5G enabled area. 5G is only available in a limited number of locations and you must have a 5G compatible device to access it. You can and should check expected coverage via our coverage maps at ee.co.uk/coverage. Your device may not be compatible with other UK networks or networks outside the UK. Whether you're on 3G, 4G or 5G, coverage and speeds will vary depending on your location, the number of people on the network and other factors such as weather and geography. In some very limited circumstances right at the edge the 5G-enabled area and when you are indoors, your device may show you're connected to the 5G network when you're not. You'll still receive our best available speed at this location.

Each plan gives you a data allowance to use each month. If you have a plan with a capped data allowance, we'll let you know by text message when your data is running low (when 80% of your allowance is used up) and when it has run out.

Stay Connected Data

If you have a capped data allowance (i.e. not an unlimited data plan) once you have used up your monthly data allowance your speed will be capped at 0.5Mbps. You will regain access to our fastest speeds upon any of the following:

- renewal of your monthly plan allowance;
- by buying one of our data add-ons; or
- if you are gifted data by someone else in your family account.

Once the data add-on or gifted data runs out, you will return to the capped speeds until your monthly plan allowance has renewed.

Subject to the capability of your device you can use mobile internet on your device to make internet phone calls ('VoIP') use your device as a modem ('tethering') and device for peer to peer file sharing.

Unlimited Data Plans

50GB fair use policy applies outside UK. Personal, non-commercial use only. If you regularly tether 12 or more devices, we will consider this non-personal use and have the right to move you to a more suitable plan. We will consider usage above 600GB/month to be non-personal use and have the right to apply traffic management controls to deprioritise your mobile traffic during busy periods or to move you to a business plan. You can gift up to 100GB. Data usage on an unlimited plan will decrement from giftable allowance. Any data boost allowance will be added to the giftable allowance.

Speeds

Essentials Plans give you access to speeds of up to 100Mbps in the UK. All Rounder plans give you uncapped speeds in the UK. The speeds you achieve will also depend on a number of factors including: your location, the device you are using and geographic factors such as tree coverage and population density. If you are using your phone indoors, the materials of the building you're in may also affect mobile internet speeds.

Data Gifting

The account holder only can gift between pay monthly plans on the same account in increments of 500MB. Unlimited plans can gift up to 100GB. Data usage on an unlimited plan will be deducted from the giftable allowance. You cannot gift to or from Smart Watches or 4G Home plans Data not used in a month does not roll over and allowances are set back to zero at the start of each month. If you are outside your price plans standard countries when your monthly allowances refresh on your bill date the main account holder will not be able to gift data until you return to the UK. Data can only be used in accordance with the plan terms applicable to the receiving line.

ROAMING

A daily charge will apply to use allowances in the EU/EEA unless you have an add-on or Inclusive Extra that includes EU/EEA Roaming. See below for details of destinations included.

Our **Europe Roaming Zone** presently includes:, Austria, Azores, Belgium, Bulgaria, Croatia, Cyprus*, Czech Republic, Canary Islands, Denmark, Estonia, Finland, France, French Guyana, Germany, Gibraltar, Greece, Guadeloupe, Guernsey, Hungary, Iceland, Isle of Man, Italy, Jersey, Latvia, Liechtenstein, Lithuania, Luxembourg, Madeira, Malta, Martinique, Mayotte, Monaco, Netherlands, Norway, Poland, Portugal, Reunion Islands, Romania, San Marino, Saint Martin (French), Saint Barthelemy, Slovakia, Slovenia, Spain, Sweden, Switzerland and Vatican City (Italy).

* Note Turkey (you may connect to a Turkish network in Northern Cyprus) and Andorra are outside the EU/EEA and not included in our European Roaming Zone. Therefore, to use data you will need to buy a data pass and any calls made from either of these countries, or from Northern Cyprus if connected to a Turkish network, will be chargeable.

Fair use amount

If your domestic data allowance is greater than 50GB, a fair usage policy of 50GB whilst roaming in our Europe zone will apply (i.e. you can use up to 50GB from your allowance while roaming). Once you've used your fair use policy amount when roaming, we will notify you and surcharges will apply to continue using data when roaming in our Europe and Rest of World Zones.

The surcharges will last until you exhaust the remainder of your domestic data allowance, return to the UK, or until your next bill date (whichever is earlier).

- 1MB £0.0036

Note whilst the charge displayed above is per MB, EE charge on a per KB basis (i.e. 1KB = £0.00000352 or 0.000352p).

Whether you have a FUP and are subject to the above surcharges after exhausting your fair use amount, or you have a domestic allowance of 50Gb or less and therefore not subject to the fair use amount, if you use all your domestic data allowance when roaming outside the UK you'll need to buy an out of bundle data add-on to continue using data. Details of these data add-ons (and the surcharges mentioned above) can be found in the EE Pay Monthly Non-Standard Price Guide.

Speeds

All our customers can enjoy the superfast speeds supported by our roaming partners abroad (subject to your plan's speed cap). But please note: Speeds outside the UK always depend on the network you connect to and 4G and 5G may or may not be available. We aren't responsible for the speeds or coverage you get outside the UK. As in the UK, your coverage and speeds will vary depending on your location, the number of people on the network and other factors such as weather and geography.

Stable links

You must comply with the EE fair use policy which includes you being a permanent resident in, or having a stable link to, the UK. We will consider you to have a stable link to the UK if, during any four-month period, you:

- spend a total of two months or more within the UK; or
- mainly use your inclusive data usage allowances in the UK, rather than while you are roaming.

If we reasonably believe there is a breach of this stable links policy, we will monitor this based on the combination of your presence in the UK and usage in the EU/EEA/Switzerland for four months. If, during this four month period, we believe or know that you may have breached the conditions set out above, we will notify you of the breaches and ask you to explain the reasons for this, as well as setting out the type of proof you need to supply to satisfy us that your usage complies with EE's stable links policy.

If you do not contact us within 14 days or we think that your explanation for your usage is unreasonable we may apply a surcharge for all future usage. Surcharges are set out above and we will cease to charge these surcharges when you contact us and either supply the proof requested in our notification or comply with the stable links policy. You may not resell our UK SIM cards to persons not residing in or having stable links to the UK. If you do, we may block the SIM card and roaming services.
