3 Months MBB Booster ²	£30
-----------------------------------	-----

1. To get Mobile Broadband you'll need a compatible laptop, a Mobile Broadband device (which you'll need to buy) and mobile broadband coverage. You'll need to choose if you want a day, a week, any 7 days to use over 30 days (for customers joining from 1 Feb 2011 only), or 30 days of Mobile Broadband. If you're a pay as you go customer, the cost will come straight out of your top up credit. If you're a pay monthly customer, the cost will be added to your monthly bill. Your day will run out exactly 24 hours after you buy it. If you've bought 1 week, it will run out exactly 7 days from when you bought it. And if you've bought 30 days it will run out exactly 30 days from when you bought it. If you've bought any 7 days you'll have 30 days from the time of purchase to use your 7 days, or you'll lose them. Each day will last for exactly 24 hours from the moment you activate it. When your Mobile Broadband runs out you'll then need to buy more days to keep using it. If you want to use Mobile Broadband outside the UK you'll need to pay more. If you don't use your plan for 180 days, we'll cancel it and your Mobile Broadband device won't work. You'll lose any top up credit left on your account. Each plan comes with a fair use policy depending on when you joined T-Mobile. You can buy an additional day, week, Any 7 days and 30 days time periods before your current time runs out. The additional time period will start automatically and immediately the first one stops. The day has a fair use policy of 0.25GB (0.5GB for customers who joined before 1 Feb 2011), the week has a fair use policy of 0.5GB (1GB for customers who joined before 1 Feb 2011), any 7 days has a fair use policy of 0.25GB for each day and the 30 day has a 1GB fair use policy (2GB for customers who joined before 1 Feb 2011). We'll monitor how much you send and receive during your plan so that we can protect our network for all customers. If you use more than your fair use policy amount, we won't charge you anymore, but we may restrict how you can use your plan. Remember that you can't use your plan to make internet phone calls. If you want pay monthly Mobile Broadband Pay per day we may need to do a credit check.
2. You get 90 days of Mobile Broadband and a Mobile Broadband USB Stick. You'll need a compatible laptop and mobile broadband coverage. You'll need to activate your Mobile Broadband by clicking on the 'Activate' button on the Mobile Broadband landing page. When your 90 days of Mobile Broadband is up, you can then buy one of our other great pay per day options or another 90 days. Remember that your 90 days of Mobile Broadband has been paid for up front and that you won't be able to get a refund if you stop using it within that time. To make sure all our customers get a high quality of service, a fair use policy of 1GB per calendar month applies to your initial 90 days (for customers who joined from 1 Feb 2011) or 2GB (for customers who joined before 1 Feb 2011). Points to note

- You must make a connection action at least once every 180 days. If you do not, your SIM card will be disconnected from the network, and you will not be able to use the service at all. You will also lose your mobile phone number. Any credit on your account at the time of disconnection will be forfeited.

'Connection actions' are:

- Making a chargeable outbound call
 - Sending a text message
 - Topping up your account
 - Making a payment for a value added service
 - Registering your details
- We can place a charge on your account if a bank reverses a debit or credit card payment to your account. The amount of the charge will be the same as the amount recovered by the bank. Your account's credit balance may drop below zero as a result of this charge. If this happens subsequent credits will, in the first place, be applied to clear any such negative balance.
 - Any text message sent to you, which doesn't get through because you are out of credit will be lost.
 - To make or receive a chargeable call or receive a voicemail message, you must have sufficient credit on your account to enable you to make a call of one minute duration. The call will be terminated when the balance on the account reaches zero during the call. To send a text as part of an allowance or multimedia message, you must also have a minimum of 1pence credit available.
 - T-Mobile information services rate applies when using short code dialling from your mobile phone (unless otherwise stated).
 - Calls are charged by the minute (unless otherwise stated) and rounded up to the nearest penny.
 - If you use, whether directly or through a third party, any device to route or re-route voice, text messages or other services on, from or to the network or you sell or attempt to sell or otherwise provide commercial services using our network to any third party, we'll remove your free minutes or texts from you and/or disconnect your SIM card from our network without giving you any advance warning.
 - All prices include VAT at the current rate of 20% (includes those calls made or received whilst abroad).
 - Charging for calls will commence when:
 - A call has been answered
 - Connected to a customer services advisor
 - Indicated within the Roaming automated service

www.t-mobile.co.uk/whatitcosts

- A call ends when:
 - a) you end the call on your device; or
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device up to 30 seconds after the last third party you were connected to has ended their call.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
- While we use all reasonable endeavors to ensure that your calls are processed in the order that they are made, and that they are billed for the appropriate period, for reasons beyond our control it is possible that this may not happen.
- The following plans are no longer available to move to: Talk Tariff, Mates Rates, Mates Rates International, Text Appeal, Everyone, Standard, Relax, Relax with Allowances, Talk & Text. If existing customers leave one of these plans they will not be able to join.
