

# COMPLAINTS CODE OF PRACTICE

WE'RE ALWAYS WORKING HARD TO MAKE SURE YOUR EXPERIENCE WITH EE IS AS GOOD AS POSSIBLE. BUT IF SOMETHING HAS FALLEN BELOW THE STANDARDS YOU EXPECT, WE HAVE A COMPLAINTS PROCEDURE TO HELP DEAL WITH THE ISSUE QUICKLY AND SIMPLY.

## Complaints Code of Practice

### Introduction

EE, the UK's most advanced digital communications company, is the first in Britain to offer superfast 4G mobile services alongside fibre broadband. We run the EE, Orange and T-Mobile brands, delivering our 27 million customers with the best network and best service so they trust us with their digital lives.

EE provides a range of services, including services for customers with disabilities, please visit our website <http://ee.co.uk/> for more information.

EE is required by Ofcom to publish a code of practice containing details and information on how we work to solve customer complaints and disputes, and the options available to you if we can't do that within 8 weeks. This code applies to you if you're an EE, Orange or T-Mobile, home broadband, mobile, residential or small business customer. This code is available at <http://ee.co.uk/regulatory> or you can get a copy by calling us.

### Terms and Conditions

When you first enter into agreement with us you'll receive a set of terms and conditions which details how we will provide the services to you. A copy of the terms and conditions that apply to you can be downloaded from our website or by contacting us. Please be aware that call charges may be incurred depending on your talk plan or service provider, and an administration charge may be applied.

### Complaint handling and alternative dispute resolution procedures

We hope that you'll never have reason to complain about any aspect of our services. However, if there is something that you're not happy with you should contact customer services first. We'll try and solve your issue quickly where we can, but there may be times when it may take a while to sort out.

## Step 2

### Stage 1

You can get independent advice from the Citizens Advice Bureau, Consumer Advice Centre and Trading Standards. Whilst we're happy to work together with the above independent organisations, if you decide you need their help to resolve your complaint, we would always want you to come to us first, as most problems can be resolved quickly this way. For broadband customers, after asking us to refer your complaint to the organisations mentioned above, you may also find it useful to speak to the Internet Service Providers Association (ISPA) at [www.ispa.org.uk](http://www.ispa.org.uk).

### Stage 2 - Contact Ombudsman Services

If after contacting us we have not resolved your complaint within 8 weeks or if there is a deadlock situation, you may refer your complaint to Ombudsman Services, free of charge. Deadlock arises when we believe we have done everything we can to resolve your complaint but can't reach an agreement with you. You must have followed our escalation process before you can request a deadlock and we will be unable to send a deadlock letter if we are still working to resolve your complaint or if your complaint falls outside the remit of Ombudsman Services.

Ombudsman Services is an independent dispute resolution scheme, approved by Ofcom. Please ensure that you read Ombudsman Services guidelines to ensure that your complaint satisfies the conditions for referral. <http://www.ombudsman-services.org/communications.html>

When your complaint goes through Ombudsman Services, an independent assessor will review your complaint and make a decision about how to settle it.

Details of the service are available by contacting us or Ombudsman Services directly:

### EU Online Dispute Resolution Platform

From the 15 February 2016, customers who purchase their device or contract online can use the Online Dispute Resolution (ODR) Platform to register a complaint. The ODR is an EU Alternative Dispute Resolution (ADR) procedure which signposts a customer to the relevant ADR provider for their complaint. EE is a member of the Ombudsman Services Scheme as referred to above. Should the nature of the complaint be one which is covered by the Ombudsman Services Scheme the ODR portal will refer you to Ombudsman Services Scheme. You are not required to use the ODR Portal. You can approach Ombudsman Services directly. To apply to the ODR platform an online form needs to be completed and submitted. Further information on ODR and the form can be found [here](#).

### Ofcom

As the communications regulator – Ofcom are there to ensure, among other things, that all Communication Providers have a Complaints Process in place which meets certain criteria. Ofcom don't investigate individual complaints on behalf of the consumer or adjudicate, but they can provide guidance on the complaints process as stipulated in Steps 1-3 of this Code of Practice.
