To be eligible for triple data on your second and third Flex Plan months, you will need to buy the same product at the same price:

- Flex Plan customers will get triple data for the next two months of their same monthly plan.

For example, if you first bought a £15 Flex Pack, you'll need to buy a £15 Flex plan again to receive triple data. If you switched to a £15 Data Pack, or a £10 Flex Plan, you'd no longer be eligible for triple data.

Your triple data will expire within 30 days of you receiving it; it will not roll over.

If you pause your Flex Plan, you will have 90 days to un-pause your Plan. If you don't renew within 90 days, you will no longer be eligible and will lose your triple data benefits.

Activate your SIM within 90 days of purchase and before 31 August 2019 to start receiving triple data. If you fail to use your SIM for 180 days you will be disconnected from the network and will no longer be eligible for this offer.
