# PLAN TERMS

## General

1. Watch Plans with Apple Fitness+ are available with an Apple Watch on a 24-month minimum term.
2. Subject to credit check. Monthly charges assume online billing. Upfront cost may apply depending on model. EE's Pay Monthly Network terms and Smartwatch 24 month plan terms apply to your use of this service: see [ee.co.uk/terms](https://ee.co.uk/terms).
3. Smart Watch Plans are only available as a second line to new and existing Consumer and Small Business Customers on a Pay Monthly or SIM only phone plan (a "Primary Device Plan") with a compatible phone ("Primary Device").
4. Watch Plans with Apple Fitness+ are a "Personal Paired Plan", which shares the phone number of your Primary Device Plan and must be paired at all times to a compatible handset (iPhone 6S or later, running iOS 14 or later) on the EE network on an eligible plan in order to use data or receive/make calls and texts on your Watch. Your Primary Device Plan and Personal Paired Plan must be on the same Account.
5. If you cancel the Plan for your Primary Device, you will be unable to use data or receive/make calls and texts on your Watch until you pair it to another EE number and compatible phone.
6. If your Primary Device is switched off, you will not receive text messages on your Watch. You will still be able to receive iMessages.
7. Whilst your Watch is in proximity to your Primary Device connected via Bluetooth, your Watch will use the data allowance from your Primary Device Plan. If your Watch is not in proximity to your Primary Device or the two devices are not connected via Bluetooth or on the same WiFi network, the Watch will use the data allowance from your Personal Paired Plan.
8. Device compatibility is subject to change; refer to Apple's website for the latest compatibility.
9. The Apple Watch app is pre-loaded on your iPhone. If your iPhone does not have the Apple Watch app (for example, because you have uninstalled it) you will need to download it to

your iPhone. The Apple Watch app is free, but data charges may apply when you visit the App Store and download it.

10. You may need to download music to your Apple Watch from your music app to listen, subject to app functionality. Subject to availability.
