

EE MULTI TECH COVER

EE FULL COVER & EE DAMAGE COVER TERMS & CONDITIONS

Available from 17 November 2025

WELCOME TO FULL COVER & DAMAGE COVER

Welcome to your insurance for your devices. When we use 'we' or 'us' in this document we mean Chubb European Group SE (UK Branch). When we say 'you' or 'your' we mean the person named on the 'Confirmation of Your Insurance' document and other persons covered under this policy as outlined in the following paragraph.

This cover extends to you or your spouse, domestic partner or civil partner, children under the age of 23 (including adopted and foster children) and any other relative permanently residing with you. We also cover the above if they reside with you outside of term time and are at school, registered on a full-time course at a university or other place of higher education within the United Kingdom. This cover excludes tenants or lodgers.

This document, together with the 'Confirmation of Your Insurance' document, forms a contract between you and us. Please read both documents carefully and keep them in a safe place. If you have chosen Damage Cover, this policy provides coverage if your devices are accidentally damaged. Additionally, if you have selected Full Cover, your devices are covered for accidental damage, loss, or theft. Both Damage and Full Cover also offer protection in the event that your devices break down after the manufacturer warranty has expired.

When we say 'device' or 'devices' we mean your new or refurbished devices purchased from a UK retailer, a mobile network operator or a manufacturer based in the UK, that is also UK VAT registered. Your devices must have been refurbished or repaired by a manufacturer approved repairer who used genuine manufacturer parts. Any devices purchased from an online marketplace, for example via a social media app or eBay, which are not purchased via the original retailer may not be covered. We will cover devices gifted to you as long as you can provide the original receipt.

EE Multi Tech Cover is underwritten and administered by Chubb European Group SE (UK Branch). See Regulatory status on page 13.

All terms and conditions are given in English, and we'll only ever communicate with you in English. If you need a copy of these terms and conditions in large print, braille or audio, please call EE Customer Care. You can find the number in the 'Contact Details' section on page 4.

CONTACT DETAILS

EE Customer Care

Contact EE Customer Care, or log in using your EE ID via the EE app to check what level of cover you have, make changes to your policy or to make a claim. You should also contact EE Customer Care if you have any questions about complaints or cancellation.

Online

Login using your EE ID via the EE app.

By phone

Call 150 on your EE mobile or call 07953 966 150 from any other phone.

Calls to EE Customer Care are free from an EE Pay Monthly phone. Calls from EE Pay As You Go cost 25p. If you're calling from another provider, please check your call charges with them.

For further information on how to contact EE you can refer to the EE website at ee.co.uk.

SUMMARY OF COVER

There are two types of cover – Damage Cover or Full Cover. Take a look at your ‘Confirmation of Your Insurance Cover’ document to see which you have or check your cover details in the EE app, or by calling EE Customer Care. You can find the number in the ‘Contact Details’ section on page 4.

Here’s a summary of what’s covered:

	Damage Cover	Full Cover
If your devices are lost or stolen	✗	✓
If your devices are damaged by accident	✓	✓
Cover for Breakdown (Following the expiry of your manufacturer warranty)	✓	✓
Is an authorised user included? (An authorised user is someone you agree can also use or look after your devices for you)	✓	✓
Are you covered worldwide?	✓	✓
Cover for in-box manufacturer provided charging accessories – as part of a devices claim	✓	✓
How many claims can you make?	<p>If any of your devices are damaged: We’ll cover up to five claims in total in any 12-month period.</p> <p>Each device you claim on counts for one claim towards your total claims limit. For example, if you have two devices in the same incident and wanted to claim for both devices, we would consider this as two separate claims.</p> <p>If any of your devices breakdown following the expiry of the manufacturer warranty: Unlimited.</p>	<p>If any of your devices are damaged, lost or stolen: We’ll cover up to five claims in total in any 12-month period, of which three can be for loss and theft.</p> <p>Each device you claim on counts for one claim towards your total claims limit. For example, if you have two devices in the same incident and wanted to claim for both devices, we would consider this as two separate claims.</p> <p>If any of your devices breakdown following the expiry of the manufacturer warranty: Unlimited.</p>
How much excess do you have to pay?	The excess you’ll pay depends on the device you make a claim on. You can find the amount in your ‘Confirmation of Your Insurance Cover’ document, or you can go to your EE app.	
Eligible devices	<p>Categories of devices you can have covered:</p> <ul style="list-style-type: none"> - Mobile Phones - Tablets - Laptops & Netbooks - Portable Gaming Consoles - Gaming Consoles including controllers and VR Headsets (Damage only) - Smart Watches - Headphones and Earbuds - eReaders - Fitness Trackers - Home security devices such as video doorbells, excluding integrated home security (Damage only) <p>For more information or to view the latest categories covered under this policy, you can view this online at ee.co.uk/excessesandcharges</p> <p>Subscription based devices that can only be purchased directly from the manufacturer may be excluded from this policy for reasons beyond our control. You may be able to contact the supplier directly in order to resolve your claim.</p> <p>Your devices must be:</p> <ul style="list-style-type: none"> - New devices purchased from a UK retailer which is UK VAT registered - New or refurbished devices purchased from a mobile network operator, or a manufacturer based in the UK and is also UK VAT registered - Refurbished or repaired by a manufacturer approved repairer - Repaired with genuine manufacturer parts - Purchased online where the original manufacturer is selling through an online marketplace 	

	<p>Any devices purchased from an online marketplace, for example via a social media app or auction websites, which are not purchased via the original retailer may not be covered. We will cover devices that have been gifted to you as long as you can provide the original receipt. We will not cover devices from a UK retailer which is not a mobile network operator if they are purchased refurbished and come with a warranty provided by the seller.</p> <p>You must provide proof of purchase such as receipts or other proof of ownership. If any of your devices have been gifted to you, you will need to provide the original proof of purchase for those devices.</p> <p>Your devices must be under five years old from your purchase date at point of claim, or it must be within five years of your devices being repaired or replaced under this policy.</p> <p>The price of each of your devices must be no more than £1,500 (including VAT) at point of purchase.</p> <p>Your devices must be in good condition and full working order at the time of purchasing your policy. If any of your devices are found to have non-original, third party, or unbranded parts such as non-manufacturer accredited parts then those devices will not be eligible for cover under this policy and any claims you make will be declined.</p>
--	--

HOW THIS POLICY WORKS

There are two levels of cover for this insurance, Full Cover and Damage Cover.

Full Cover – worldwide cover for devices in the event of loss, theft, accidental damage, and breakdown after the manufacturer warranty has expired.

Damage Cover - worldwide cover for devices in the event of accidental damage and breakdown after the manufacturer warranty has expired.

We recommend that you check to make sure you do not already have similar insurance or coverage through other sources, like a packaged bank account, travel insurance, home contents insurance or other gadget cover, to avoid any unintentional overlap. If we identify you have more than one policy with EE, we will notify you to enable you to consider the action you may wish to take. You may only have one Multi Tech Policy live at any one time.

Your devices must be in full working order at the time of purchasing your policy. If there is evidence that the damage, theft or loss occurred prior to the policy start date your claim will be declined.

We recommend you register your devices via the EE App as soon as possible after purchasing your insurance policy which will make any of your future claims easier. If you decide not to, you can register your devices at any time after purchasing your insurance or at time of claim, subject to eligibility (see the summary table on page 5 & 6). There is no limit on the number of devices covered under this policy, however you will only be able to register a maximum of 20 devices at any given time. If you wish to claim on a different device, you'll need to remove one from your current list and add the new device.

If you decide to upgrade any of your devices, change or add on any new devices then this can be done via the EE App.

If you have had a successful claim on one of your devices then that repaired, or replacement device may be eligible to be covered for up to five years from the date your device is repaired or replaced (subject to meeting the eligibility criteria above).

WHEN COVER STARTS AND ENDS

Your cover starts on the date shown on your 'Confirmation of Your Insurance Cover' document.

Your cover will stop on the date you decide you want your Insurance Policy to end. Your Insurance Policy is your contract with Chubb for your Insurance. We'll end your cover if you fail to make your payments within the agreed payment dates. If we reject a claim for your lost or stolen device your cover for that device will end on that date. If none of these things happen, then the policy will continue until you cancel your policy.

PAYMENTS YOU MAKE FOR YOUR COVER

Your monthly payment for this insurance depends on the type of cover you have. You can find out what cover you have on your 'Confirmation of Your Insurance Cover' document. Your monthly payment includes any taxes. If any of these amounts change, your monthly payment will reflect this. We'll give you 30 days' warning.

Your first payment will be taken from your debit or credit card when you purchase your policy and will thereafter be taken monthly on the same date. If your initial payment fails for any reason, we will attempt to collect the payment 10 days later. If this payment fails again your policy will be cancelled. If any subsequent payments fail after your successful initial payment, we will try to take payment 21 days later. Should you need to update your credit or debit card to make this payment use your EE app within the 21 days after a payment failure to update your card details.

If we are still unable to take your payment after 21 days your policy will be cancelled, and you will not be able to restart your cover. All payments for this policy must be made via a valid credit or debit card. It is your responsibility to keep your payment card details up to date.

If you purchased your policy as part of an airtime bill then your insurance payments will be added to your airtime bill. Your first payment might be up to double the usual monthly payment, depending on your start date. If your start date is in the middle of the month, you'll have to pay for the rest of the month as well as the next full month. For example, if you start on the 15th of June, your first payment would cover the remaining 15 days in June, and July's amount too.

PAYMENTS YOU MAKE WHEN YOU CLAIM

For each successful claim you make, you'll need to pay an excess. This is the amount you must pay towards your claim which allows us to keep monthly premiums affordable. You will need to pay this once your claim has been accepted using a valid debit or credit card.

The excess you'll need to pay depends on the type of claim and device you are making a claim on. You can find the amount in your 'Confirmation of Your Insurance Cover' document, or you can go to your EE app. You can also view it online at ee.co.uk/excessandcharges or contact EE Customer Care. You can find the number in the 'Contact Details' section on page 4.

LOOKING AFTER YOUR DEVICES

Just because you have insurance doesn't mean you can be careless with your devices.

You mustn't leave them in a place where you can't see them, but others can. For example, leaving any of your devices on display in an empty vehicle, or in an unoccupied building when any doors or windows are left open or unlocked.

INFORMATION PROVIDED

You must tell us about any changes to your personal details. This includes if your email or postal address changes. You can let us know by calling EE Customer Care.

In the event of actual or suspected dishonesty, falsehood or attempted or actual fraud, your insurance policy may be cancelled by us and your details may be shared with relevant insurance industry databases and law enforcement authorities, and this may result in future insurance being denied and you may be prosecuted.

CHANGES WE CAN MAKE TO THIS POLICY

Sometimes we might need to make changes to the terms and conditions of this policy, for example if a law says we have to.

There may be things outside of our control which will affect your excess and the amount you pay each month for your cover. The cost of administering the policy might go up, or the amount of insurance premium tax you have to pay might change.

We'll give you at least 30 days' notice before changing anything. If you're not happy with something, you'll be able to cancel your policy.

WHAT THIS POLICY COVERS IF YOUR DEVICES ARE DAMAGED BY ACCIDENT

What's covered

If any of your devices are damaged accidentally by you, someone other than you, or by someone you've allowed to use your devices, we'll repair your devices or give you a replacement one. If your devices can not be repaired it may be replaced with a similar specification to your old device, but it may be a different model. The replacement devices may be refurbished, but we test each one to make sure they're fully working. Please note that there is no cash settlement option.

We won't pay claims if your devices are damaged on purpose by you or someone you've allowed to use your devices. If someone who you didn't allow to use your devices damages it on purpose, we'll also cover you. This includes damage such as a cracked screen, or by water or any other liquid – if it stops your device from working normally. It doesn't include dents, scratches or other damage if the device still works normally.

We'll also replace any charging accessories that came in the box with your devices from the manufacturer if they are damaged during the same event.

If any of your devices are damaged we'll cover a maximum of five claims in total in any 12-month period. The 12-month period starts on the date we accept your first claim. If you're abroad at the time you make a claim, we'll wait until you get back to the United Kingdom before we settle it.

IF YOUR DEVICES ARE LOST OR STOLEN

This section only applies if you've chosen Full Cover

If any of your devices are lost or stolen, we'll give you a replacement. This includes if your devices are stolen from someone who's looking after it temporarily.

We'll replace any charging accessories that came in the box with your devices from the manufacturer if they're lost or stolen during the same event.

If any of your devices are damaged, lost or stolen we'll cover up to five claims in total in any 12-month period, of which three can be for loss and theft. The 12-month period starts on the date we accept your first claim.

If your claim is accepted, we'll send any of your replacement devices to the address we have recorded. We won't send anything abroad, even if you're outside the United Kingdom at the time.

If you find your lost or stolen device

If any of your old devices turn up after you've made a claim, and we've already replaced it, you'll need to return the old device to us as the device has been subject to a successful claim. Please get in touch by calling EE Customer Care and we'll let you know how you can return it. If we find out you haven't returned it we might ask you to pay us back for the replacement device. If you fail to return any of your original devices to us you may be charged for the cost of the replacement.

IF YOUR DEVICES BREAK DOWN

This covers you if any of your devices break down following the expiry of your manufacturer warranty and stops working normally, as a result of any permanent mechanical, electrical, or electronic fault which requires the repair or replacement of your devices to resolve the fault. If your devices cannot be repaired it may be replaced with a similar specification to your old device, but it may be a different model. The replacement devices may be refurbished, but we test each one to make sure they're fully working. Please note that there is no cash settlement option.

If any parts are replaced or if we replace your devices, the original parts or devices will become the legal property of EE Limited or their appointed subcontractors.

You can make as many claims as you like under this section.

If your devices are damaged, please refer to 'If your devices are damaged by accident' section.

WHAT THIS POLICY DOESN'T COVER

We won't cover any extra costs you have to pay to reinstall, re-buy, or recover any content like apps, music, photos, data, or any software on your devices. We also won't cover cyber risks such as ransomware, viruses, spyware, malware, and other online threats.

We won't cover anything that isn't resolved by repairing or replacing your devices. For example, if any of your devices are stolen and the thief uses it to make calls, we won't cover the phone bill they run up. We will not cover any financial losses due to accounts being accessed, or payments being made fraudulently. For example, if your bank account was accessed and money stolen, we will not cover the financial loss.

Your devices must be in good condition and full working order at the time of purchasing your policy. If any of your devices are found to have non-original, third party, or unbranded parts such as non-manufacturer accredited parts then those devices will not be eligible for cover under this policy and any claims you make in respect of those devices will be declined.

We won't pay for any accessories, other than charging accessories that came with your devices from the manufacturer.

We won't pay for any customisation you may have made to your devices, this means any alterations from the standard specifications. For example, we would not pay for the repair or replacement of prescription lenses in the event of damage, loss or theft of your smart glasses.

We won't pay claims if any of your devices are damaged on purpose by you or someone you've allowed to use your device. We also won't pay for damage caused by repairs if we haven't agreed to them, or by changes made to the device's internal parts or operating system.

We won't pay for any damage to your devices caused by war, invasion, revolution or a similar event.

We will not provide cover or pay claims which would cause us to break the law of the UK, EU, or USA. This includes trade and economic sanctions, and UN resolutions. Sanctions, laws, and regulations can prevent us from doing business with or involving certain countries, groups, companies, and people.

HOW TO MAKE A CLAIM

The quickest way to make a claim is by heading over to the EE app or calling EE Customer Care. You can find the contact number in the 'Contact Details' section on page 4.

We'll ask you to turn off the security features you have on any of your devices you have made a claim on, like your passcode. When you claim, you'll need to confirm you've done this. If you refuse, we will not be able to fulfil your claim. If any parts are replaced or if we replace any of your devices, the original parts or devices will become the legal property of EE Limited or their appointed subcontractors.

We'll also ask you to provide proof of purchase such as receipts or other proof of ownership. If any of your devices have been gifted to you, you will need to provide the original proof of purchase for those devices.

If any of your devices are a mobile phone or other SIM enabled devices you may need to provide proof of usage, you can get this from your network provider, to support your claim. If you fail to provide this additional information when requested, then we may decline your claim.

Once we've accepted your claim, you'll need to pay an excess using a valid debit or credit card.

Breakdown claims are not subject to an excess.

We'll consider everything you tell us about your claim before we decide if we'll pay it. For more help on making a claim, please see ee.co.uk/insuranceclaim.

We won't be able to settle a claim if you're behind on your premium payment paid via your monthly payments, so please make sure these are up to date.

If your claim has already been denied on a specific device, it will no longer be covered under this policy and you will not be able to make any further claims on that device.

WHAT WE NEED TO HANDLE YOUR CLAIM

Information about your devices

We'll ask you for the serial number, or if you are claiming for any IMEI serialised devices we will ask you for the IMEI number. You can find this on the box your devices came in. If you are claiming for any IMEI serialised devices you can also enter *#06# if you still have the devices and the IMEI number will be displayed on the screen.

If you can't give us the serial number or IMEI number, we'll ask you to give us the make and model, the colour and supporting information such as memory variant if applicable.

If your devices have been replaced under the manufacturer's warranty, we'll also ask for proof of a completed exchange with the manufacturer. If you can't give us this, we won't be able to deal with your claim.

Information about your claim

We'll ask you to tell us the time and date your devices were lost, stolen or damaged. If any of your devices are stolen, we'll ask for a copy of the report or crime reference number from the police.

If you were abroad, we'll ask for a report from the police or local authority there. If you can't get a report from them, we'll ask to see your tickets to confirm the dates and length of your trip.

If you report an accidental loss claim we may ask you the steps you have taken to recover the devices you are claiming on. Where possible you must report the loss of your devices to the relevant organisations such as Transport for London, Report my Loss or other organisations that adhere to a standardised loss procedure and you will be asked to provide the lost property reference number when making a claim. If you can't give us this information or provide additional information when required, we won't be able to deal with your claim.

If you make a claim for loss or theft, some devices will be added to a block list by EE. If any of your devices are added to a block list it is blocked from using all UK mobile networks to make calls, send texts or access the internet.

Your repaired or replacement devices

We will either repair or replace your devices which will be assessed as part of your claim. If your devices are being replaced the replacement devices may be refurbished, but we test each one to make sure they're fully working. Your replacement will be the same or a similar specification to your old devices, but it may be a different model or operating system.

If we don't have any of your devices in stock and can't find a suitable replacement, your delivery will be made as soon as a suitable device is available.

If your repaired or replacement devices are found to be faulty within the period of your original devices manufacturer's warranty, we will either repair or replace your devices at no additional charge.

Your repaired or replacement devices will come with either what's left of the manufacturer's warranty from the original device, or with a 30-day warranty from Chubb, whichever is longer. The repaired or replacement devices will still be insured until your cover ends.

Repairing your devices

If as part of your claim we identify your devices could be repaired we will arrange for it to be brought in to be assessed and carry out the repair if deemed repairable or discuss replacement options with you, we will either arrange for you to drop your devices at an EE store for repair or will arrange for your devices to be collected from you by a courier and sent back once its repaired.

Delivering your replacement

If you've made a claim for damaged devices and we have agreed to a replacement then the damaged devices will need to be returned as part of a successful claim and will become the legal property of EE Limited or their appointed subcontractors. For damage claims we'll collect the devices when we deliver your replacement. You must be ready to exchange your damaged devices when the courier arrives and be able to follow any special instructions from our courier. If you're unable to provide the damaged devices, your claim will be declined.

If you return the wrong devices this will be rejected and returned to you. The correct devices must be returned within 14 days or we may charge you a non-return charge up to the value of your devices. If you're unable to return the correct devices, then the replacement devices will need to be returned in the same condition provided by us. If you're unable to provide the original devices, and unable to return the replacement devices in the same condition as it was provided, or pay the value of the replacement devices, we will pursue recoveries through our debt recovery partners and cancel your policy.

We won't deliver on UK bank holidays. Your delivery might also be delayed for reasons out of our control, such as road, rail or air transport disruptions. Unfortunately, some geographical restrictions apply so it may take longer to deliver your replacement to some postcodes, we will discuss this with you as part of booking your replacement delivery if your delivery postcode is impacted.

You don't have to pay any delivery costs for your replacement devices. But we might charge you if you're not available at the agreed time, or if your damaged devices are not ready to be collected and the courier has to leave.

We'll let you know if we've decided to charge you when you call to arrange re-delivery.

If we require an investigation into your claim and/or claiming pattern, your claim and/or devices fulfilment may be delayed until we have concluded the investigation. This process takes a week on average.

For theft and loss claims we will only deliver the replacement devices to your address in the United Kingdom. If you are abroad at the time of accidentally damaging your devices then a fulfilment will be arranged when you return to the United Kingdom.

Booking a re-delivery

If you'd like to book a re-delivery, follow the instructions left by the courier. If this doesn't work, please call EE Customer Care.

IF YOU GIVE US WRONG INFORMATION ON PURPOSE

We do not tolerate fraudulent activity. We work closely and share data and information with other insurers, law enforcement agencies, fraud prevention agencies and network providers to identify fraud and support prosecution.

We may access and use the information recorded by third party fraud prevention agencies. Such agencies may be located in the UK and other countries. It is important that when applying for insurance or submitting a claim you or anyone acting on your behalf, must take reasonable care to answer all questions honestly and to the best of your knowledge. If you fail to do so it may negatively impact your policy or the fulfilment of your claim.

Your claim will be assessed according to the terms and conditions of this policy based on the first notified reason you gave for the claim. If your claim is not covered and you then submit a claim having changed the reason, we may consider this as fraud and details of all such cases may be passed to appropriate agencies for action.

If you, or anyone acting on your behalf, knowingly makes a claim which we suspect is in any way dishonest, false, or fraudulent, or any false, or fraudulent statement or document is provided in support of that claim, we may take any of the following actions:

- We may request additional evidence in support of your claim, such as further proof of purchase or other documentation in relation to your claim.
- We may provide your details to third parties to detect possible fraudulent activity.
- We may decline your claim.
- We may cancel your policy.
- We may recover any devices already received as part of the claim, and the cost of any investigation into the fraudulent claim.
- We may report you to relevant authorities, including the police and take legal action, if necessary, to recover any money, the value of any replacement devices, or value of repairs already provided to you under this policy.
- We may provide the details of the fraudulent activity to industry-wide fraud prevention databases and fraud prevention agencies. A list of participants and the name and address of the operators and agencies are available from Chubb upon request.

CANCELLING YOUR POLICY

When you can cancel your policy

You can cancel this policy within 14 days of getting your policy documents. We'll give you a full refund unless you've made any claims. If you've made any claims, we'll ask you to pay the first full monthly payment.

After the 14-day period you can cancel this policy at any time. The cancellation will take effect from the date of your next monthly payment. You'll need to contact us to cancel at least one day before your next monthly payment is taken. If you don't tell us in time, we'll cancel your policy from the following month's payment date. To see the date of your next payment, log on to your EE account.

If you'd like to cancel this policy, please contact EE Customer Care:

Online

Login using your EE ID via the EE app.

By phone

Call 150 on your EE mobile or call 07953 966 150 from any other phone.

By post

EE Insurance Team
PO Box 5568
Manchester
M61 0TG

Make sure you include the policy number that's on the 'Confirmation of Your Insurance' document.

WHEN WE MIGHT CANCEL YOUR POLICY

We can cancel this policy at any time if you don't follow the terms and conditions in this document. This includes having more than one policy, skipping monthly payments, or if it's clear you're not looking after your devices properly based on the number of claims you've made. You should follow the advice we give on looking after your devices on page 7.

We might have to cancel your policy for reasons out of our control. For example, the cost of administering this policy might get too expensive. Another reason may be changes to tax, interest rates or the inflation rate which would significantly affect the payments you make.

We'll always give you at least 30 days' notice before cancelling your policy.

MAKING A COMPLAINT

Our aim is to get it right first time, every time – so we hope you won't need to make any complaints.

If we can't resolve your complaint straightaway, we'll let you know within five calendar days that we're working on it. We'll then do our best to resolve the problem within four weeks. If we can't do it in this time, we'll keep you in the loop about when you can expect an answer.

If you do need to complain please contact EE Customer Care:

Online

On your EE app or EE account online via the website.

By phone

Call 150 on your EE mobile or call 07953 966 150 from any other phone.

0800 678 1100 or 020 7741 4100

By email

enquiries@fscs.org.uk

HOW WE USE YOUR DATA

When you apply for a policy with us, we record and store information you give us. We use your data to help us consider your application, handle any claims you make, and generally manage your policy. We might share your information with other companies, but we'll always follow all relevant laws to make sure your data is protected. For example, we might share your information with another insurer to help us handle your claim.

To find out more, you can visit <https://www.chubb.com/uk-en/footer/privacy-policy.html>. If you'd like a paper copy of our Privacy Policy, drop us an email at contactus.eeinsuranceteam@chubb.com.

REGULATORY STATUS

Chubb European Group SE (CEG) is a Societas Europaea, a public company registered in accordance with the corporate law of the European Union. Members' liability is limited. CEG is headquartered in France and governed by the provisions of the French insurance code. Risks falling within the European Economic Area are underwritten by CEG, which is authorised and regulated by the French Prudential Supervision and Resolution Authority (4 Place de Budapest, CS 92459, 75436 Paris Cedex 09, France). Registered company number: 450 327 374 RCS Nanterre. Registered office: La Tour Carpe Diem, 31 Place des Corolles, Esplanade Nord, 92400 Courbevoie, France. Fully paid share capital of €896,176,662.

EE Limited is an appointed representative of Chubb European Group SE (Chubb).

CEG's UK branch is registered in England & Wales. UK Establishment address: 40 Leadenhall Street, London EC3A 2BJ. Authorised by the Prudential Regulation Authority. Subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. Details about the extent of our regulation by the Prudential Regulation Authority are available from us on request. Details about our authorisation can be found on the Financial Conduct Authority website (FS Register number 820988).
