Notes on UK calling

Unless we tell you otherwise, all charges for UK calls are for calls made or received within the UK only.

Calls within the UK only are calls made or received in England, Wales, Scotland or Northern Ireland.

As you'll know, the Channel Islands and the Isle of Man are not part of the UK. That means that, although customers of networks there will have a telephone number starting with 01, 02, 03 or 07, calls to those numbers from the UK will be charged as a call to our EE Roaming Zone.

What's a UK landline or a local /national call?

This is a call made within the UK to a UK number beginning with 01, 02 or 03.

What's a UK mobile call?

This is a call made within the UK to a mobile number allocated to the national UK GSM cellular network operators and many of the mobile virtual network operators ('MVNOs').

Personal numbers that begin with 070 are not mobiles.

Call Return

You can return a call directly from your voicemail just by selecting '#' once you've finished listening to a voicemail message.

Standard roaming rates apply when accessing your voicemail service whilst abroad if you don't have one of our pay as you go packs. Standard rates apply when using Call Return whilst abroad.

Call Divert

Call divert is a feature which lets you divert your incoming calls to a different number. Standard call rates apply to diverted calls.

Calling into CS

You can call into our Customer Services by dialling 150 from your handset or from a UK landline – call 0845 412 5000 (charged at Access Charge per minute plus a Service Charge of 7p per minute). If you're calling from abroad call +44 7953 966 150.

Group Voice Messaging

Send one voicemail message to up to 20 EE friends at once. You'll only be charged for your call to your voicemail. Standard rates apply.

EE Group Call

EE Group Call is a conference call hosting service that enables up to 20 callers to conference in to one call.

The group organizer will need to choose a conference ID. This can be any 6 digit number, for improved security we suggest avoiding numbers like 111111 or 123456. Conference IDs can be longer than 6 digits if desired. Participants dial into EE Group call at the agreed date and time of the call and enter the conference ID when prompted.

Third Party Information Services

Charges vary as published by third party.

PLANS AND ADD-ONS

Flex Plan	Plan Allowances ¹	Price	Plan Duration ²
£10 Flex plan	2GB, 1000 mins, unlimited texts	£10	30 days
£15 Flex plan	5GB, 2000 mins, unlimited texts	£15	
£25 Flex plan	10GB, 3000 mins, unlimited texts	£25	
£30 Flex plan	20GB, 3000 mins, unlimited texts	£30	

1. Pack allowances can be used in the UK and while roaming in the EU.
2. All Plans last for the stated duration, but any of the allowances can be used up in that time. After the stated duration, payment is taken automatically from your payment card, and a new set of allowances is provisioned; unused minutes allowance expires and unused data rolls over to the next plan.

Add-Ons available to all Flex plans customers

3. Add-On minutes and texts are from the UK to UK mobile networks, voicemail, and numbers beginning 01, 02 and 03 (excluding Jersey, Guernsey and Isle of Man). Calls & text messages to certain MVNO ranges and call forwarding services are not included in Add-On connection. See 'Points to note' for more information.
4. Refer to the 'Calling abroad from the UK' section for details of included countries and individual country rates.

SERVICE CHARGES

Service Charge	Charge (incl. VAT)
Replacement SIM card	£1.50
Changing your phone number	£35.74
Reconnection	£24
Memorable number ⁵	Prices available on request
Unlock mobile phone for use on another compatible network ⁶	Free

5. The memorable number will remain our property unless a PAC code in relation to the memorable number is issued and used. The memorable number will be allocated to your SIM card. You may not sell or transfer the memorable number to anyone else without our consent. If you do try to sell or transfer the memorable number without our consent you will lose all rights to use the memorable number and you will not be able to obtain any further memorable numbers from us in future. If you leave EE you may take your memorable number with you only upon the issue to you of a PAC code. You cannot obtain a memorable number if your account is in arrears. Unless a PAC code has been issued and has been used, upon termination of your service agreement with us for any reason, you will lose all rights to use the memorable number. We can change or withdraw a memorable number if we have a good reason, for instance, a legal reason or where we are required to do so by Ofcom or any other regulatory body. We will endeavour to give you reasonable notice if we have to do this. If you leave EE, or if we change or withdraw your memorable number for any reason, you will not be able to claim a refund of the one off premium paid to us.
6. Handsets can only be unlocked from our network once you've been on the Flex plan that the phone came with for at least 6 months.

ROAMING

Flex plan customers will be able to use their allowances at no extra charge whilst roaming in the EU. See our Flex plan terms ee.co.uk/flexterms for full information on charging.

What this means for our customers is, they should be able to use their phone exactly as they would in the EU as they do in the UK. Usage that is normally included in the Flex plan in the UK will still be inclusive in the EU, and usage that is normally chargeable (i.e calling the USA) will still be chargeable, and at international rates.

Voice mail charges whilst travelling

When roaming outside of Europe*, you'll be charged the per-minute rate for making a call when you listen to your voicemail. You'll also be charged when someone leaves you a voicemail unless you divert all calls to voicemail, or switch off your device when you're travelling.

*Europe is defined as countries in Zones 1a, 1b and 2a. Outside of Europe countries are defined as countries listed in Zones 2b and above.

Points to note

You must make a connection action at least once every 180 days. If you do not, your SIM card will be disconnected from the network, and you will not be able to use the service at all. You will also lose your mobile phone number. Any credit on your account at the time of disconnection will be forfeited.

'Connection actions' are:

- Making a chargeable outbound call
- Sending a text message
- Topping up your account
- Making a payment for an Add-On

We can place a charge on your account if a bank reverses a debit or credit card payment to your account. The amount of the charge will be the same as the amount recovered by the bank. Your account's credit balance may drop below zero as a result of this charge. If this happens subsequent credits will, in the first place, be applied to clear any such negative balance.

Any text message sent to you, which doesn't get through because you are out of credit will be lost. To make or receive a chargeable call or receive a voicemail message, you must have sufficient credit on your account to enable you to make a call of one minute duration. The call will be terminated when the balance on the account reaches zero during the call. To send a text as part of an allowance or multimedia message, you must also have a minimum of 1 pence credit available.

Calls are charged by the minute (unless otherwise stated) and rounded up to the nearest penny.

If you use, whether directly or through a third party, any device to route or re-route voice, text messages or other services on, from or to the network or you sell or attempt to sell or otherwise provide commercial services using our network to any third party, we'll remove your free minutes or texts from you and/or disconnect your SIM card from our network without giving you any advance warning.

All prices include VAT at the current rate of 20% (includes those calls made or received whilst abroad).

Charging starts when a call is answered by a person or answering device.

A call ends when:

- a) you end the call on your device; or
- b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
- c) you do not end the call on your device up to 30 seconds after the last third party you were connected to has ended their call.

A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.

While we use all reasonable endeavours to ensure that your calls are processed in the order that they are made, and that they are billed for the appropriate period, for reasons beyond our control it is possible that this may not happen.

This is the Plan Price Guide referred to in your Pay As You Go agreement with us. This Plan Price Guide forms part of your agreement with us.
