

Hello

We're sorry to hear that you've recently bought something from us that wasn't right for you.

**If it's MORE than 14 days since you started your contract or received your equipment:**

If you're a consumer customer, please call us on **150** from your EE phone instead of using this form. You'll need to give 30 days' notice to cancel your agreement with us and a cancellation charge may apply.

**If it's LESS than 14 days since you started your contract or received your equipment:**

If you're a consumer customer and you've changed your mind, just call us on the number below or fill in this form and we'll cancel your contract. Make sure you fill everything in or we won't be able to properly cancel your contract. Once you've completed this form, please return it to us using the contact details below.

If you have some equipment to return to us, you'll be responsible for postage costs and if we don't receive this, your refund won't be processed until it's all returned.

There's more information about returns and the charges that may apply in your welcome email or letter.

**If you're a mobile customer**

You don't have to complete this form to cancel, instead you can simply call us on 0800 079 0103 (20p per minute from your EE mobile or please contact your telephone provider for costs).
