

EE TV, BROADBAND AND HOME PHONE CHARGES

PRICE GUIDE

Prices effective 1st February 2019

HOW YOUR CALLS ARE CHARGED

- All prices shown include VAT
- A 23p call connection charge applies to all non-inclusive calls to UK Landlines and UK Mobiles
- A specific call connection charge applies to all other non-inclusive calls, unless calls are charged at a fixed rate per call, or for calls to service numbers (see below). See this Price Guide for further details of the charges which apply to each type of call

- Calls will be rounded up to the nearest full minute, excluding fixed fee calls, those that are free, or for calls to service numbers (see below)

- **Charges to service numbers (beginning 084, 087, 09 and 118) are split into 2 parts:**
 - 1) Access Charge – this is how much EE will charge you per minute for making the call, and is 11p/min. Please note that the EE access charge for your landline calls will differ from our mobile access charge. This is billed per second
 - 2) Service Charge – this is the amount that is charged by the organisation you are calling. The amount of the service charge is set by them, and should be stated anywhere their number is advertised. This is billed per second, per call, or as a combination of both

- The applicable service charge for all eligible number ranges, and the associated cost of that service charge, can be found in this document
- To find out the total cost of your call, you'll have to add the access and service charges together. These will be shown on your bill as a combined charge for each call; the access charge will also be printed separately on your bill for reference
- If you call 0845 or 0870 numbers at any time we'll cover the cost of the EE access charge; but not the applicable service charge which you will have to pay
- The service charge is set by the organisation that you are calling

- Inclusive calls are subject to a 60 minute maximum duration per call. To continue making inclusive calls simply hang up and re-dial
- Prices are effective from 1st February 2019
- Terms and conditions apply to EE Home phone services. Visit ee.co.uk/terms

| CALL PLUS ADD-ON - £5 PER MONTH | |
|---------------------------------|--|
| Feature | Description |
| Call Divert | Lets you divert your incoming calls to almost any phone, including your mobile. You can also divert calls while your phone line is in use |
| Call Waiting | Tells you when other callers are trying to get through, while you're already on the phone. You'll hear a short beep and can then choose whether or not to take the call |
| Ring Back | Removes the frustration of having to keep redialling an engaged number. If you make a call to an number that's engaged, simply dial '5' and Ring Back will call you when the number becomes free |
| Choose to Refuse | Helps you put a stop to nuisance or unwanted calls by stopping them from getting through to you. You can block up to ten numbers (some numbers are excluded from this service) |
| Reminder Call | Acts like an alarm clock on your phone - your phone will ring at the time you program it to. Maybe you need a repeat reminder every day, or perhaps you need a one-off call to remind you to do something. You push a couple of buttons to activate the service and then enter the time and date you want to be reminded. Amending a Reminder Call is just as easy |
| Anonymous Call Rejection | Lets you stop calls from people who have withheld their number. If a caller withholds their number so that you can't tell what number they called from, they won't be able to get through to you. They'll only get through if they reveal their number. |
| 3-Way Calling | Invaluable when three callers need to join a conversation. It's quick and easy conference calling - all three of you can have your say and there's no need to make multiple calls |

EARLY CANCELLATION CHARGES

Early cancellation charges apply when you cancel your EE Broadband plan while still within your minimum term. Your early cancellation charge depends on what broadband plan you are on, the value of any discounts you have, and how many months you have left in your minimum term.

How do we calculate Early Cancellation Charges?

1. We add together all outstanding monthly (or other periodic) charges, excluding VAT. If you have a monthly recurring subscription discount we will take that into account
2. We then reduce the charge to take account of any costs we save as a result of you leaving early, such as wholesale costs where applicable
3. We then take off 4 per cent for early receipt
4. Finally, we multiply this by the remainder of your minimum term to get the final cancellation charge

Example 1: you are on the Standard Broadband plan at £31 a month, with a £12 monthly discount, and cancel with 2 months left in your minimum term;
We remove VAT from your monthly charge of £19 (£31-£12) to get £15.83
Then we reduce the charge to take account of costs we save to get £7.09
We take 4% for early repayment to get £6.81
Finally we multiply this by the 2 months to get a cancellation charge of £13.62

Example 2: you are on the Fibre Broadband plan at £36 a month, with an £11 monthly discount, and cancel with 6 months left in your minimum term;
We remove VAT from your monthly charge of £25 (£36-£11) to get £20.83
Then we reduce the charge to take account of costs we save to get £6.58
We take 4% for early receipt to get £6.32
Finally we multiply this by the 6 months to get a cancellation charge of £37.92

If you cancel your EE TV plan, you will need to return your TV box. You will be charged £175 if this is not returned within 30 days of your cancellation
