Roaming for Pay Monthly customers

These terms apply only to usage of your EE, Orange or T-Mobile pay monthly plan in the EU/EEA/Switzerland from 15th June 2017. They replace the terms relating to roaming in the EU/EEA in your specific plan terms. All other parts of your plan terms and your network terms continue to apply to you unchanged.

Your monthly payment is for using mobile internet on your phone, for checking voicemail (including visual voicemail if you have an iPhone) and an allowance of minutes and texts. You can use your minutes & texts:

- When in the UK to call and text customers of UK mobile networks and UK landlines starting with 01, 02 & 03 (Jersey, Guernsey and Isle of Man not included).
- When abroad in the EU/EEA/Switzerland to call and text customers of UK mobile networks and UK landlines starting with 01, 02 & 03 (including landlines and mobiles in Jersey, Guernsey and the Isle of Man).
- When abroad in the EU/EEA/Switzerland (including Jersey, Guernsey and the Isle of Man) to call and text customers of EU/EEA mobile networks and landlines.

For example:
- Calls and texts from the UK to France are not included in your allowance, as this is an international call.
- Calls and texts from France to mobiles & landlines in the UK are included as part of your roaming allowances.
- Calls and texts within the EU/EEA/Switzerland to mobiles & landlines (so for example from France to France, or from France to Spain) are included as part of your roaming allowances.

You cannot use your inclusive minutes and texts to call and text customers of mobile networks and landlines in the EU/EEA/Switzerland when in the UK. Allowances do not include premium rate numbers anywhere in the UK or the EU and will be charged at your normal plan rate.

Calls to numbers starting with 08, 070, 09 and 118 are not included in your inclusive allowance of minutes. Calls to numbers starting with 084, 087, 09 and 118 will be split into two parts:
- the Access Charge – this is the amount that is charged by EE of 55p (45.83 excluding VAT) per minute;
- the Service Charge – this is charged by the organisation you are calling. The amount of the Service Charge is set by them, and should be stated anywhere the number is advertised.

The Access Charge is added to the Service Charge to give your total cost of call. For further information https://ee.co.uk/help/help-new/billing-usage-and-top-up/call-text-and-data-charges/charges-for-calling-non-geographic-numbers

Your inclusive data allowance is for use when in the UK and in the EU/EEA/Switzerland. When in the EU/EEA/Switzerland you may be subject to a data fair use policy (see below for details).
EUROPEAN ROAMING

Inclusive roaming benefits are available to UK based customers only.

Our Europe Zone presently includes: Austria, Azores, Belgium, Bulgaria, Croatia, Cyprus*, Czech Republic, Canary Islands, Denmark, Estonia, Finland, France, French Guyana, Germany, Gibraltar, Greece, Guadeloupe, Guernsey, Hungary, Iceland, Ireland, Isle of Man, Italy, Jersey, Latvia, Liechtenstein, Lithuania, Luxembourg, Madeira, Malta, Martinique, Mayotte, Monaco, Netherlands, Norway, Poland, Portugal, Reunion Islands, Romania, San Marino, Saint Martin (French), Saint Barthelemy, Slovakia, Slovenia, Spain, Sweden, Switzerland and Vatican City (Italy).

*Note Turkey (you may connect to a Turkish network when in Northern Cyprus) and Andorra are outside the EU/EEA and not included in our European Roaming Zone. Therefore, any calls made from either of these countries, or from Northern Cyprus if connected to a Turkish network will be chargeable.

If you have an EE 4GEE Max plan you will also be able to take your inclusive allowance to Australia, Canada, Mexico, New Zealand and the USA.

You can call 150 free of charge when roaming in the EU/EEA/Switzerland to get information about our charges. Emergency services can be contacted within the EU/EEA/Switzerland by calling 112. If your device is compatible with WiFi Calling, you will not be able to use it for WiFi Calling when outside the UK.

Fair use amount

If your domestic data allowance is greater than 15GB, a fair usage policy of 15GB whilst roaming in our Europe Zone will apply (i.e. you can use up to 15GB from your allowance while roaming). Once you’ve used your fair use policy amount when roaming, we will notify you and surcharges will apply to continue using data when roaming in our Europe Zone.

The surcharges will last until you exhaust the remainder of your domestic data allowance, return to the UK, or until your next bill date (whichever is earlier).

– 1MB £0.0060

Note whilst the charge displayed above is per MB, EE charge on a per KB basis (i.e. 1KB = £0.0000060 or 0.00060p).

Whether you have a FUP and subject to the above surcharges after exhausting your fair use amount, or you have a domestic allowance of 15GB or less and therefore not subject to the fair use amount, if you use all your domestic data allowance when roaming outside the UK you’ll need to buy an out of bundle UK/EU data add-on to continue using data. Details of these data add-ons (and the surcharges mentioned above) can be found in the EE Monthly Plan Terms And Price Guide.

So, for example, if your data allowance is 25GB you can use a maximum of 15GB when roaming:

<td>You’ll have 12GB left to use in the UK when you come back</td>
<td>After you have used the remaining 10GB of your allowance you will need to buy a data add-on to use more data whether you are in the EU or the UK. If you use more than 5GB of the data from the add-on while in the EU, surcharges will apply for you to keep using data</td>

**Speeds**
All our customers can enjoy the superfast speeds supported by our roaming partners abroad. But please note: Speeds outside the UK always depend on the network you connect to and 4G may or may not be available. We aren’t responsible for the speeds or coverage you get outside the UK. As in the UK, your coverage and speeds will vary depending on your location, the number of people on the network and other factors such as weather and geography.

**Stable links**
You must comply with the EE fair use policy which includes you being a permanent resident in, or having a stable link to, the UK. We will consider you to have a stable link to the UK if, during any four-month period, you:

- spend a total of two months or more within the UK; or
- mainly use your inclusive voice, text or data usage allowances in the UK, rather than while you are roaming.

If we reasonably believe there is a breach of this stable links policy, we will monitor this based on the combination of your presence in the UK and usage in the EU/EEA/Switzerland for four months. If, during this four month period, we believe or know that you may have breached the conditions set out above, we will notify you of the breaches and ask you to explain the reasons for this, as well as setting out the type of proof you need to supply to satisfy us that your usage complies with EE’s stable links policy.

If you do not contact us within 14 days or we think that your explanation for your usage is unreasonable we may apply a surcharge for all future usage. Surcharges are set out above and we will cease to charge these surcharges when you contact us and either supply the proof requested in our notification or comply with the stable links policy. You may not resell our UK SIM cards to persons not residing in or having stable links to the UK. If you do, we may block the SIM card and roaming services.

**Complaints**
If you have any concerns about EE’s FUP policy, please get in touch with us using your preferred contact method at our [Ways to Complain](#) page. Please see our [Complaint Code of Practice](#) for full details of our complaints procedure.
