For more details, read our Price Plan (<https://ee.co.uk/help/help-new/price-plans>). For calls to 084, 087, 09 and 118 numbers you will be charged the EE access charge plus the applicable service charge. See more details on the costs to call 084, 087, 09 and 118 numbers.

CPI+ Annual Price Increases

The monthly plan price for the service, out of bundle charges and add-ons, will be increased on or after 31st March each year by the Consumer Price Index (CPI) rate of inflation published in January that year plus 3.9% (rounded up to the nearest whole pence). See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>) and <https://ee.co.uk/help/help-new/billing-usage-and-top-up/price-increase/price-increase> for more information.

We'll also increase the cost of international calls (calls from your device in the UK to other countries) and roaming calls (calls made from your device while you're in another country) when our third-party partners put the cost up for us. See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>)

We may also increase any charges at any time. If we do, you may be able to end the service early without paying a cancellation charge. See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>)

2. Speed of the internet access service and remedies in case of problems

Data speeds

Speeds and network coverage may be affected by a number of factors, such as building materials, tree cover, weather conditions, and how many other people are using the network. Coverage will also vary based on your device.

To access 4G you'll need EE signal coverage, a compatible device and an eligible EE plan. Your 4G speed will depend on location, number of users and plan. Use our coverage checker to see a detailed breakdown of network coverage in your area <https://coverage.ee.co.uk/coverage/ee>

If your speed is regularly lower than expected you should contact us to resolve. You may be entitled to a discount depending on the nature of the disruption. You also have other legal options, see <https://www.citizensadvice.org.uk/>. For more details, see our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>).

Our Customer Complaints Code (see <https://ee.co.uk/help/help-new/safety-and-security/protecting-your-information/complaints-code-of-practice>) tells you how to contact us to sort out a problem and how we'll deal with any complaint or dispute. You may be able to refer the matter to an alternative dispute resolution service to get an independent opinion. More details are given in our Customer Complaints Code and our terms and conditions.

3. Duration, renewal and termination

Duration:

The minimum term for each service is set out above in section 1 of the Contract Summary.

For most services, the minimum term starts when the service starts which is outlined in the terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>).

Renewal:

Each service will last for a minimum amount of time (the minimum term), which is set out above in section 1 of the Contract Summary. Once that ends, each service will continue until cancelled in accordance with our terms and conditions see (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>).

If you have other contracts with us their minimum terms may not start or end at the same time as the minimum term for this contract.

Termination:

You can cancel each service at any time by contacting us and giving us 30 days' or more notice in accordance with our terms and conditions. Our website sets out details of how you may contact us to cancel.

You may have to pay us a cancellation charge if you end a service during the minimum term in accordance with our terms and conditions.

You may not need to pay a cancellation charge to end a service during the minimum term if we've made a change to it.

In some situations, this contract may form a linked contract with other contracts you take from us. If that is the case, in some situations where you are able to cancel a linked contract without having to pay a cancellation charge to leave early you may also be able to cancel this contract.

For more details on the above see section 6 of the Pre-Contract Information document and our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>).

4. Features for customers with disabilities

You can find out more about the products and help and advice available on our website at <https://ee.co.uk/our-company/corporate-responsibility/being-responsible/sharing-connectivity/digital-living/digital-for-all>

5. Other relevant information

For information on the right to cancel, see section 9 of the Pre-Contract Information document.

PRE-CONTRACT INFORMATION

This document is to help you make a comparison between service offers so you can make the right choice for you.

Prices

For Family Member Watch Plans: For all usage outside your monthly plan allowance, calls, texts and data are chargeable other than emergency numbers and non-geographic numbers starting 0800, 0808, 0500. For more details, read our Price Plan (<https://ee.co.uk/help/help-new/price-plans>). For calls to 084, 087, 09 and 118 numbers you will be charged the EE access charge plus the applicable service charge. See more details on the costs to call 084, 087, 09 and 118 numbers.

CPI+ Annual Price Increases

The monthly plan price for the service, out of bundle charges and add-ons, will be increased on or after 31st March each year by the Consumer Price Index (CPI) rate of inflation published in January that year plus 3.9% (rounded up to the nearest whole pence).

Example Calculation

If CPI were 10.5% (this was the CPI rate published in January 2023 that was used for our increase of March 2023), the total price increase would be 14.4%. If your monthly plan price was £40/month, it would increase to £45.76 after that change. Out of bundle charges and add-ons would also increase by CPI+3.9%, so in this example 14.4%. The CPI rate fluctuates over time so the applicable CPI rate and actual increase each year could be higher or lower than in this example. See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>) and <https://ee.co.uk/help/help-new/billing-usage-and-top-up/price-increase/price-increase> for more information.

We'll also increase the cost of international calls (calls from your device in the UK to other countries) and roaming calls (calls made from your device while you're in another country) when our third-party partners put the cost up for us. See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>)

We may also increase any charges at any time. If we do, you may be able to end the service early without paying a cancellation charge. See our terms and conditions (<https://ee.co.uk/help/help-new/terms-and-conditions/pay-monthly/network>)

3. Service Characteristics

Data Speeds

- Speeds and network coverage may be affected by a number of factors, such as building materials, tree cover, weather conditions, and how many other people are using the network. Coverage will also vary based on your device.
- To access 4G you'll need EE signal coverage, a compatible device and an eligible EE plan. Your 4G speed will depend on location, number of users and plan
- Use our coverage checker to see a detailed breakdown of network coverage in your area <https://coverage.ee.co.uk/coverage/ee>
