3. Calls made within your allowance are charged on a per second basis.
4. Calls & text message to certain MVNO ranges and call forwarding services are not included in your allowance. A pre call announcement may be heard prior to call connection. See 'points to note' for more information.
5. Unless otherwise stated a one minute minimum call charge applies. Thereafter, calls are charged on a per minute basis.
6. Call divert is included in your allowances where the diverted to number would have ordinarily been included in your allowance. Standard call rates apply to outside of allowance calls.
7. Calls to some charity helplines (e.g. Childline) are free to call and will not be deducted from your allowance. For a full list please visit the "Help & Support" section of our website, t-mobile.co.uk.
8. Call charges vary depending on the time of your call as well as other optional selections that you may choose. You will be notified of call costs and have the option to end the call at that point without incurring any charge. Please see our 'Non-Standard Service' brochure for further details and for definitions of our "normal working hours" and "extended working hours".
9. Please see ee.co.uk/ukcalling for a list of Service Charges.
10. You'll have to promise to stay with us for 24 months and pass our standard credit check. Your monthly payment is for your inclusive minutes and texts from the UK to the customers of UK mobile networks and numbers starting with 01, 02 & 03 any time. This doesn't cover Jersey, Guernsey and the Isle of Man. Where your plan includes unlimited minutes a fair use policy applies to the use of those unlimited minutes. If you use over 3000 minutes a month, we may ask you to reduce your usage so we can protect our network for all our customers. If you fail to reduce your usage, we reserve the right to ask you to move your account to another, more appropriate, price plan. You also get a flexible booster as part of your plan. You can choose one flexible booster at a time from our current range and it applies from when you make your choice. You can change it once every 30 days, counting from

Life's for Sharing

the last time that you changed it. To change your choice of booster, just send us a text with the code of your new choice. We'll send you a text when your new booster is ready to use. Other legal stuff applies to each booster, check it all out at www.t-mobile.co.uk

Your plan also includes internet on your phone, you'll need internet coverage, check it at t-mobile.co.uk/streetcheck Remember that you can only use internet on your phone in the UK and you can't use your phone as a modem or use internet on your phone for peer to peer file sharing, instant messaging or making internet phone calls. *Internet on your phone comes with a fair use policy. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use your internet, depending on how often you go over your amount and by how much. The fair use policy for plans at £45 a month is 750 Mb a month, and for plans at £60 a month it is 1 GB a month. For all other plans, the fair use policy is 500Mb a month.

If you buy this phone, that means that you understand and agree that your phone is "always on" for using the internet in the UK. You can switch this off by going to settings → general settings → Network and then making sure data is switched off. However, we've set up your phone so that it is not always connected to the internet if you travel outside the UK. If you change this set up and then use your phone outside the UK, you also understand and agree that you'll be charged our usual roaming charges, see www.t-mobile.co.uk

Please go to the "Help & Support" section of our website, t-mobile.co.uk for details around "non-standard" service charging. This includes charges for numbers starting with 05, 070, 09 and 118. Calls to these numbers are subject to a 1 minute minimum call charge unless otherwise stated. Remember that calls to these numbers are not included in your monthly allowance.

Points to note

General

- Your **inclusive minutes allowance** (shown on your bill as 'inclusive time' or 'allowance') is the number of inclusive minutes included in your monthly plan. Your allowance includes voice, fax and data calls (but excludes calls to the T-Mobile WAP service and calls made whilst abroad). Numbers prefixed with 08 are not included in your allowance.
- **Fair Use Policy:** To ensure the provision of a quality service to all our customers and to ensure that the behaviour of some does not disadvantage the majority of our customers, we may request customers who make excessive use of inclusive calls to reduce their usage of these calls. If usage continues to be excessive, T-Mobile may move these users to another plan from a selected range, and they may lose the right to move back to that original plan. T-Mobile currently considers 'excessive' use to be more than 3000 minutes of inclusive calls per month. We reserve the right to vary this policy, but we will notify you if we do.
- **If your inclusive minute allowance runs out during a call**, we will charge you for the remainder of that call.
- If a pay monthly plan has **rollover**, unused inclusive minutes from one monthly billing period are 'rolled over' for use during the next monthly billing period, up to the amount of inclusive minutes in your monthly allowance. Unused inclusive minutes are not refundable. Any inclusive minutes we may allow you are limited to the specific circumstances in which it was given. You cannot add it to any allowances you may already have from previous promotions.
- If you **move between any of these pay monthly plans with rollover**, you can carry forward any unused allowance from your previous plan to your next plan.
- The allowance you have used is worked out when we print your bill. You can **get an estimate of the amount you have used** by calling the T-Mobile account enquiry service (dial 150). The estimate includes the inclusive minutes you have used up to the time of your enquiry in the current billing period. If there is a difference between the enquiry service estimates and the amounts shown on the bill, the latter takes precedence.
- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer**. Your first month's charge and inclusive minutes allowance will be proportionate to the number of days from your date of joining to the date of the bill. All monthly charges and inclusive minute allowances will be proportionate to part months used, except where this would conflict with any other clause of the agreement.
- **Per minute charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, if the call exceeds two hours in length and crosses into a different part of the day (for example, from 'daytime' to 'evening'), the remainder of the call will be charged at the new rate.
- A call ends when:
 - a) you end the call on your device;
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, the charge for each call is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a minimum charge per call of 2p unless otherwise stated.
- Free voicemail retrieval applies to the retrieval of messages when using the T-Mobile service in the UK.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive time you may have.
- Additional charges may apply whilst using your T-Mobile phone abroad.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.ee.co.uk/pricguides or our 'Non standard charges' leaflet.
- T-Mobile reserves the right to vary or withdraw any individual or additional service with 30 days notice.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
- Total amounts on your bill are rounded to two decimal places, so the value may be a penny higher or lower.
